FOR FURTHER INFORMATION CONTACT:

Jim Andersen at the Phoenix Resource Area Office, 2015 W. Deer Valley Road, Phoenix, Arizona 85027, (602) 780-8090.

SUPPLEMENTARY INFORMATION: Upon publication of this notice in the Federal Register, the lands will be segregated from all other forms of appropriation under the public land laws, including the general mining laws, except for lease or conveyance under the Recreation and Public Purposes Act. For a period of 45 days from the date of publication of this Notice, interested parties may submit comments regarding the proposed lease, conveyance or classification of the lands to the District Manager, Phoenix District Office, 2015 W. Deer Valley Road, Phoenix, Arizona 85027.

Classification Comments

Interested parties may submit comments involving the suitability of the land for: an open space park, for the City of Phoenix, an open space park for the Town of Prescott Valley and a public school complex for the Wickenburg Unified School District #9. Comments on the classification are restricted to whether the land is physically suited for the proposals, whether the uses will maximize the future use or uses of the land, whether the uses are consistent with local planning and zoning, or if the uses are consistent with state and federal programs.

Application Comments

Interested parties may submit comments regarding the specific uses proposed in the applications and plans of development, whether the BLM followed proper administrative procedures in reaching the decision, or

any other factor not directly related to the suitability of the land for proposed uses.

Any adverse comments will be reviewed by the State Director. In the absence of any adverse comments, the classification will become effective 60 days from the date of publication in the Federal Register.

Dated: May 22, 1996.

Kirby Boldan,

Acting District Manager.

[CO-076-1230-00-257D]**Recreation Management; Visitor Use Restrictions and Travel Restrictions for the Potholes Recreation Site**

AGENCY: Bureau of Land Management, Department of the Interior.

ACTION: Notice of supplementary visitor use restrictions and travel restrictions.

SUMMARY: This order, issued under the authority of 43 CFR 8364.1, and 8342, limits motorized vehicle travel on identified public lands in the vicinity of the Potholes Recreation Site. The only authorized route will be the main access route into the recreation site itself. This order also prohibits any open campfires, overnight camping or shooting of firearms on public lands in the vicinity of the Potholes Recreation Site.

The identified public land is in Colorado, Mesa County, under the management jurisdiction of the Bureau of Land Management, Grand Junction Resource Area, Grand Junction District. The area is located in T. 12 S., R. 103 W., Section 35.

EFFECTIVE DATES: The restrictions shall be in effect year round beginning June 15, 1996 and shall remain in effect until rescinded or modified by the Authorized Officer.

SUPPLEMENTARY INFORMATION: The Potholes Recreation Site has for many years experienced undirected and uncontrolled recreational use. Dominant recreational pursuits include picnicking, camping and swimming and diving into the Little Dolores River. The unrestricted nature of the use has caused severe resource damage in many areas. Problems include frequent unattended campfires and frequent unsafe discharge of firearms. The number of nearby year round residents has increased in recent years and is causing frequent conflicts between recreationists and landowners. This order implements visitor use restrictions mandated in the Potholes Recreation Site Action Plan, with the Decision

Record signed on January 31, 1996. The restrictions consist of:

1. The site will be limited to day use only. No overnight camping will be allowed.
2. Open campfires will be prohibited. Charcoal fires contained within grills will still be allowed.
3. No shooting zone to include all of section 35.
4. Motorized vehicle use limited to the main access road into the site only. No vehicle use allowed within 450 feet of the Potholes. Persons who are exempt from the restrictions include: (1) Any Federal, State, or local officers engaged in fire, emergency and law enforcement activities; and (2) BLM employees engaged in official duties.

The area affected by this order will be posted with appropriate regulatory signs.

Penalties: Violations of this order are punishable by fines not to exceed \$1,000 and/or imprisonment not to exceed 12 months.

FOR FURTHER INFORMATION CONTACT: Catherine Robertson, Area Manager, Grand Junction Resource Area, 2815 H Road, Grand Junction, Colorado 81506; (970) 244-3000.

Change of Dates and Locations for Ward Valley Public Scoping Workshops

AGENCY: Bureau of Land Management, Interior.

ACTION: Change to May 17, 1996; notice of intent.

SUMMARY: The Bureau of Land Management (BLM) in California announces a change of dates and locations for the Ward Valley public scoping workshops. The new dates and times will change those identified in BLM's May 17, 1996 Notice of Intent to prepare a Supplemental Environmental Impact Statement (SEIS) for a proposed land transfer to the State of California for the purpose of developing a low-level radioactive waste disposal facility at Ward Valley. The site of the proposed federal land transfer is located in San Bernardino County, California, approximately 20 miles west of the city of Needles.

DATES: Three public scoping workshops will be held, and each will be open to the public at the following dates and locations:

June in Sacramento 2-5 pm and 7-9 pm at the Red Lion Hotel, 2001 Point West Way, Sierra Room;
June 15 in San Bernardino from 2-5 pm and 7-9 pm at the National Orange Show Grounds, Arrowhead Avenue, Gate 9, Renaissance Room;
June 26 in Needles from 2-5 and 7-9 pm at Elks Lodge No. 1608, 1000 Lily Hill Drive.

The purpose of the workshops is to provide interested parties the opportunity to give us their views on the scope of issues to be addressed in the SEIS. The workshops will be conducted in an open house format, and participants may work individually with a BLM employee to record their comments on the range of issues to be considered in the SEIS. Written comments will also be accepted at the workshops.

No formal presentations or oral testimony before the public will be received during the scoping workshops; however, BLM is committed to having formal public hearings, with recorded oral public testimony, during the public comment period in the Draft SEIS.

ADDRESS: Any written comments or requests to be placed on the mailing list should be sent to Ward Valley Land Transfer Coordinator (CA-930), Bureau of Land Management, 2800 Cottage Way, Sacramento, CA 95825.

FOR FURTHER INFORMATION CONTACT: Richard F. Johnson or John S. Mills at (916) 979-2820.

SUPPLEMENTARY INFORMATION: The SEIS will focus on new information and circumstances, including the May 1995 National Academy of Sciences Report; the results of tritium and related testing to be conducted at the site; recent U.S. Geological Survey information concerning tritium and other radioactive materials detected in proximity to a closed LLRW facility at Beatty, Nevada, and other evidence of migration of radioactive and other wastes from the Beatty facility; the results of consultation with Native American Tribes; the possible effect of the proposed transfer, construction, and operation of the LLRW facility on areas of cultural importance to nearby Native American Tribes and any Tribal rights recognized by federal law; the designation of Ward Valley by the U.S. Fish and Wildlife Service as critical habitat for the desert tortoise and a 1995 FWS Biological Opinion evaluating the potential impacts of the land transfer and facility on the tortoise and its critical habitat; a report prepared by the U.S. Environmental Protection Agency concerning release of radionuclides into the atmosphere and effects on desert

tortoise habitat; a hydrogeologic report on the proposed facility site commissioned by the Metropolitan Water District of Southern California; and other information submitted by the public. Issues that were fully analyzed in the 1991 EIS/EIR and the 1993 SEIS (which was limited to the changed land transfer method from indemnity selection to direct sale), and are not the subject of new information or circumstances, will not be addressed in this SEIS.

A separate public notice will be issued in the near future regarding procedures for tritium and related testing to be done at the site.

Dated: May 29, 1996.

Ed Hastey,

State Director.
