Executive Orders 12866 and 12875

This announcement has been determined to be "not significant" for purposes of Executive Order 12866, "Regulatory Planning and Review." In addition, it has been determined that, consistent with the requirements of Executive Order 12875, "Enhancing Intergovernmental Partnership," this announcement will not impose any unfunded mandates upon State, local, and tribal governments.

Administrative Procedures Act and Regulatory Flexibility Act

Because notice and comment, and delayed effective date are not required under 5 U.S.C. 553, or any other law, for this announcement relating to public property, loans, grants, benefits, or contracts (5 USC 553(a)), a Regulatory Flexibility Analysis is not required and has not been prepared for this announcement. As stated above, this announcement is based on the revised OMB Circular A-87 that was developed by an interagency task force and received extensive public comment. OMB has stipulated that Federal agencies responsible for administering programs that involve cost reimbursement contracts, grants, and other agreements with governmental units shall issue codified regulations to implement the provisions of OMB Circular A-87 and its attachments.

Executive Order 12612 (Federalism Assessment)

This action has been reviewed in accordance with the principles and criteria contained in Executive Order 12612. It has been determined that this proposal does not have sufficient Federalism implications to warrant a full Federalism Assessment under the principles and criteria contained in Executive Order 12612.

Paperwork Reduction Act

This announcement does not contain any information collection requirements under the Paperwork Reduction Act.

CONSUMER PRODUCT SAFETY COMMISSION

16 CFR Parts 1500 and 1507

Large Multiple-tube Fireworks Devices; Affirmation of Final Rule

AGENCY: Consumer Product Safety Commission.

ACTION: Affirmation of final rule.

SUMMARY: The Commission announces that it has received no objections to its final rule amending its fireworks regulations under the Federal Hazardous Substances Act that was published on March 26, 1996 (61 FR 13084). Accordingly, the rule will go into effect on March 26, 1997, as originally provided. This final rule will require that large multiple-tube fireworks devices that have any tube with an inner diameter of 1.5 inches (3.8 cm) or greater pass a performance test for stability.

EFFECTIVE DATE: The rule published March 26, 1996 (61 FR 13084) is effective March 26, 1997.

FOR FURTHER INFORMATION CONTACT:

Samuel B. Hall, Office of Compliance, Consumer Product Safety Commission, Washington, DC 20207-0001; telephone (301) 504-0400, ext. 1371.

SUPPLEMENTARY INFORMATION: On March 26, 1996, the Commission issued a final rule amending its fireworks regulations under the Federal Hazardous Substances Act. 61 FR 13084, corrected 61 FR 18245 (April 25, 1996). This final rule will require that large multiple-tube fireworks devices that have any tube with an inner diameter of 1.5 inches (3.8 cm) or greater pass a performance test for stability. Under the test, these devices may not tip over when inclined at an angle of 60 degrees from the horizontal. This requirement is intended to reduce the risk of injury posed when these fireworks devices tip over during firing. If they tip over, subsequent tubes may discharge in the direction of spectators or others in the vicinity.

A proceeding to classify a substance as a banned hazardous substance under section 2(q)(1) of the FHSA is governed by sections 3(f)-(i) of the FHSA, and by

sections 701(e)-(g) of the Federal Food, Drug, and Cosmetic Act ("FDCA"), 21 U.S.C. 371(e)-(g). See 15 U.S.C. 1261(q)(2). These procedures provide that once the Commission issues a final rule, persons who would be adversely affected by the rule have 30 days in which to file objections with the Commission stating the grounds therefor, and to request a public hearing on those objections. 21 U.S.C. 371(e). This period for objections expired on April 25, 1996.

The Commission is required to publish a notice in the Federal Register specifying any parts of the regulation that have been stayed by the filing of proper objections or, if no objections have been filed, stating that fact. By this notice, the Commission states that no objections to the final rule were filed in this proceeding. Accordingly, the rule will go into effect on March 26, 1997, as originally provided. The rule will apply to the subject multiple-tube fireworks devices that first enter interstate commerce or are imported on or after the effective date.

Dated: May 20, 1996.

Secretary, Consumer Product Safety Commission.

Basic Permit Requirements Under the Federal Alcohol Administration Act, Nonindustrial Use of Spirits and Wine, Bulk Sales and Bottling of Distilled Spirits (95R-023P)

AGENCY: Bureau of Alcohol, Tobacco and Firearms (ATF), Department of the Treasury.

ACTION: Final Rule, Treasury decision.

SUMMARY: As part of a regulatory reform initiative, the Bureau of Alcohol, Tobacco and Firearms (ATF) is revising and recodifying the regulations covering the basic permit requirements, the nonindustrial use of spirits and wine, and the bulk sales and bottling of distilled spirits under the Federal Alcohol Administration Act. Changes include consolidating 27 CFR parts 1, 2, and 3 into a single part 1 for ease of use and minor technical corrections.

EFFECTIVE DATE: May 24, 1996.

FOR FURTHER INFORMATION CONTACT: David Brokaw, Wine, Beer and Spirits Regulations Branch, Bureau of Alcohol, Tobacco and Firearms, 650 Massachusetts Avenue, NW., Washington, DC 20226 (202) 927-8230.

SUPPLEMENTARY INFORMATION:

Background

The regulations in 27 CFR parts 1, 2, and 3 implement various provisions of the Federal Alcohol Administration Act (FAA Act), 27 U.S.C. 201 *et seq.* The regulations in part 1 govern the issuance, amendment, denial, revocation, suspension, automatic termination, and annulment of basic permits. These regulations implement sections 103 and 104 of the FAA Act, 27 U.S.C. 203 and 204, which requires basic permits of persons engaged in business as importers, producers, or wholesalers of distilled spirits, wine, or malt beverages. The FAA Act defines the terms "distilled spirits" and "wine" to include only products for "nonindustrial" use. The regulations in part 2 specify the uses of distilled spirits and wine that are deemed "nonindustrial," as that term is used in section 117 of the FAA Act, 27 U.S.C. 211(a) (5) and (a) (6). Finally, section 106 of the FAA Act, 27 U.S.C. 206, provides that bulk distilled spirits may only be sold to certain classes of persons, including distillers, winemakers for the fortification of wine, operators of class 8 Customs bonded warehouses, and agencies of the United States or any State. The regulations in part 3 implement these provisions.

On February 21, 1995, President Clinton announced a regulatory reform initiative. As part of this initiative, each Federal agency was instructed to conduct a page by page review of all agency regulations to identify those which are obsolete or burdensome and those whose goals could be better achieved through the private sector, self-regulation or State and local governments. In cases where the agency's review disclosed regulations which should be revised or eliminated, the agency would, as soon as possible, propose administrative changes to the regulations. In addition, on April 13, 1995, the Bureau published Notice No. 809 (60 FR 18783), which requested comments from the public regarding which ATF regulations could be improved or eliminated.

ATF did not receive any specific comments from the public regarding 27 CFR parts 1, 2, and 3. However, in keeping with the President's regulatory reform initiative, the Bureau has

decided to consolidate parts 1, 2, and 3 into a single part 1 for ease of use. This consolidation will eliminate some of the duplicative material, such as definitions of terms under the FAA Act which may be found in more than one part.

ATF is also making certain minor technical corrections in the new part 1. References to sections of the FAA Act have been corrected to reflect the changes in section numbering arising out of the enactment of the Alcoholic Beverage Labeling Act of 1988, Pub.L. 100-690. Definitions of the terms "distilled spirits" and "wine" which refer to sections of the FAA Act have been clarified by adding citations to Title 27 of the United States Code. Conforming changes to the regulations which define the "nonindustrial" uses of distilled spirits and wines have been made to reflect technical amendments to the sections of the Internal Revenue Code of 1986 which set forth the conditions under which distilled spirits and wines may be withdrawn free of tax. See 26 U.S.C. 5214 (a) (2) and 5362 (c) (9). Finally, references in section 1.30 to the form for executing a power of attorney have been updated to refer to Form 5000.8 (1534), to reflect the new number for that form. ATF is making several other minor technical changes in the regulations.

Paperwork Reduction Act

The provisions of the Paperwork Reduction Act of 1980, Pub. L. 96-511, 44 U.S.C. Chapter 35, and its implementing regulations, 5 CFR Part 1320, do not apply to this rule because no new requirement to collect information is imposed.

Regulatory Flexibility Act

Because no notice of proposed rulemaking is required for this rule, the provisions of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) do not apply.

Executive Order 12866

It has been determined that this rule is not a significant regulatory action because it will not, (1) Have an annual effect on the economy of \$100 million or more or adversely affect in a material way the economy, a sector of the economy, productivity, competition, jobs, the environment, public health or safety, or State, local or tribal governments or communities; (2) Create a serious inconsistency or otherwise interfere with an action taken or planned by another agency; (3) Materially alter the budgetary impact of entitlements, grants, user fees, or loan programs or the rights and obligations of recipients thereof; or (4) Raise novel legal or policy issues arising out of legal

mandates, the President's priorities, or the principles set forth in Executive Order 12866.

Administrative Procedures Act

Because this final rule merely makes technical amendments and conforming changes to improve the clarity of the regulations, it is unnecessary to issue this final rule with notice and public procedure under 5 U. S. C. 553(b). Similarly, it is unnecessary to subject this final rule to the effective date limitation of 5 U.S.C. 553(d).

Miscellaneous

§ 1.55 Recalling permits for correction.

Whenever it shall be discovered that any basic permit has been issued authorizing acts, or combinations of acts, which may not properly, under the law and regulations, as of now or hereafter in force, be authorized, or that any material mistake has occurred in the issuance thereof, the holder of such permit shall forthwith surrender the same for correction or amendment upon demand of the regional director (compliance).

§ 1.56 Oaths and affirmations.

Any document required by regulations or instructions of the Director to be verified, shall be so verified upon oath or affirmation taken before a person authorized by the laws of the United States or by State or local

law to administer oaths or affirmations in the jurisdiction wherein such document is to be executed.

§ 1.57 Procedure.

The procedures prescribed by the rules of practice in permit proceedings (part 200 of this chapter) are applicable to administrative proceedings for the issuance, amendment, denial, revocation, suspension, or annulment of basic permits, the issuance of subpoenas and the taking of depositions under the Act.

§ 1.58 Filing of permits.

Every person receiving a basic permit under the provisions of this part must file the same, at the place of business covered by the basic permit, so that it may be examined by ATF officers.

§ 1.59 Public information as to applications acted upon.

The regional director (compliance) shall cause to be maintained currently in the regional director's (compliance) office for public inspection, until the expiration of one year following final action on the application, the following information with respect to each application for basic permit filed:

(a) The name, including trade name or names, if any, and the address of the applicant; the kind of permit applied for and the location of the business; whether the applicant is an individual, a partnership or a corporation; if a partnership, the name and address of each partner; if a corporation, the name and address of each of the principal officers and of each stockholder owning 10 percent or more of the corporate stock.

(b) The time and place set for any hearing on the application.

(c) The final action taken on the application. In the event a hearing is held upon an application for a basic permit, the regional director (compliance) shall make available for inspection at the regional director's (compliance) office, upon request therefor: The transcript of the hearing, a copy of the administrative law judge's recommended decision, a copy of the regional director's (compliance) decision and, in the event of an appeal to the Director, the decision on appeal with the reasons given in support thereof.

Subpart D—Nonindustrial Use of Distilled Spirits and Wine

The following uses of distilled spirits are regarded as "industrial" and will be

excluded from any application of the term "nonindustrial use." The use of distilled spirits:

Coast Guard

33 CFR Part 100

[CGD01-96-017]

RIN 2115-AE46

Special Local Regulation; Quonset Open House, North Kingstown, RI

AGENCY: Coast Guard, DOT.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary special local regulation for an airshow known as the Quonset Open House. The Quonset Open House will be held on June 1 and 2, 1996, off Quonset Point, North Kingstown, RI. This regulation is needed to protect the boating public from the hazards associated with low flying aircraft in the vicinity of the airstrip.

EFFECTIVE DATE: This rule is effective on June 1 and 2, 1996, from 9 a.m. to 4:30 p.m.

FOR FURTHER INFORMATION CONTACT:

Lieutenant (Junior Grade) Benjamin M. Algeo, Chief, Boating Affairs Branch, First Coast Guard District, (617) 223-8311.

SUPPLEMENTARY INFORMATION:

Regulatory History

As authorized by 5 U.S.C. 553, a notice of proposed rulemaking (NPRM) was not published for this regulation. Good cause exists for not publishing an NPRM and for making this section effective less than 30 days after Federal Register publication. The application for the event was received less than 30 days prior to the event date. Publishing a NPRM and delaying the event would be contrary to the public interest because the airshow is intended for viewing by the public. The sponsor was unable to provide more leadtime due to the difficulties in scheduling the participating aircraft.

Background and Purpose

The Quonset Open House is a local, traditional airshow sponsored by the Rhode Island National Guard. Participating aircraft take off and land from an airstrip located on Quonset Point, North Kingstown, RI. Due to the aircrafts' low flight paths, close proximity to spectator vessels, and other water related events, a regulated area is needed to protect life and property during the event.

This section establishes a regulated area in the West Passage of Rhode Island Sound, off Quonset Point. It prohibits

vessels from entering the regulated area during the event. In emergency situations, provisions may be made to establish safe escort by a Coast Guard or designated Coast Guard vessel for vessels requiring transit through the regulated area.

Regulatory Evaluation

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that order. It has been exempted from review of the Office of Management and Budget under that order. It is not significant under the regulatory policies and procedures of the Department of Transportation (DOT) (44 FR 11040; February 26, 1979). The Coast Guard expects the economic impact of this rule to be so minimal that a full Regulatory Evaluation, under paragraph 10e of the regulatory policies and procedures of DOT, is unnecessary. The effect of this section will not be significant for several reasons: the regulated area includes less than half of one square nautical mile of Narragansett Bay; entry into the regulated area is restricted for a short duration; vessels may transit around the regulated area; and the extensive advance advisories which will be made.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*), the Coast Guard must consider the economic impact on small entities of a rule for which a general notice of proposed rulemaking is required. "Small entities" may include (1) small businesses and not-for-profit organizations that are independently owned and operated and are not dominant in their fields and (2) governmental jurisdictions with populations of less than 50,000.

For the reasons discussed in the Regulatory Evaluation, the Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities. If, however, you think that your business or organization qualifies as a small entity and that this rule will have a significant economic impact on your business or organization, please submit a comment explaining why you think it qualifies and in what way and to what degree this rule will economically affect it.

Collection of Information

This rule contains no collection of information requirements under the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*)
