

inspections are required every five years: (1) internal inspection to seal system on IFR's equipped with primary and secondary seals in situations where the owner to operator has decided to forego the annual visual inspection; and (2) measurement of gaps between the tank wall and primary seal on EFR's. An internal inspection in which the tank is emptied and degassed is required at least every 10 years for IFR's.

Another control option allowed is for owners or operators to equip vessels with closed-vent systems and 95-percent efficient control devices. It is expected that very few, if any, vessels will be equipped with these systems; however, owners or operators of vessels with such systems are required to submit, for the Administrator's approval, an operating plan describing system design specifications and an operation, maintenance, and inspection plan for the system. In the event the owner or operator has installed a flare, a report showing compliance with visible emission provisions shall be furnished to the Administrator. For closed-vent systems with control devices, quarterly reports are required informing the Administrator of each occurrence that results in excess emissions. Annual reports of the results of these inspections and seal gap measurements are required. These reports shall identify each storage vessel that is determined to be out of compliance with the standard, the nature of the defects, and the date the vessel was emptied or the repair was made. The owner or operator must keep copies of all reports and records for two years.

The owner or operator of each benzene storage vessel shall, for the life of the source, keep readily accessible records showing the dimension of the vessel and an analysis showing the capacity of the storage vessel. For each vessel with a closed vent system and 95-percent efficient control device, records of the operating plan shall be kept for the life of the control device. Records of monitored parameters and maintenance shall be kept for two years.

An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are listed in 40 CFR Part 9 and 48 CFR Charter 15. The Federal Register Notice required under 5 CFR 1320.8(d), soliciting comments on this collection of information was published on September 28, 1995.

Burden Statement: The annual public reporting and recordkeeping burden for

this collection of information is estimated to average 11.85 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This estimate includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

*Respondents/Affected Entities:* 162.

*Estimated Number of Respondents:* 162.

*Frequency of Collection:* Quarterly and Semi-annual.

*Estimated Total Annual Burden on Respondents:* 8,628 Hours.

Send comments on the Agency's need for this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing respondent burden, including through the use of automated collection techniques to the following addresses. Please refer to EPA ICR No. 1080.09 and OMB Control No. 2060-0185 in any correspondence.

Ms. Sandy Farmer, U.S. Environmental Protection Agency, OPPE Regulatory Information Division (2137), 401 M Street, SW., Washington, DC 20460 and

Office of Information and Regulatory Affairs, Office of Management and Budget, Attention: Desk Officer for EPA, 725 17th Street NW., Washington, DC 20503.

Dated: May 9, 1996.

Joseph Retzer,

Director, Regulatory Information Division.

### Committee Meetings of the Grand Canyon Visibility Transport Commission

**AGENCY:** Environmental Protection Agency.

**ACTION:** Notice of meeting.

**SUMMARY:** The United States Environmental Protection Agency (U.S.

EPA) is announcing a meeting of the Grand Canyon Visibility Transport Commission (Commission).

The Commission will meet from 10:00 am-12:00 pm, Monday, June 10, 1996 at the Shrine of the Ages next to the Main Visitors Center in Grand Canyon National Park. At the meeting the Commission will finalize its recommendations to the U.S. EPA. The recommendations will address what actions are deemed necessary to protect visibility in sixteen National Parks and Wilderness areas on the Colorado Plateau.

The Commission was established by U.S. EPA on November 13, 1991 (see 56 FR 57522, November 12, 1991). All meetings are open to the public. These meetings are not subject to the provisions of the Federal Advisory Committee Act, Public Law 92-463, as amended.

**FOR FURTHER INFORMATION CONTACT:** Mr. John Leary, Project Manager for the Grand Canyon Visibility Transport Commission, Western Governors' Association, 600 17th Street, Suite 1705, South Tower, Denver, Colorado 80202; telephone number (303) 623-9378; facsimile machine number (303) 534-7309.

Dated: May 9, 1996.

Felicia Marcus,

Regional Administrator, U.S. Environmental Protection Agency, Region 9.

### Science Advisory Board; Notification of Public Advisory Committee Meetings

Pursuant to the Federal Advisory Committee Act, Public Law 92-463, notice is hereby given that two committees of the Science Advisory Board (SAB) will meet on the dates and times described below. All times noted are Eastern Time. All meetings are open to the public. Due to limited space, seating at meetings will be on a first-come basis. For further information concerning specific meetings, please contact the individuals listed below. Documents that are the subject of SAB reviews are normally available from the originating EPA office and are *not* available from the SAB Office.

#### 1. Human Exposure and Health Subcommittee (HEHS)

The Human Exposure and Health Subcommittee (HEHS) of the Science Advisory Board's (SAB) Integrated Risk Project will meet on June 13-14, 1996,

at the Environmental Protection Agency's Waterside Mall Complex, 401 M Street SW., Washington, DC 20460 in Room M2103. For convenient access, members of the public should use the EPA entrance next to the Safeway store. The meeting will begin at 9:00 a.m. and end no later than 5:00 p.m. on each day.

**Purpose of the Meeting**—The main purpose of the meeting is to discuss human exposure (and their consequences) to various pollutants and to consider the potential for risk reduction. The Subcommittee's activities are part of an SAB project to update the 1990 SAB report, *Reducing Risk: Setting Priorities and Strategies for Environmental Protection*. In a letter dated October 25, 1995, to Dr. Matanoski, Chair of the SAB Executive Committee, Deputy Administrator Fred Hansen charged the SAB to: (a) develop an updated ranking of the relative risk of different environmental problems based upon explicit scientific criteria; (b) provide an assessment of techniques and criteria that could be used to discriminate among emerging environmental risks and identify those that merit serious, near-term Agency attention; (c) assess the potential for risk reduction and propose alternative technical risk reduction strategies for the environmental problems identified; and (d) identify the uncertainties and data quality issues associated with the relative rankings. The project will be conducted by several SAB panels, including HEHS, working at the direction of an ad hoc Steering Committee established by the Executive Committee.

**For Further Information**—Single copies of *Reducing Risk* can be obtained by contacting the SAB's Committee Evaluation and Support Staff (1400), 401 M Street SW., Washington, DC 20460, telephone (202) 260-8414, or fax (202) 260-1889, or by sending a request by Internet to [Gross.LORI@EPAMAIL.EPA.GOV](mailto:Gross.LORI@EPAMAIL.EPA.GOV). Members of the public desiring additional information about the meeting, including a draft agenda, should contact Ms. Mary Winston, Staff Secretary, Science Advisory Board (1400F), US EPA, 401 M Street SW., Washington DC 20460, telephone (202) 260-6552, fax (202) 260-7118, or Internet at: [WINSTON.MARY@EPAMAIL.EPA.GOV](mailto:WINSTON.MARY@EPAMAIL.EPA.GOV). Anyone wishing to make an oral presentation at the meeting must contact Mr. Samuel Rondberg, Designated Federal Official for the HEHS, in writing (at the above address) no later than 4:00 p.m., June 5, 1996 via fax (202) 260-7118 or by Internet at:

The request should identify the name of the individual who will make the presentation and an outline of the issues to be addressed. At least 35 copies of any written comments to the Committee are to be given to Mr. Rondberg no later than the time of the presentation for distribution to the Committee and the interested public. See below for additional information on providing comments to the SAB. To discuss technical aspects of the meeting, please contact Mr. Rondberg on telephone (202) 260-2559.

## 2. Environmental Engineering Committee (EEC)

The Environmental Engineering Committee (EEC) of the Science Advisory Board (SAB) will meet Tuesday through Thursday, June 11-13, 1996, at the National Risk Management Research Laboratory, Room G-51, 26 West Martin Luther King Drive, Cincinnati, Ohio 45268, tel. (513) 569-7418. The meeting will begin at 8:30 am June 11th and end no later than 3:00 pm on June 13th.

**Purpose of the Meeting**—At this meeting, the Committee will review the technical aspects of how EPA's Superfund Innovative Technology Evaluation (SITE) program is carried out, including: (a) Establish to what extent the stated program objectives have been met; (b) Review the scientific and technical aspects of the SITE program and its implementation on all levels (bench, pilot, and full), including the preparation of test, quality assurance and quality control plans, sample collections, and field activities, and procedures for evaluation and interpretation of results leading to conclusions and recommendations; (c) Identify impacts and provide recommendations for potential improvements; and (d) Determine how well the approach taken has supported technology commercialization.

**Availability of Review Materials**—The following materials will be used in the review: (a) The Superfund Innovative Technology Evaluation Program, Annual Report to Congress, 1994 (Provides an overview of most recent program activities); (b) Superfund Innovative Technology Evaluation Program, Technology Profiles, Seventh Edition. (This is for all intents and purposes the "product" the Program produces); (c) EPA's Process for Technology Demonstration (This unpublished document provides a fairly concise explanation of what SITE is about.); (d) January 10, 1995 Ltr re: RFP SITE-010 (This and the following RFP provide additional information as to what SITE is about and how it

functions); and (e) RFP SITE-EO9. Copies of these materials can be obtained by contacting Don Sanning by phone at (513) 569-7861, or Fax at (513) 569-7620.

**For Further Information**—A draft meeting agenda and a Committee roster can be obtained from Mrs. Dorothy Clark, Secretary, Environmental Engineering Committee, Science Advisory Board, Tel. (202) 260-6552, Fax (202) 260-7118, or via the Internet at [CLARK.DOROTHY@EPAMAIL.EPA.GOV](mailto:CLARK.DOROTHY@EPAMAIL.EPA.GOV). Single copies of the Science Advisory Board's 1986 report on the draft strategy and program plan for the SITE review can be obtained from the SAB Publications Staff. The Publications Staff can be reached at (202) 260-8414, fax: (202) 260-1889, or INTERNET:

[GROSS.LORI@EPAMAIL.EPA.GOV](mailto:GROSS.LORI@EPAMAIL.EPA.GOV). Please ask for SAB report number: EPA-SAB-EEC-86-017 and the Agency's response to that report. Members of the public desiring additional information about the meeting should contact Mrs. Kathleen Conway, Designated Federal Official, Environmental Engineering Committee, Science Advisory Board (1400F), US EPA, 401 M Street, SW, Washington, DC 20460; telephone/voice mail: (202) 260-2558; fax: (202) 260-7118; or via the Internet at [CONWAY.KATHLEEN@EPAMAIL.EPA.GOV](mailto:CONWAY.KATHLEEN@EPAMAIL.EPA.GOV). Members of the public who wish to make a brief oral presentation to the Committee must contact Mrs. Conway in writing (by letter or by fax—see previously stated information) no later than 12 noon Eastern Time, Thursday, June 6, 1996 in order to be included on the Agenda. Public comments will be limited to five minutes per speaker or organization. The request should identify the name of the individual who will make the presentation, the organization (if any) they will represent, any requirements for audio visual equipment (e.g., overhead projector, 35mm projector, chalkboard, etc), and at least 35 copies of an outline of the issues to be addressed or the presentation itself.

## Providing Oral or Written Comments at SAB Meetings

The Science Advisory Board expects that public statements presented at its meetings will not be repetitive of previously submitted oral or written statements. In general, each individual or group making an oral presentation will be limited to a total time of ten minutes. For conference call meetings, opportunities for oral comment will be limited to no more than five minutes per speaker and no more than fifteen minutes total. Written comments (at

least 35 copies) received in the SAB Staff Office sufficiently prior to a meeting date, may be mailed to the relevant SAB committee or subcommittee prior to its meeting; comments received too close to the meeting date will normally be provided to the committee at its meeting. Written comments may be provided to the relevant committee or subcommittee up until the time of the meeting.

Dated: May 7, 1996.

John R. Fowle, III,

*Acting Staff Director, Science Advisory Board.*

**Notice of Proposed Assessment of Clean Water Act Class II Administrative Penalty to Ameron, Inc. and Opportunity to Comment**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposal of a Clean Water Act Class II administrative penalty and notice of public comment period.

**SUMMARY:** Pursuant to 33 U.S.C. 1319(g), EPA is authorized to issue orders assessing civil penalties for various violations of the Act. EPA may issue such orders after the commencement of either a Class I or Class II penalty proceeding. EPA provides public notice of the proposed assessment pursuant to 33 U.S.C. 1319(g)(4)(a).

Class II proceedings are conducted under EPA's Consolidated Rules of Practice Governing the Administrative Assessment of Civil Penalties and the Revocation and Suspension of Permits, 40 CFR part 22. The procedures through which the public may submit written comment on a proposed Class II order or participate in a Class II proceeding, and the procedures by which a Respondent may request a hearing, are set forth in the Consolidated Rules. The deadline for submitting public comment on a proposed Class II order is thirty days after publication of this notice.

On the date identified below, EPA commenced the following Class II proceeding for the assessment of penalties:

In the Matter of Ameron, Inc. (Concrete Pipe Manufacturing Facility) Phoenix, AZ 85036, Docket No. CWA-IX-FY95-17; filed on May 1, 1996 with Steven Armsey, Regional Hearing Clerk, U.S. EPA, Region 9, 75 Hawthorne Street, San Francisco, California 94105, (415) 744-1389; proposed penalty of \$30,000, for discharges of pollutants in violation of an NPDES permit.

**FOR FURTHER INFORMATION CONTACT:**

Persons wishing to receive a copy of EPA's Consolidated Rules, review the complaint or other documents filed in this proceeding, comment upon a proposed assessment, or otherwise participate in the proceeding should contact the Regional Hearing Clerk identified above. The administrative record for this proceeding is located in the EPA Regional Office identified above, and the file will be open for public inspection during normal business hours. All information submitted by the respondent is available as part of the administrative record, subject to provisions of law restricting public disclosure of confidential information.

Dated: April 25, 1996.

Ken Greenberg,

*Acting Director, Water Management Division.*

BILLING CODE 6560-50-P

**FEDERAL COMMUNICATIONS COMMISSION**

**Notice of Public Information Collections Submitted to OMB for Review and Approval**

May 9, 1996.

**SUMMARY:** The Federal Communications, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995, Public Law 104-13. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commissions burden estimates; (c) ways to enhance the quality, utility, and clarity of the information collected and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

**DATES:** Written comments should be submitted on or before June 17, 1996. If

you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

**ADDRESS:** Direct all comments to Dorothy Conway, Federal Communications, Room 234, 1919 M St., NW., Washington, DC 20554 or via internet to dconway@fcc.gov and Timothy Fain, OMB Desk Officer, 10236 NEOB 725 17th Street, NW., Washington, DC 20503 or fain\_t@a1.eop.gov.

**FOR FURTHER INFORMATION CONTACT:** For additional information or copies of the information collections contact Dorothy Conway at 202-418-0217 or via internet at dconway@fcc.gov.

**SUPPLEMENTARY INFORMATION:**

*OMB Approval Number:* 3060-0096.

*Title:* Application for Ship Radio Station License.

*Form No.:* FCC 506.

*Type of Review:* Revision to an existing collection.

*Respondents:* Individuals or households; Businesses or other for-profit; State, Local or Tribal Government; Non-profit institutions.

*Number of Respondents:* 106,192.

*Estimated Time Per Response:* 22 minutes.

*Total Annual Burden:* 38,653 hours.

*Estimated Cost Per Respondent:* There is a combined filing and regulatory fee of \$75 for a new or renewed license and a \$45 filing fee for an application requesting modification.

*Needs and Uses:* FCC Rules require that applicants file the FCC 506 to apply for a new or modified ship radio station license. The form can also be used to renew a station license. The FCC 506A is used by the applicant as a temporary operating authority until the ship radio station license is received.

This form is required by the Communications Act of 1934, as amended; International Treaties and FCC Rules 47 CFR Parts 1.922, 1.925 and 80.19.

Editorial changes will be made to the instructions to include the mailing location for feeable applications and the addition of the toll free 800 number for the Consumer Assistance Branch in Gettysburg, PA. Item 24 of FCC 506 will be revised to collect the length of ship in meters in lieu of feet. Item 27 will be deleted and the drug certification made part of the certification text. These revisions will not increase the burden time for application completion.

*OMB Approval Number:* 3060-0564.

*Title:* 47 CFR 76.924 Cost accounting and cost allocation requirements.
