

with authority to oversee Indian gaming. The National Environmental Policy Act of 1969 (NEPA), 42 U.S.C. 4321 *et seq.*, was enacted to encourage a national policy of protecting, enhancing, and restoring the quality of the human environment. The Council on Environmental Policy (CEQ), established pursuant to NEPA, promulgated implementing regulations at 40 C.F.R. § 1501 *et seq.*, NEPA and the CEQ's regulations require every federal agency to establish procedures and strategies that give appropriate consideration to the environmental consequences of federal agency actions. Under NEPA, federal agencies are required to prepare or cause to be prepared environmental documents relating to actions by the agency that have significant impacts on the environment. Accordingly, when the NEPA process is triggered, it is necessary to gather information from the regulated community regarding the environmental impacts of a proposed action.

The Commission believes that the NEPA process will be triggered when a tribe and management contractor seek approval of a management contract under 25 CFR part 533. Under NEPA, an Environmental Assessment (EA) must be prepared when the environmental consequences of a particular action are unclear and need to be further refined. The Commission believes it will be necessary to prepare an EA when it approves a management agreement containing provisions for the construction, development, or maintenance of a gaming operation or a part thereof. When it has determined that preparation of an EA is necessary, the Commission may permit the applicants seeking approval of the management agreement or an environmental consultant acting on behalf of such applicants to prepare and submit the EA. The Commission must independently evaluate the EA, verify its content, and take full responsibility for the accuracy of the information contained therein.

SUPPLEMENTARY INFORMATION:

Title: Compliance and Enforcement under the Indian Gaming Regulatory Act.

OMB Number: 3141-0001.

Abstract: The Indian Gaming Regulatory Act (25 U.S.C. § 2701 *et seq.*) [IGRA] governs the regulation of gaming on Indian lands. Although the IGRA places primary responsibility with the tribes for regulating gaming, Section 2706(b) of the Act directs the NIGC to monitor gaming conducted on Indian lands on a continuing basis. The IGRA authorizes the NIGC to access and inspect all papers, books and records

relating to gaming conducted on Indian lands. In accordance with this statutory responsibility, 25 CFR § 571.7 requires Indian gaming operations to keep permanent financial records.

Estimated Burden: The reporting burden for this collection of information is estimated to be 43 hours per response.

Respondents: Indian gaming owners or operators.

Estimated Number of Respondents: 220.

Estimated Annual Responses: 550.

Estimated Total Annual Burden on Respondents: 23,610 hours.

Title: Privacy Act Procedures.

OMB Number: 3141-0002.

Abstract: To implement the IGRA, it is necessary for the NIGC to collect, maintain and use personal information gathered on certain individuals. Under 25 CFR § 556.4 and § 556.6, tribes must submit to the NIGC information regarding key employees and management officials employed at a tribal gaming operation. The NIGC complies and stores this information in a system of records. Pursuant to the Privacy Act of 1974 [5 U.S.C. 552a] agencies must promulgate regulations regarding the collection, maintenance, use and dissemination of records within a system. Under 25 C.F.R. § 515.3 individuals can request information on whether they are subject to any record. Individuals may also request access to those records. The regulations promulgated by the NIGC set forth certain exemptions that authorize the NIGC to withhold certain information which would otherwise be made available under the Privacy Act.

Estimated Burden: The reporting burden for this collection of information is estimated to be 1 hour per response.

Respondents: Individuals requesting access to records.

Estimated Number of Respondents: 45.

Estimated Annual Responses: 50.

Estimated Total Annual Burden on Respondents: 65 hours.

Title: Approval of class II and class III ordinances.

OMB Number: 3141-0003.

Abstract: The IGRA establishes the National Indian Gaming Commission as an independent regulatory agency to oversee Indian gaming. The Act sets standards for the regulation of gaming, including requirements for approval or disapproval of tribal gaming ordinances. IGRA section 2705(a)(3) requires the Chairman to review all class II and class III tribal gaming ordinances and resolutions. In accordance with this provision, 25 C.F.R. § 552.2 of the NIGC's regulations requires tribes to submit to the NIGC: (1) A copy of all

gaming ordinances and resolutions adopted after the effective date of the regulation; (2) a description of procedures the tribe will employ in conducting background investigations on key employees or primary management officials; (3) a description of procedures the tribe will use to issue licenses to primary management officials and key employees; (4) copies of all gaming regulations; (5) copies of tribal-state compacts; (6) a description of dispute resolution procedures for disputes arising between the gaming public and the tribe or management contractor; (7) an independent audit; and (8) a request for approval of the ordinance or resolution. Under 25 C.F.R. § 522.3 tribes must submit an amendment to the ordinance or resolution.
