Department of the Navy

Notice of Public Hearing for the Draft Environmental Impact Statement for the Disposal and Reuse of Naval Station Long Beach, CA

SUMMARY: Pursuant to Section 102(2)(c) of the National Environmental Policy Act (NEPA) of 1969 as implemented by the Council on Environmental Quality regulations (40 CFR Parts 1500-1508), the Department of the Navy has prepared and filed with the U.S. Environmental Protection Agency a Draft Environmental Impact Statement (DEIS) for the disposal and reuse of Naval Station (NAVSTA) Long Beach, California. The DEIS has been distributed to various federal, state and local agencies, elected officials, special interest groups, and the public. A Notice of Availability of the DEIS was published in the Federal Register on April 5, 1996. It also is on file and available for review at the Long Beach Public Library, Main Branch, 101 Pacific Avenue, Long Beach.

The Navy has analyzed the environmental effects of three alternatives, which include: (1) Development of the NAVSTA Long Beach as a marine container terminal, (2) development of the station as an intermodal railyard, and (3) a "No Action" alternative, which would maintain the station in a "caretaker" status.

No decision on the proposed action will be made until the NEPA process has been completed and the Secretary of the Navy, or a designated representative, releases the Record of Decision.

ADDRESSES: The Navy will conduct a public hearing on Wednesday, May 8, 1996, beginning at 7:00 p.m. at the Long Beach Public Library, Main Branch, 101 Pacific Avenue, Long Beach, California, to inform the public of the DEIS findings and to solicit comments. Federal, state and local agencies, and interested parties are invited to be present or represented at the hearing. Oral comments will be heard and transcribed by a stenographer. To assure accuracy of the record, all comments should be submitted in writing. All comments, both oral and written, will become part of the public record in the study. In the interest of available time, each speaker will be asked to limit oral

comments to five minutes. Longer comments should be summarized at the public hearing and submitted in writing either at the hearing or mailed to the address listed below. Written comments must be received by May 20, 1996, to become part of the official record. Additional information concerning this notice may be obtained by contacting: Ms. Melanie Ault (Code 232.MA), Southwest Division, Naval Facilities Engineering Command, 1420 Kettner Boulevard, Suite 507, San Diego, California 92101-2404, telephone (619) 556-0250.

Dated: April 12, 1996.
