[Order No. 807]

Grant of Authority for Subzone Status C. Ceronix, Inc. (Video Display Monitors), Auburn, CA

Pursuant to its authority under the Foreign-Trade Zones Act of June 18, 1934, as amended (19 U.S.C. 81a-81u), the Foreign-Trade Zones Board (the Board) adopts the following Order:

Whereas, by an Act of Congress approved June 18, 1934, an Act "To provide for the establishment * * * of foreign-trade zones in ports of entry of the United States, to expedite and encourage foreign commerce, and for other purposes," as amended (19 U.S.C. 81a-81u) (the Act), the Foreign-Trade Zones Board (the Board) is authorized to grant to qualified corporations the privilege of establishing foreign-trade zones in or adjacent to U.S. Customs ports of entry;

Whereas, the Board's regulations (15 CFR Part 400) provide for the establishment of special-purpose subzones when existing zone facilities cannot serve the specific use involved;

Whereas, an application from the Port of Sacramento, grantee of Foreign-Trade Zone 143, for authority to establish special-purpose subzone status at the gaming/recreational machine video display monitor manufacturing plant of C. Ceronix, Inc., located in Auburn, California, was filed by the Board on March 28, 1995, and notice inviting

public comment was given in the Federal Register (FTZ Docket 10-95, 60 FR 17514, 4/6/95); and,

Whereas, the Board adopts the findings and recommendations of the examiner's report, and finds that the requirements of the FTZ Act and Board's regulations are satisfied, and that approval of the application is in the public interest;

Now, therefore, the Board hereby authorizes the establishment of a subzone (Subzone 143A) at the C. Ceronix, Inc., plant in Auburn, California, at the locations described in the application, subject to the FTZ Act and the Board's regulations, including § 400.28.

Signed at Washington, DC, this 12th day of March 1996.

Susan G. Esserman,

*Assistant Secretary of Commerce for Import
Administration Alternate Chairman, Foreign-
Trade Zones Board.*

New Steel Rail, Except Light Rail, From Canada; Final Results of Changed Circumstances Antidumping and Countervailing Duty Administrative Reviews, and Revocation in Part of Antidumping and Countervailing Duty Orders

AGENCY: Import Administration, International Trade Administration, Commerce.

ACTION: Final results of changed circumstances antidumping and countervailing duty administrative reviews, and revocation in part of antidumping and countervailing duty orders.

SUMMARY: On September 15, 1989, the Department of Commerce (the Department) published an antidumping duty order on new steel rail, except light rail, from Canada. The Department published a countervailing duty order on new steel rail, except light rail, from Canada on September 22, 1989. On November 30, 1995 the Department simultaneously initiated changed circumstances antidumping and countervailing duty administrative reviews and the preliminary results of these reviews with intent to revoke the orders in part. We are now revoking these orders in part, with regard to 100 ARA-A new steel rail, except light rail,

from Canada, because this portion of these orders is no longer of interest to domestic parties.

EFFECTIVE DATE: March 21, 1996.

FOR FURTHER INFORMATION CONTACT: Roy F. Unger, Jr., Office of Antidumping Compliance or Robert Copyak, Office of Countervailing Compliance, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone (202) 482-0651 and (202) 482-2209, respectively.

SUPPLEMENTARY INFORMATION:

Background

On September 15, 1989, the Department published an antidumping duty order on new steel rail, except light rail, from Canada (54 FR 38263). The Department published a countervailing duty order on new steel rail, except light rail, from Canada, on September 22, 1989 (54 FR 39032). On October 20, 1995, Cleveland Track Material, Inc., requested that the Department conduct changed circumstances administrative reviews to determine whether to partially revoke the orders with regard to 100ARA-A new steel rail. The orders with regard to imports of new steel rail other than 100ARA-A were not affected by this request. In addition, the petitioners in this case informed the Department that they, as a representative of the U.S. steel rail industry, did not oppose the revocation of the orders with regard to 100ARA-A new steel rail from Canada.

We preliminarily determined that petitioner's affirmative statement of no interest constitutes good cause for conducting changed circumstances reviews. Consequently, on November 30, 1995, the Department published a notice of initiation and preliminary results of changed circumstances antidumping and countervailing duty administrative reviews to determine whether to revoke these orders in part (60 FR 61538). We gave interested parties an opportunity to comment on the preliminary results of these changed circumstances reviews. We received no comments.

Scope of Review

The merchandise covered by these changed circumstances reviews are imports of 100ARA-A new steel rail, except light rail, whether of carbon, high carbon, alloy or other quality steel, and includes standard rails, all main line sections, heat-treated or head-hardened (premium) rails, transit rails, contact rail (or "third rail") and crane rails. This merchandise is currently

classified under subheadings 7302.10.1020, 7302.10.1040, 7302.10.5000, and 8548.00.0000 of the Harmonized Tariff Schedule (HTS). The HTS numbers are provided for convenience and Customs purposes. The written description of the scope of these reviews remains dispositive.

These changed circumstances administrative reviews cover all manufacturers/exporters of 100 ARA-A steel rail, except light rail, from Canada.

Applicable Statute and Regulations

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended (the Act), are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act. In addition, unless otherwise indicated, all citations to the Department's regulations are to the current regulations, as amended by the interim regulations published in the Federal Register on May 11, 1995 (60 FR 25130).

Final Results of Review; Partial Revocation of Antidumping and Countervailing Duty Orders

The affirmative statement of no interest by petitioners in this case constitutes changed circumstances sufficient to warrant partial revocation of these orders. Therefore, the Department is partially revoking these orders on new steel rail, except light rail, from Canada, with regard to 100ARA-A new steel rail, except light rail, from Canada in accordance with sections 751 (b) and (d) and 782(h) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 353.25(d)(1) and 355.25(d)(1). Although our preliminary results stated that we would revoke the antidumping duty order in part retroactive to August 1, 1994, the Office of Countervailing Compliance has already liquidated entries for calendar year 1994. In addition, the anniversary month for this antidumping case is September. Therefore, this partial revocation, for antidumping purposes, applies to all entries of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after September 1, 1994, and, for countervailing duties, all entries of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after January 1, 1995.

The Department will instruct the U.S. Customs Service (Customs) to proceed with liquidation, without regard to antidumping or countervailing duties, of all unliquidated entries of 100ARA-A new steel rail from Canada entered, or

withdrawn from warehouse, for consumption on or after September 1, 1994, for antidumping duties and on or after January 1, 1995, for countervailing duties. The Department will further instruct Customs to refund with interest any estimated duties collected with respect to unliquidated entries of 100ARA-A new steel rail from Canada entered, or withdrawn from warehouse, for consumption on or after September 1, 1994, for antidumping duties and on or after January 1, 1995, for countervailing duties, in accordance with section 778 of the Act.

This notice also serves as a reminder to parties subject to administrative protection orders (APOs) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 353.34(d) and 355.34(d). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

This changed circumstances administrative review, partial revocation of the antidumping and countervailing duty orders, and notice are in accordance with sections 751 (b) and (d) and 782(h) of the Act and sections 353.22(f), 353.25(d), 355.22(h), and 355.25(d) of the Department's regulations.

Dated: March 14, 1996.

Susan G. Esserman,
Assistant Secretary for Import
Administration.

Final Negative Determination of Scope Inquiry on Certain Circular Welded Non-Alloy Steel Pipe and Tube From Brazil, the Republic of Korea, Mexico and Venezuela

AGENCY: Import Administration, International Trade Administration Commerce.

ACTION: Notice of Final Negative Determination of Scope Inquiry.

SUMMARY: On January 13, 1994, we preliminarily determined that (i) pipe certified to American Petroleum Institute (API) 5L line pipe specifications (API 5L line pipe or line pipe) and (ii) pipe certified to both the API 5L line pipe specifications and the less-stringent American Society for Testing and Materials (ASTM) A-53

standard pipe specifications (dual-certified pipe,¹) when actually used as certain circular welded non-alloy steel pipe (standard pipe), and falling within the physical parameters outlined in the scope of the orders, are within the scope of the antidumping duty orders on standard pipe from Brazil, the Republic of Korea, Mexico and Venezuela. See *Preliminary Affirmative Determination of Scope Inquiry*, 59 FR 1929 (January 13, 1994) (*Preliminary*). We gave interested parties an opportunity to comment.

After a thorough analysis of the comments received from the parties, as well as a review of the record evidence from the less-than-fair-value (LTFV) investigations which gave rise to these antidumping duty orders, we determine that (i) pipe certified to the API 5L line pipe specification, and (ii) pipe certified to both the API 5L line pipe specifications and the less-stringent ASTM A-53 standard pipe specifications which fall within the physical parameters outlined in the scope of the orders and enter as line pipe of a kind used for oil and gas pipelines are outside the scope of the antidumping duty orders on certain welded carbon steel non-alloy pipe from Brazil, Korea, Mexico and Venezuela, irrespective of end use.
