	Est. No. of responses	Burden hrs
Great Smokey Mountains National Park	800	160
Chamizal National Memorial	400	80
Death Valley National Park	400	80
Prince William Forest Park	400	80
VSP Annual Totals	4,320	864

Abstract: NPS goal is to learn visitor demographics and visitor opinions about services and facilities in these parks. Results will be used by managers to improve services, protect resources and better serve the visitors.

Bureau Form Number: None.

Burden hours: The burden hour estimates are based on 12 minutes to complete each questionnaire and the 80% return rate goal.

Description of Respondents:
Individuals or Households.

Estimated Completion Time: 12 minutes.

Automated Data Collection: At the present time, there is no automated way to gather this information, since it includes asking visitors to evaluate services and facilities that they used in the parks. The burden is minimized by only contacting visitors during a 7 day period at each park.

The National Park Service is soliciting comments on the need for gathering the information in the proposed visitor studies listed above. The NPS is also asking for comments on the practical utility of the information being gathered, the accuracy of the burden hour estimate, and ways to minimize the burden to visitors to these parks. EFFECTIVE DATE: April 15, 1996.

SUMMARY: This series of quarterly reports on the U.S. nonrubber footwear industry has been published by the Commission since 1984 pursuant to a request from the Senate Committee on Finance dated August 8, 1984. The Committee requested that the Commission institute an investigation under section 332 of the Tariff Act of 1930 (19 U.S.C. 1332) for the purpose of preparing and publishing quarterly reports on nonrubber footwear so that it might monitor the condition of the industry on a quarterly basis. The Committee requested that the quarterly reports include data on (1) production and/or shipments, (2) imports, (3)

exports, (4) apparent consumption, (5) market share, (6) employment, (7) unemployment, and (8) prices. In addition, the Committee also requested that the Commission provide, on an annual basis, information on plant closings in the industry. In response to this request, the Commission instituted investigation No. 332-191 on August 28, 1984, notice of which was published in the Federal Register of September 6, 1984 (49 FR 35259).

By letter of February 29, 1996, the Committee on Finance requested that the Commission change its publication schedule from quarterly to annual reports, effective January 1, 1996, and finally, cease publishing the report in the year 2000. The Committee requested that the annual report continue to include data on production and/or shipments, imports, exports, apparent consumption, market share, employment, unemployment, and plant closings. Accordingly, the Commission will immediately change the publication schedule from quarterly to annual and will publish five annual reports for the years 1995 through 1999. The annual report for 1995 will be published in April 1996 and the final report, for 1999, will be published in March 2000.
