BILLING CODE 6820-EP-P

[OMB Control No. 9000-0083]

**Submission for OMB Review;
Comment Request Entitled
Qualification Requirements**

AGENCIES: Department of Defense (DOD), General Services Administration (GSA), and National Aeronautics and Space Administration (NASA).

ACTION: Notice of request for an extension to an existing OMB clearance (9000-0083).

SUMMARY: Under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the Federal Acquisition Regulation (FAR) Secretariat has submitted to the Office of Management and Budget (OMB) a request to review and approve an extension of a currently approved information collection requirement concerning Qualification Requirements. A request for public comments was published at 61 FR 14746, April 3, 1996. No comments were received.

DATES: *Comment Due Date:* July 25, 1996.

ADDRESSES: Comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, should be submitted to: FAR Desk Officer, OMB, Room 10102, NEOB, Washington, DC 20503, and a copy to the General Services Administration, FAR Secretariat (MVRs), 18th & F Streets, NW, Room 4037, Washington, DC 20405. Please cite OMB Control No. 9000-0083, Qualification Requirements, in all correspondence.

FOR FURTHER INFORMATION CONTACT: Mr. Ralph De Stefano, Federal Acquisition Policy Division, GSA (202) 501-1758.

SUPPLEMENTARY INFORMATION:

A. Purpose

Under the Qualified Products Program, an end item, or a component thereof, may be required to be prequalified. The solicitation at FAR 52.209-1, Qualification Requirements, requires offerors who have met the qualification requirements to identify the offeror's name, the manufacturer's name, source's name, the item name, service identification, and test number (to the extent known).

The contracting officer uses the information to determine eligibility for award when the clause at 52.209-1 is included in the solicitation. The offeror must insert the offeror's name, the manufacturer's name, source's name, the item name, service identification, and test number (to the extent known). Alternatively, items not yet listed may be considered for award upon the submission of evidence of qualification with the offer.

B. Annual Reporting Burden

Public reporting burden for this collection of information is estimated to average 15 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

The annual reporting burden is estimated as follows: Respondents, 7,882; responses per respondent, 100; total annual responses, 788,200; preparation hours per response, .25; and total response burden hours, 197,050.

OBTAINING COPIES OF PROPOSALS:

Requester may obtain copies of justifications from the General Services Administration, FAR Secretariat (MVRs), Room 4037, Washington, DC 20405, telephone (202) 501-2164. Please cite OMB Control No. 9000-0083, Qualification Requirements, in all correspondence.

Dated: June 18, 1996.

Shari Kiser,
FAR Secretariat.

BILLING CODE 3710-08-M

Proposal to Change Items 325 and 327 in the Military Traffic Management Command Freight Traffic Rules Publication No. 1A (MFTRP No. 1A) Governing Dromedary Service

AGENCY: Military Traffic Management Command (MTMC), DOD.

ACTION: Request for comments on proposed changes.

SUMMARY: MTMC is proposing changes to Items 325 and 327 in MFTRP No. 1A governing dromedary service. The following changes are necessary for clarification and to follow the current United States Department of Transportation rules:

Item 325, Paragraph 2d, beginning on line 2, the second sentence will read: "Shipments of bulk white phosphorus or of bulk initiating or priming, explosives, wetted (Diazodinitrophenol, mercury fulminate, guanyl nitrosaminoguanylidene hydrazine, lead azide, lead styphnate, nitromannite, nitrosoguanidine, pentaerythrite tetranitrate, tetrazone, lead mononitroresorcinate) will be subject to a

line-haul minimum weight of 5,000 pounds or actual weight, if greater, at the 5,000 pound tender rate."

Item 327, Paragraph 2c, beginning on line 2, the second sentence will read: "Shipments of bulk white phosphorus or of bulk initiating or priming explosives, wetted (Diazodinitrophenol, mercury fulminate, guanyl nitrosaminoguanilydene hydrazine, lead azide, lead styphnate, nitromannite, nitrosoguanidine, pentaerythrite tetranitrate, tetrazene, lead mononitroresorcinate) will be subject to a line-haul minimum weight of 10,000 pounds or actual weight, if greater, at the 10,000 pound tender rate."

Cancel Note 3 to Item 325 and Item 327.

DATES: Comments concerning the proposed changes must reach Headquarters, Military Traffic Management Command, ATTN: MTOP-T-SR, 629 NASSIF Building, 5611 Columbia Pike, Falls Church, VA 22041-5050, within 60 days of the publication date of this Federal Register notice.

FOR FURTHER INFORMATION CONTACT: Mr. Julian Jolkovsky, MTOP-T-SR, (703) 681-3440, or Mr. James Murphy, MTOP-T-SR (703) 681-3443.

SUPPLEMENTARY INFORMATION: These changes will clarify that the commodities in these Item 325 and 327 paragraphs refer to "bulk" commodities. "Bulk," as used in Items 325 and 327, means a package containing only the individual commodity, such as a package containing only lead azide. Shipments of small amounts of these commodities, as components of ammunition, have significantly lower risk because of safe and arming designs and devices and packaging, and therefore should not be subject to higher minimum weights. Cancellation of Note 3 to Items 325 and 327 eliminates misinterpretations concerning chemical ammunition that have occurred in the past.

Gregory D. Showalter,
Army Federal Register Liaison Officer.

BILLING CODE 3710-08-M

Defense Logistics Agency

Privacy Act of 1974: Computer Matching Program Between the Department of Defense and the Social Security Administration

AGENCY: Defense Manpower Data Center, Defense Logistics Agency, Department of Defense (DoD).

ACTION: Notice of a computer matching program between the Social Security

Administration and the Department of Defense.

SUMMARY: Subsection (e)(12) of the Privacy Act, 5 U.S.C. 552a, requires agencies to publish advance notice of any proposed or revised computer matching program by the matching agency for public comment. The Department of Defense (DoD), as the matching agency under the Privacy Act, is (1) hereby giving indirect or constructive notice in lieu of direct notice to the record subjects of this computer matching program between the Social Security Administration (SSA) and DoD that their records are being matched to validate an applicant's initial eligibility for, or recipients receiving, Supplemental Security Income (SSI) benefits from the SSA; and (2) announcing to the public the opportunity to comment on the proposed computer matching program.

DATES: This proposed action is effective on July 25, 1996, when the computer matching agreement will become effective and matching will proceed accordingly without further notice, unless comments are received which would result in a contrary determination or if the Office of Management and Budget or Congress objects thereto. Any public comments must be received before the effective date.

ADDRESSES: Please submit written comments to the Director, Defense Privacy Office, 1941 Jefferson Davis Highway, Room 920, Arlington, VA 22202-4502. Telephone (703) 607-2943 or DSN 327-2943.

SUPPLEMENTARY INFORMATION: Pursuant to subsection (o) of the Privacy Act of 1974, as amended, 5 U.S.C. 552a, the DoD and the SSA has concluded an agreement to conduct a computer matching program between the agencies. The purpose of the computer match is to verify the information furnished to the SSA by applicants and recipients of Supplemental Security Income benefits who are retired military members or their survivors. By law, the SSA must independently verify the information submitted by applicants and recipients. Computer matching appeared to be the most efficient and economical manner in which this verification process could be accomplished while preserving the due process of the individual concerned. Therefore, it was concluded and agreed upon that computer matching would be the best and least obtrusive manner and choice for accomplishing this requirement.

A copy of the computer matching agreement between the SSA and the

DoD is available upon request to the public. Requests should be submitted to the address above or to Mr. Steve Hawk, Matching Staff, Social Security Administration, 3-J-3 Annex Building, 6401 Security Boulevard, Baltimore, MD 21235.

Set forth below is a notice of the establishment of a computer matching program required by paragraph 6.c. of the Office of Management and Budget Guidelines on Computer Matching published in the Federal Register at 54 FR 25818 on June 19, 1989.

The matching agreement as required by 5 U.S.C. 552a(r) of the Privacy Act, was submitted on June 4, 1996, to the Committee on Government Reform and Oversight of the House of Representatives, the Committee on Governmental Affairs of the Senate, and the Administrator of the Office of Information and Regulatory Affairs, Office of Management and Budget, pursuant to paragraph 4d of Appendix I to OMB Circular No. A-130, 'Federal Agency Responsibilities for Maintaining Records about Individuals,' dated February 8, 1996 (61 FR 6428, February 20, 1996). The matching program is subject to review by OMB and Congress and shall not become effective until that review period has elapsed.

Dated: June 10, 1996.

Patricia L. Toppings,
Alternate OSD Federal Register Liaison
Officer, Department of Defense.

Computer Matching Program Between the Department of Defense and the Social Security Administration for Verification of Eligibility for Supplemental Security Income

A. Participating agencies: Participants in this computer matching are the Social Security Administration (SSA) and the Defense Manpower Data Center (DMDC) of the Department of Defense (DoD). The SSA is the source agency, i.e., the agency disclosing the records for the purpose of the match. The DMDC is the specific recipient agency or matching agency, i.e., the agency that actually performs the computer matching.

B. Purpose of the match: The Social Security Act requires SSA to verify, with independent or collateral sources, information provided to SSA by applicants for and recipients of SSI payments. The SSI applicant or recipient provides information about eligibility factors and other relevant information. SSA obtains additional information as necessary before making any determinations of eligibility or payment amounts or adjustments thereto. With respect to military
