L. 103-182) concerning transitional adjustment assistance hereinafter called (NAFTA-TAA) and in accordance with Section 250(a) Subchapter D, Chapter 2, Title II, of the Trade Act as amended, the Department of Labor presents summaries of determinations regarding eligibility to apply for NAFTA-TAA issued during the month of March, 1996.

In order for an affirmative determination to be made and a certification of eligibility to apply for NAFTA-TAA the following group eligibility requirements of Section 250 of the Trade Act must be met:

(1) That a significant number or proportion of the workers in the workers' firm, or an appropriate subdivision thereof, (including workers in any agricultural firm or appropriate subdivision thereof) have become totally or partially separated from employment and either—

(2) That sales or production, or both, of such firm or subdivision have decreased absolutely,

(3) That imports from Mexico or Canada of articles like or directly competitive with articles produced by such firm or subdivision have increased, and that the increases in imports contributed importantly to such workers' separations or threat of separation and to the decline in sales or production of such firm or subdivision; or

(4) That there has been a shift in production by such workers' firm or subdivision to Mexico or Canada of articles like or directly competitive with articles which are produced by the firm or subdivision.

#### Negative Determinations NAFTA-TAA

In each of the following cases the investigation revealed that criteria (3) and (4) were not met. Imports from Canada or Mexico did not contribute importantly to workers' separations. There was no shift in production from the subject firm to Canada or Mexico during the relevant period.

#### [TA-W-31,615, 615A]

##### **Dalen Resources Oil and Gas Company a/k/a Enserch Exploration, Inc., Dallas, Texas and Various Locations in Texas; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance**

In accordance with Section 223 of the Trade Act of 1974 (19 USC 2273) the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on January 30, 1996, applicable to all workers of Dalen Resources Oil and Gas Company, Dallas, Texas and various

locations within the State of Texas. The notice was published in the Federal Register on February 21, 1996 (61 FR 6659).

At the request of the company, the Department reviewed the certification for workers of the subject firm. The workers are engaged in employment related to the exploration and production of crude oil and natural gas. New information provided by the company shows that it was their intent to include employees of Enserch Exploration, Inc., an affiliate of Dalen Resources. New findings show that workers of Enserch Exploration, Inc. were inadvertently excluded from the certification.

The intent of the Department's certification is to include all workers of the subject firm who were adversely

affected by imports. Accordingly, the Department is amending the certification to include workers of Enserch Exploration, Inc.

The amended notice applicable to TA-W-31,615 and TA-W-31,615A is hereby issued as follows:

"All workers of Dalen Resources Oil and Gas Company, Dallas, Texas (TA-W-31,615) and various locations within the State of Texas (TA-W-31,615A) who became totally or partially separated from employment on or after October 24, 1994 are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974."
