

5. Subpart P—Standards of Performance for Primary Copper Smelters.
6. Subpart Q—Standards of Performance for Primary Zinc Smelters.
7. Subpart R—Standards of Performance for Primary Lead Smelters.
8. Subpart S—Standards of Performance for Primary Aluminum Reduction Plants.
9. Subpart Y—Standards of Performance for Coal Preparation Plants.
10. Subpart Z—Standards of Performance for Ferroalloy Production Facilities.
11. Subpart GG—Standards of Performance for Stationary Gas Turbines.
12. Subpart HH—Standards of Performance for Lime Manufacturing Plants.
13. Subpart KK—Standards of Performance for Lead-Acid Battery Manufacturing Plants.
14. Subpart LL—Standards of Performance for Metallic Mineral Processing Plants.
15. Subpart MM—Standards of Performance for Automobile and Light Duty Truck Surface Coating Operations.
16. Subpart NN—Standards of Performance for Phosphate Rock Plants.
17. Subpart PP—Standards of Performance for Ammonium Sulfate Manufacture.
18. Subpart RR—Standards of Performance for Pressure Sensitive Tape and Label Surface Coating Operations.
19. Subpart SS—Standards of Performance for Industrial Surface Coating: Large Appliances.
20. Subpart TT—Standards of Performance for Metal Coil Surface Coating.
21. Subpart UU—Standards of Performance for Asphalt Processing and Asphalt Roofing Manufacture.
22. Subpart VV—Standards of Performance for equipment leaks of VOC in the Synthetic Organic Chemicals Manufacturing Industry.
23. Subpart WW—Standards of Performance for the Beverage Can Surface Coating Industry.
24. Subpart XX—Standards of Performance for Bulk Gasoline Terminals.
25. Subpart BBB—Standards of Performance for the Rubber Tire Manufacturing Industry except Section 60.543(c)(2)(ii)(B) which the Administrator shall retain and shall not be transferred to the Commonwealth.
26. Subpart DDD—Standards of Performance for Volatile Organic Compound (VOC) Emissions from the

- Polymer Manufacturing Industry except Section 60.562–2(c) which the Administrator shall retain and shall not be transferred to the Commonwealth.
27. Subpart FFF—Standards of Performance for Flexible Vinyl and Urethane Coating and Printing.
28. Subpart GGG—Standards for Performance for Equipment Leaks of VOC in Petroleum Refineries.
29. Subpart HHH—Standards of Performance for Synthetic Fiber Production Facilities.
30. Subpart JJJ—Standards of Performance for Petroleum Dry Cleaners.
31. Subpart KKK—Standards of Performance for Equipment Leaks of VOC from Onshore Natural Gas Processing Plants.
32. Subpart LLL—Standard of Performance for Onshore Natural Gas Processing: SO₂ Emissions.
33. Subpart PPP—Standard of Performance for Wool Fiberglass Insulation Manufacturing Plants.
34. Subpart RRR—Standards of Performance for Volatile Organic Compound Emissions from the Synthetic Organic Chemical Manufacturing Industry (SOCMI) Reactor Processes except Section 60.703(e) which the Administrator shall retain and shall not be transferred to the Commonwealth.
35. Subpart UUU—Standards of Performance for Calciners and Dryers in Mineral Industries.

After a thorough review of the request, the Regional Administrator determined that such a delegation was appropriate for these source categories with the conditions set forth in the original delegation letter of April 12, 1977. Kentucky sources subject to the requirements of these subparts will now be under the jurisdiction of the Commonwealth of Kentucky. On November 29, 1995, EPA delegated the authority for these source categories in a letter from Winston A. Smith, Director, Air, Pesticides, and Toxics Management Division to John E. Hornback, Director, Kentucky Division for Air Quality.

Action

Since review of the pertinent Kentucky laws, rules, and regulations showed them to be adequate for the implementation and enforcement of these categories of NSPS, the EPA granted the Commonwealth's request for delegation. The EPA hereby notifies the public that it has delegated the authority for the source categories listed above (except those sections, as noted, that may not be delegated).

The Office of Management and Budget has exempted this rule from the requirements of Section 3 of Executive Order 12291.

This notice is issued under the authority of Sections 101, 110, 111, and 301 of the Clean Air Act, as amended (42 U.S.C. 7401, 7410, 7411, 7412, and 7601).

Dated: March 25, 1996.

Phyllis P. Harris,

Acting Regional Administrator.

BILLING CODE 6560–50–P

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

43 CFR Group 8400

[WO–340–1220–00–24 1A]

RIN: 1004–AC52

Visual Resource—Management (Reserved)

AGENCY: Bureau of Land Management, Department of the Interior.

ACTION: Final rule.

SUMMARY: This administrative final rule removes 43 CFR Group 8400 in its entirety regarding visual resource management (reserved). 43 CFR Group 8400 consists solely of the heading, Visual Resource—Management (Reserved), with no regulatory substance or guidance.

EFFECTIVE DATE: May 9, 1996.

FOR FURTHER INFORMATION CONTACT: Edna Taylor, 202–452–5068.

SUPPLEMENTARY INFORMATION:

The specific regulatory guidelines anticipated by the Bureau of Land Management (BLM) do not exist. The BLM does not intend to use this Group for regulatory guidance on management of visual resources. Therefore, Group 8400 is obsolete and without purpose. The BLM has determined that this rule does not require a notice and an opportunity for public comment pursuant to the Administrative Procedure Act (5 U.S.C. 553(b)(A)).

This rule is an administrative action and is not subject to the Office of Management and Budget review under Executive Order 12866. Therefore, the rule does not require an environmental impact analysis. The rule will not have a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). The rule does not contain information collection requirements that need approval by the

Office of Management and Budget under 44 U.S.C. 3501 *et seq.*

The principal author of this final rule is Edna Taylor, Regulatory Management Team, BLM.

Accordingly, under the authority of 5 U.S.C. 301 Group 8400 is removed.

Dated: March 29, 1996.

Bob Armstrong,

Assistant Secretary of the Interior.

BILLING CODE 4310-84-P

FEDERAL EMERGENCY MANAGEMENT AGENCY

44 CFR Part 64

[Docket No. FEMA-7638]

Suspension of Community Eligibility

AGENCY: Federal Emergency Management Agency, FEMA.

ACTION: Final rule.

SUMMARY: This rule identifies communities, where the sale of flood insurance has been authorized under the National Flood Insurance Program (NFIP), that are suspended on the effective dates listed within this rule because of noncompliance with the floodplain management requirements of the program. If the Federal Emergency Management Agency (FEMA) receives documentation that the community has adopted the required floodplain management measures prior to the effective suspension date given in this rule, the suspension will be withdrawn by publication in the Federal Register.

EFFECTIVE DATES: The effective date of each community's suspension is the third date ("Susp.") listed in the third column of the following tables.

ADDRESSES: If you wish to determine whether a particular community was suspended on the suspension date, contact the appropriate FEMA Regional Office or the NFIP servicing contractor.

FOR FURTHER INFORMATION CONTACT:

Robert F. Shea Jr., Division Director, Program Implementation Division, Mitigation Directorate, 500 C Street SW., Room 417, Washington, DC 20472, (202) 646-3619.

SUPPLEMENTARY INFORMATION: The NFIP enables property owners to purchase flood insurance which is generally not otherwise available. In return, communities agree to adopt and administer local floodplain management aimed at protecting lives and new construction from future flooding. Section 1315 of the National Flood Insurance Act of 1968, as amended, 42

U.S.C. 4022, prohibits flood insurance coverage as authorized under the National Flood Insurance Program, 42 U.S.C. 4001 *et seq.*, unless an appropriate public body adopts adequate floodplain management measures with effective enforcement measures. The communities listed in this document no longer meet that statutory requirement for compliance with program regulations, 44 CFR part 59 *et seq.* Accordingly, the communities will be suspended on the effective date in the third column. As of that date, flood insurance will no longer be available in the community. However, some of these communities may adopt and submit the required documentation of legally enforceable floodplain management measures after this rule is published but prior to the actual suspension date. These communities will not be suspended and will continue their eligibility for the sale of insurance. A notice withdrawing the suspension of the communities will be published in the Federal Register.

In addition, the Federal Emergency Management Agency has identified the special flood hazard areas in these communities by publishing a Flood Insurance Rate Map (FIRM). The date of the FIRM if one has been published, is indicated in the fourth column of the table. No direct Federal financial assistance (except assistance pursuant to the Robert T. Stafford Disaster Relief and Emergency Assistance Act not in connection with a flood) may legally be provided for construction or acquisition of buildings in the identified special flood hazard area of communities not participating in the NFIP and identified for more than a year, on the Federal Emergency Management Agency's initial flood insurance map of the community as having flood-prone areas (section 202(a) of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4106(a), as amended). This prohibition against certain types of Federal assistance becomes effective for the communities listed on the date shown in the last column.

The Acting Associate Director finds that notice and public comment under 5 U.S.C. 553(b) are impracticable and unnecessary because communities listed in this final rule have been adequately notified.

Each community receives a 6-month, 90-day, and 30-day notification addressed to the Chief Executive Officer that the community will be suspended unless the required floodplain management measures are met prior to the effective suspension date. Since these notifications have been made, this

final rule may take effect within less than 30 days.

National Environmental Policy Act

This rule is categorically excluded from the requirements of 44 CFR Part 10, Environmental Considerations. No environmental impact assessment has been prepared.

Regulatory Flexibility Act

The Acting Associate Director has determined that this rule is exempt from the requirements of the Regulatory Flexibility Act because the National Flood Insurance Act of 1968, as amended, 42 U.S.C. 4022, prohibits flood insurance coverage unless an appropriate public body adopts adequate floodplain management measures with effective enforcement measures. The communities listed no longer comply with the statutory requirements, and after the effective date, flood insurance will no longer be available in the communities unless they take remedial action.

Regulatory Classification

This final rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Paperwork Reduction Act

This rule does not involve any collection of information for purposes of the Paperwork Reduction Act, 44 U.S.C. 3501 *et seq.*

Executive Order 12612, Federalism

This rule involves no policies that have federalism implications under Executive Order 12612, Federalism, October 26, 1987, 3 CFR, 1987 Comp., p. 252.

Executive Order 12778, Civil Justice Reform

This rule meets the applicable standards of section 2(b)(2) of Executive Order 12778, October 25, 1991, 56 FR 55195, 3 CFR, 1991 Comp., p. 309.

List of Subjects in 44 CFR Part 64

Flood insurance, Floodplains.

Accordingly, 44 CFR part 64 is amended as follows:

PART 64—[AMENDED]

1. The authority citation for Part 64 continues to read as follows:

Authority: 42 U.S.C. 4001 *et seq.*; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.
