BILLING CODE 4162-20-P

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Information Collection To Be Submitted to the Office of Management and Budget (OMB) for Reinstatement

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice.

SUMMARY: This notice announces that the Fish and Wildlife Service (Service) is planning to submit the collection of information requirement described below to OMB for reinstatement approval under the provisions of the Paperwork Reduction Act. Copies of the collection requirement and related forms and explanatory material may be obtained by contacting the Service's clearance officer or the survey coordinator at the phone numbers and/or addresses listed below.

DATES: Comments must be submitted on or before August 19, 1996.

ADDRESSES: Harvest Data Coordinator, Alaska Subsistence Office, 1011 East Tudor Road, Anchorage, Alaska 99503. Service Information Collection Clearance Officer, U.S. Fish and Wildlife Service, MS 224-ARLSQ 1849 C Street, NW., Washington, DC 20240.

FOR FURTHER INFORMATION CONTACT: Charles Miller, Alaska Subsistence Office, 907/786-3863.

Title: Federal Subsistence Hunt Application and Report OMB Approval Number: 1018-0075.

Abstract: The Alaska National Interest Lands Conservation Act (ANILCA) allows the taking of fish and wildlife on public lands in Alaska for subsistence use. Where the Federal Subsistence Board (Board), as described in 50 CFR 100.10, has made a customary and traditional use determination regarding subsistence of a specific fish stock or wildlife population, only those Alaskans who are residents of rural areas or communities so designated are

eligible for subsistence taking of that population, on public lands for subsistence uses. Where customary and traditional use determinations for a fish stock or wildlife population within a specific area have not yet been made by the Board, all Alaskans who are residents of rural areas or communities are eligible to participate in subsistence taking of that stock or population under the regulations in 50 CFR 100.

The Board requires information on animals harvested, days hunted, success rate, transportation, harvest date, etc., so that it may make recommendations on subsistence use. Such information is used in determining priorities for subsistence uses among rural Alaskan residents.

Description of Respondents:

Individuals and households.

Completion Time: The reporting burden is estimated to be .025 hours (15 minutes) per response.

Annual Responses: 4,500.

Annual Burden Hours: 112.5.

Dated: June 11, 1996.

Phyllis H. Cook,
Service Information Collection Clearance Officer.

[FR Doc. 96-15741 Filed 6-19-96; 8:45 am]

BILLING CODE 4310-55-M

Information Collection To Be Submitted to the Office of Management and Budget (OMB) for Approval

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice.

SUMMARY: This notice announces that the Alaska Subsistence Office is planning to submit a proposal for the collection of information listed below will be submitted to OMB for approval under the provisions of the Paperwork Reduction Act of 1995. Copies of the proposed information collection requirement and related forms and explanatory material may be obtained by contacting the Service's Information Collection Clearance Officer or the Alaska Subsistence Office at the phone numbers and/or addresses listed below. Comments and suggestions on the requirement should be made directly to the Service Clearance Officer.

DATES: Comments must be submitted on or before August 19, 1996.

ADDRESSES: Alaska Subsistence Office, (Attention: Harvest Data Coordinator), 1011 East Tudor Road, Anchorage, Alaska 99503. Information Collection Clearance Officer, U.S. Fish and Wildlife Service, MS 224-ARLSQ; 1849 C Street, NW., Washington, DC 20240.

FOR FURTHER INFORMATION CONTACT:

Charles Miller, Harvest Data Coordinator, 907/786-3863 or Phyllis H. Cook, 703/358-1943.

SUPPLEMENTARY INFORMATION:

Title: Federal Subsistence Designated Hunter Permit Application.

OMB Approval Number: (To be Assigned).

Abstract: Under the Alaska National Interest Lands Conservation Act (ANILCA) allows the taking of fish and wildlife on public lands in Alaska for subsistence use. In order to take fish and wildlife in public lands for subsistence uses, users must possess and comply with the provisions of any pertinent permit, harvest tickets, or tags required by the State, or Federal permits, harvest tickets or tags as required by the Federal Subsistence Board (Board). Where the Board, as described in 50 CFR 100.10, has made a customary and traditional use determination regarding subsistence of a specific fish stock or wildlife population, only those Alaskans who are residents or rural areas or communities so designated are eligible for subsistence taking of that population, on public lands for subsistence uses. Where customary and traditional use determinations for a fish stock or wildlife population within a specific area have not yet been made by the Board. All Alaskans who are residents of rural areas or communities are eligible to participate in subsistence taking of that stock or population under the regulations in 50 CFR 100.

Information on the hunter, qualified subsistence users hunted for and their animals harvested, location, and sex is needed by the Board in making recommendations on subsistence use. The information is used to determine priorities for subsistence among rural Alaskan residents.

Frequency: On occasion.

Description of Respondents: Individuals and households.

Estimated Completion Time: The reporting burden is estimated to be .025 hours (15 minutes) per response.

Annual Responses: 7,000.

Annual Burden Hours: 175.

Dated: June 12, 1996.

Phyllis H. Cook,
Service Information Collection Clearance Officer.

BILLING CODE 4310-55-M

Bureau of Land Management

[WY-060-1620-01, WYW136142, WYW136458]

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of Scoping on two coal lease applications in the decertified Powder River Basin Federal Coal Production Region, Wyoming. The Bureau of Land Management (BLM) is conducting a public scoping period to identify issues and concerns related to two separate coal lease applications received from Powder River Coal Company (PRCC) and Kerr-McGee (K-M) Coal Corporation.

SUMMARY: BLM received a coal lease application (LBA) from PRCC on March 23, 1995, for approximately 4,020 acres (and an estimated 500 million tons of coal, in an area adjacent to the company's North Antelope and Rochelle Mines in Campbell County, Wyoming (WYW136142). BLM received a coal lease application (LBA) from K-M Coal Corporation on April 14, 1995, for approximately 4,000 acres and an estimated 432 millions tons of coal, in an area adjacent to the company's Jacobs Ranch Mine in Campbell County, Wyoming (WYW136458). Both applications were filed as maintenance tract lease-by-applications (LBAs) under the provisions of 43 Code of Federal Regulations (CFR) 3425.1. The Powder River Regional Coal Team (RCT) reviewed both lease applications at their April 23, 1996, meeting in Cheyenne, Wyoming and recommended that both be processed.

BLM is considering several options to satisfy the requirements of the National Environmental Policy Act (NEPA) in processing these two leases: preparing separate NEPA documents for each lease application or preparing one NEPA document to analyze the impacts of both lease applications. The RCT recommended that BLM include a request for comments from the public on which of these options would best satisfy NEPA as part of the scoping process. An updated cumulative impact analysis for the southern group of mines in the Wyoming Powder River Basin will be included under either NEPA option. Under the LBA process, most of the Federal coal leased in the Wyoming portion of the Powder River Basin Federal Coal Region has been leased by the southern grouping of mines, which consists of the Jacobs Ranch, Black Thunder, North Rochelle, Rochelle, North Antelope, and Antelope mines.

After reviewing the comments received during the scoping period, BLM will make a decision on how to address NEPA for these two applications, and inform the public of what that decision is. The U.S. Forest Service and Office of Surface Mining will be cooperating agencies on the document or documents. DATES: As

part of the public scoping process, a public scoping meeting is scheduled on June 27, 1996, at 7:00 PM, at the Holiday Inn, 2009 South Douglas Highway, in Gillette, Wyoming. If you have concerns or issues that the BLM should address in processing these two leases, you can express them verbally at the scoping meeting in Gillette or send them in writing to BLM by July 31, 1996, at the address given below.

ADDRESSES: Please address questions, comments or concerns to the Casper District Office, Bureau of Land Management, Attn: Nancy Doelger, 1701 East E Street, Casper, Wyoming 82601.

FOR FURTHER INFORMATION CONTACT: Nancy Doelger or Mike Karbs at the above address, or phone: 307-261-7600.

SUPPLEMENTARY INFORMATION: On March 23, 1995, PRCC filed a coal lease application WYW136142 with the BLM for a maintenance tract LBA for the following lands, which contain an estimated 550 million tons of coal:

T. 41 N., R. 70 W., 6th P.M., Wyoming
Section 6: Lots 10 thru 13, and 18 thru 21;
Section 7: Lots 6, 11, 14, and 19;
Section 18: Lots 5, 12, 13, and 20;

T. 42 N., R. 70 W., 6th P.M., Wyoming
Section 31: Lots 5 thru 20;
Section 32: Lots 1 thru 16;
Section 33: Lots 1 thru 16;
Section 34: Lots 1 thru 16;
Section 35: Lots 1 thru 16;

T. 41 N., R. 71 W., 6th P.M., Wyoming
Section 1: Lots 5, 6, 11, and 12;
Containing 4,022.960 acres more or less.

The North Antelope and Rochelle Mines are contiguous mines which are both adjacent to the lease application area. Both mines have approved mining and reclamation plans. The Rochelle Mine has an air quality permit approved by the Wyoming Department of Environmental Quality, Air Quality Division (WDEQ/AQD) to mine up to 30 million tons of coal per year. The North Antelope Mine has an air quality permit approved by the WDEQ/AQD to mine up to 35 million tons of coal per year. According to PRCC, no increase in planned production would occur at either mine solely from the acquisition of the proposed lease; the additional tonnage would extend the life of both mines.

PRCC previously acquired Federal coal lease WYW122586, containing approximately 3,493 acres adjacent to the North Antelope and Rochelle Mines, using the competitive LBA process, effective 10/1/92.

On April 14, 1995, K-M Coal Corporation filed an LBA WYW136458 with the BLM for a maintenance tract

for the following lands, which contain an estimated 432 million tons of coal:

T. 43 N., R. 70 W., 6th P.M., Wyoming

Section 4: Lots 8, 9, and 15 thru 18;

Section 5: Lots 5 thru 20;

Section 6: Lots 8 thru 23;

Section 7: Lots 5 thru 7; Lot 8 (N $\frac{1}{2}$); Lots 9 thru 12; Lot 13 (N $\frac{1}{2}$ and SE $\frac{1}{4}$); Lot 19 (NE $\frac{1}{4}$);

Section 8: Lots 1 thru 16;

Section 9: Lots 3 thru 6 and Lots 11 thru 13;

T. 43 N., R. 71 W., 6th P.M., Wyoming

Section 1: Lots 5 thru 15, 19, and SE $\frac{1}{4}$ NE $\frac{1}{4}$; Containing 3,354.265 acres more or less.

The acreage applied for in K-M's application is known as the Thundercloud tract. It is described in a 1983 BLM document entitled "Powder River Coal Region Tract Summaries", which was prepared in anticipation of a Federal coal sale proposed for 1984 that did not take place.

The Jacobs Ranch Mine has an air quality permit approved by the WDEQ/AQD to mine up to 35 million tons of coal per year. According to K-M, the additional coal reserves would extend the life of the current mining operations at the Jacobs Ranch Mine.

K-M previously acquired Federal coal lease WYW117924, containing approximately 1,079 acres adjacent to the Jacobs Ranch Mine, under the competitive LBA process, effective 10/1/92.

The major issues related to these two leases applications that have been identified to date include the potential increases in impacts to air quality, groundwater, and wildlife that may occur if these leases are issued. If you have specific concerns about these issues, or have other concerns or issues that BLM should consider in processing these leases, or if you have comments on whether BLM should prepare one NEPA document or two, please address them in writing to the above individuals or state them verbally at the public scoping meeting scheduled for June 27, 1996, in Gillette, Wyoming. BLM will accept written comments at the address should above through July 31, 1996.

Dated: June 10, 1996.

Robert A. Bennett,

Deputy State Director, Minerals & Lands.
