DEPARTMENT OF LABOR

Employment and Training Administration

[TA-W-31,622 and TA-W-31,623]

Hill Company, Incorporated; Fort Smith Arkansas and Charleston, Arkansas; Notice of Revised Determination on Reconsideration

On March 22, 1996, the Department issued an Affirmative Determination Regarding Application for Reconsideration for the workers and former workers of the subject firm. The notice will soon be published in the Federal Register.

Investigation findings show that the workers produced men's western shirts. The workers were denied TAA because the "contributed importantly" test of the Group Eligibility Requirements of the Trade Act was not met. This test is generally determined through a survey of the workers' firm's major declining customers.

The Department conducted a secondary survey of Hill Company customers. New investigation findings on reconsideration shows that a secondary customer increased purchases of men's western shirts from Foreign sources by more than 100% from 1993 to 1994.

Other findings on reconsideration show that the quantity of U.S. imports of men's shirts increased annually from 1993 through 1994, and in the twelve months through September 1995 compared to 1994.

Conclusion

After careful consideration of the new facts obtained on reconsideration, it is concluded that the workers of Hill Company, Incorporated of Fort Smith and Charleston, Arkansas were adversely affected by increased imports of articles like or directly competitive with men's western shirts produced at the subject firm.

"All workers of Hill Company, Incorporated, Fort Smith, Arkansas (TA-W-31,622) and Charleston, Arkansas (TA-W-31,623) who became totally or partially separated from employment on or after October 26, 1994 are eligible to apply for

adjustment assistance under Section 223 of the Trade Act of 1974.”

Signed at Washington, D.C., this 8th day of April 1996.

Russell T. Kile,

Acting Program Manager, Policy and Reemployment Services, Office of Trade Adjustment Assistance.
