

Notificant proposes to engage in the proposed activities nationwide.

Section 4(c)(8) of the BHC Act provides that a bank holding company may, with Board approval, engage in any activity "which the Board after due notice and opportunity for hearing has determined (by order or regulation) to be so closely related to banking or managing or controlling banks as to be a proper incident thereto." 12 U.S.C. 1843(c)(8). The Board previously has determined, by order, that the proposed riskless principal activities are "so closely related to banking or managing or controlling banks as to be proper incident thereto." *See Order Revising the Limitations Applicable to Riskless Principal Activities*, 82 Fed. Res. Bull. ____ (Order dated June 10, 1996). *See also J.P. Morgan & Co. Incorporated*, 76 Fed. Res. Bull. 26 (1990); *Bankers Trust New York Corporation*, 75 Fed. Res. Bull. 829 (1989). Except as discussed below, Notificant has stated that Company will conduct the proposed activities using the same methods and subject to the prudential limitations established by the Board in its previous orders.

In authorizing bank holding companies to engage in riskless principal activities under section 4(c)(8) of the BHC Act, the Board has relied on a commitment that the bank holding company not act as a riskless principal for registered investment company securities or for any securities of investment companies that are advised by the bank holding company or any of its affiliates. Notificant has requested that Company be permitted to act as riskless principal in transactions involving securities of all registered investment companies, other than investment companies that are advised by Notificant or any of its affiliates.

Notificant states that it seeks relief from this restriction in order to be able to compete effectively with other providers of these services. Notificant maintains, in particular, that Company would be at a competitive disadvantage with respect to the execution of customer orders for the purchase and sale of open-end mutual funds with a sales load where, in accordance with industry practice, most broker/dealers execute and confirm such transactions on a principal basis.

In publishing the proposal for comment, the Board does not take a position on issues raised by the proposal. Notice of the proposal is published solely in order to seek the views of interested persons on the issues presented by the notice, and does not represent a determination by the Board that the proposal meets or is

likely to meet the standards of the BHC Act.

Any comments or requests for hearing should be submitted in writing and received by William W. Wiles, Secretary, Board of Governors of the Federal Reserve System, Washington, D.C. 20551, not later than July 11, 1996. Any request for a hearing on this proposal must, as required by section 262.3(e) of the Board's Rules of Procedure (12 C.F.R. 262.3(e)), be accompanied by a statement of the reasons why a written presentation would not suffice in lieu of a hearing, identifying specifically any questions of fact that are in dispute, summarizing the evidence that would be presented at a hearing, and indicating how the party commenting would be aggrieved by approval of the proposal. The notice may be inspected at the offices of the Board of Governors or the Federal Reserve Bank of New York.

Board of Governors of the Federal Reserve System, June 17, 1996.

Deputy Secretary of the Board.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

[30 DAY-14]

Agency Forms Undergoing Paperwork Reduction Act Review

The Centers for Disease Control and Prevention (CDC) publishes a list of information collection requests under review by the Office of Management and Budget (OMB) in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request more information on these projects or to obtain a copy of the data collection plans and instruments, call the CDC Reports Clearance Officer at (404) 639-7090. Send written comments to Wilma Johnson, CDC Reports Clearance Officer, 1600 Clifton Road, MS-D24, Atlanta, GA 30333. Written comments should be received within 30 days of this notice.

The following requests have been submitted for review since the last publication date on May 29, 1996.

Proposed Projects

1. Importation and Shipment of Etiologic Agents—(0920-0199)—Revision—The Antiterrorism and Effective Death Penalty Act of 1996 (Public Law 104-132) authorizes the

Secretary of Health and Human Services (HHS) to regulate the transfer of certain infectious agents harmful to humans. The Centers for Disease Control and Prevention (CDC) is the agency within the Department responsible for promulgating regulations. CDC is proposing a rule designed to ensure that select infectious agents are not shipped to parties not equipped to handle them appropriately, or who do not have legitimate reasons to use them and to implement a system whereby scientists and researchers involved in legitimate research may continue transferring and receiving these agents without undue burdens. Respondents include laboratory facilities such as those operated by government agencies, universities, research institutions, and commercial entities.

Those facilities requesting select infectious agents listed in the regulation must register with the Secretary of HHS, or with registering entities authorized by the Secretary, as capable and equipped to handle the select infectious agents in accordance with guidelines developed by CDC, the National Institutes of Health (NIH) and the Department of Defense.

Once registered, facilities must complete a federally-developed form, CDC Form EA-101, for each transfer of the agent. Information on this form will include the name of the requestor and requesting facility, the name of the transferor and transferring facility, the name of the responsible facility official for the transferor and requestor, the requesting facility's registration number, the transferring facility's registration number, the name of the agent(s) being shipped, and the proposed use of the agent. The package is being revised to include burden for laboratories to register with the Secretary.

CFR section	Number of respondents	No. of responses/respondents	Avg. burden/response (in hrs.)
Application for Permit	1,000	1	20/60
72.6(a)	1,000	1	15/60
72.6(d)	1,000	3	1.05
72.6(e)	120	21	10/60
72.6(f)	1,000	3	6/60

The total annual burden is 4,453. Send comments to Desk officer, CDC; Human Resources and Housing Branch, New Executive Office Building, Room 10235; Washington, DC 20503.

2. Tuberculosis in Children—New—The Centers for Disease Control and Prevention, National Center for HIV,

STD, and TB Prevention, Division of Tuberculosis Elimination, Surveillance Epidemiologic Investigations Branch will be conducting a study for the purpose of performing research concerning the epidemiology of TB in children, including children co-infected with the human immunodeficiency

virus (HIV). The study will involve the following modules: (1) The epidemiology, magnitude and risk factors for TB in children, including HIV-infected children; (2) studies of the diagnosis of TB in children, and (3) reducing the risk of nosocomial transmission of TB in pediatric settings.
