BILLING CODE 3710-ER-M

DEPARTMENT OF DEFENSE

Corps of Engineers

Proposed Authorization Under the U.S. Army Corps of Engineers Nationwide General Permit Program of the U.S. Department of Transportation, United States Coast Guard Categorical Exclusions for Certain Activities Requiring Department of the Army Authorization

AGENCY: U.S. Army Corps of Engineers, DoD.

ACTION: Notice of intent and request for comments.

SUMMARY: The Corps of Engineers is proposing to authorize U.S. Coast Guard categorical exclusions (CEs) under nationwide general permit number 23. The Corps is requesting comment on the appropriateness of the CEs for nationwide general permit authorization and any conditions or restrictions to such authorization. The Coast Guard has previously adopted its CEs pursuant to the Council on Environmental Quality Regulation for Implementing the Procedural Provisions of the National Environmental Policy Act (NEPA) (40 CFR part 1500 *et seq.*).

DATES: Comments must be received by May 28, 1996.

ADDRESSES: Comments may be mailed to the U.S. Army Corps of Engineers, ATTN: CECW-OR, Nationwide General Permit Number 23 Docket, 20 Massachusetts Avenue, N.W., Washington, D.C. 20314-1000 or faxed to (202) 761-5096.

FOR FURTHER INFORMATION CONTACT:

Mr. Victor Cole, Regulatory Branch, Office of the Chief of Engineers at (202) 761-0199.

SUPPLEMENTARY INFORMATION: The Coast Guard has requested Corps authorization in accordance with the Corps nationwide general permit number 23 of its CEs originally published in the Federal Register on July 29, 1994 (59 FR 38654), and subsequently modified on September 6, 1995 (60 FR 46327), June 20, 1995 (60 FR 32197), and March 27, 1996 (61 FR 13563). The Corps issued the nationwide general permit to reduce duplicative Federal processes when another Federal agency has completed the NEPA analysis for an activity, and to expedite Department of the Army authorization for projects having no more than minimal adverse environmental effects either individually or cumulatively.

In 1983, the Corps approved the original Coast Guard CEs (45 FR 32819) and have been authorizing the approved CEs since then. We are publishing the existing Coast Guard CEs in their entirety, incorporating the subsequent changes made by the Coast Guard as identified in the Federal Register citations listed above. Reviewers should note that several of the categorical exclusions do not require Department of the Army authorization but are listed to provide the complete listing and same numbering system as the Coast Guard CEs. For further information regarding the original establishment of the CEs by the Coast Guard, the Federal Register citations above should be reviewed. Upon review and consideration of comments received, the Corps will publish the final list of Coast Guard CEs approved by the Corps to qualify under nationwide general permit number 23, including any required notification procedures and/or certain conditions, in the Federal Register.

Dated: April 16, 1996.

Colonel Ronald L. Stewart,
Assistant Chief, Operations, Construction, and Readiness Division, Directorate of Civil Works.

U.S. Coast Guard Categorical Exclusion List

(1) Routine personnel, fiscal, and administrative activities, actions, procedures, and policies which clearly do not have any environmental impacts, such as military and civilian personnel recruiting, processing, paying, and record keeping.

(2) Routine procurement activities and actions for goods and services, including office supplies, equipment,

mobile assets, and utility services for routine administration, operation, and maintenance.

(3) Maintenance dredging and debris disposal where no new depths as required, applicable permits are secured, and disposal will be at an existing approved disposal site. (Checklist required).

(4) Routine repair, renovation, and maintenance actions on aircraft and vessels.

(5) Routine repair and maintenance of buildings, roads, airfields, grounds, equipment, and other facilities which do not result in a change in functional use, or an impact on a historically significant element or settings.

(6) Minor renovations and additions to buildings, roads, airfields, grounds, equipment, and other facilities which do not result in a change in functional use, a historically significant element, or historically significant setting. (Checklist required).

(7) Routine repair and maintenance to waterfront facilities, including mooring piles, fixed floating piers, existing piers, and unburied power cables.

(8) Minor renovations and additions to waterfront facilities, including mooring piles, fixed floating piers, existing piers, and unburied power cables, which do not require special, site-specific regulatory permits. (Checklist required).

(9) Routine grounds maintenance and activities at units and facilities. Examples include localized pest management actions and actions to maintain improved grounds (such as landscaping, lawn care and minor erosion control measures) that are conducted in accordance with applicable Federal, State and local directives.

(10) Installation of devices to protect human or animal life, such as raptor electrocution prevention devices, fencing to restrict wildlife movement on to airfields, and fencing and grating to prevent accidental entry to hazardous areas. (Checklist required).

(11) New construction on heavily developed portions of Coast Guard property, when construction, use, and operation will comply with regulatory requirements and constraints. (Checklist required).

(12) Decisions to decommission equipment or temporarily discontinue use of facilities or equipment. This does not preclude the need to review decommissioning under section 106 of the National Historic Preservation Act. (Checklist required for vessels and aircraft).

(13) Demolition or disposal actions that involve buildings or structures when conducted in accordance with regulations applying to removal of asbestos, PCB's, and other hazardous materials, or disposal actions mandated by Congress. In addition, if the building or structure is listed, or eligible for listing, in the National Register of Historic Places, then compliance with section 106 of the National Historic Preservation Act is required. (Checklist required).
