

B. Compatibility of Proposed Routine Use

We are proposing the changes discussed above in accordance with the Privacy Act (5 U.S.C. 552a(a)(7), (b)(3), (e)(4) and (e)(11)) and our disclosure regulation (20 CFR part 401).

The Privacy Act permits us to disclose information about individuals without their consent for a routine use, i.e., where the information will be used for a purpose that is compatible with the purpose for which we collected the information. Consistent with the Privacy Act, under 20 CFR 401.310 we may disclose information under a routine use for administering our programs, or for administering similar programs of other agencies. SSA collects and maintains SSNs and other personal identification data in the Enumeration System in order to identify and retrieve information about individuals in SSA's records, to administer programs for which SSA is responsible, and to detect the use of a SSN by a person to whom the SSN was not assigned. Other Federal, State and local entities use such information for similar purposes in programs similar to SSA's programs. Disclosing SSNs to such Federal, State and local entities will support the effective and efficient administration of various assistance programs by the States. Therefore, we find that disclosing SSNs to Federal, State and local entities for the purpose of administering income-maintenance and health-maintenance programs serves purposes that are compatible with purposes for which SSA collects the information and meets the criteria of the Privacy Act and the regulation for establishment of a routine use.

C. Effect of the Proposal on Individual Rights

As discussed above, the proposed revised routine use will permit SSA to disclose SSNs to Federal, State and local entities for the purpose of administering income-maintenance and health-maintenance programs, where such use is authorized by Federal statute. Disclosure will assist Federal, State and local entities in determining eligibility for income-maintenance and health-maintenance programs. While disclosure will have some impact on the privacy of individuals (for example, States will be better able to determine the true identity of applicants for income-maintenance and health-maintenance programs), disclosure will only be made where authorized by Federal statute and will reduce fraud and abuse in these programs. SSA will follow all statutory and regulatory requirements for disclosure. Thus, we

do not anticipate that the disclosure will have any unwarranted effect on the privacy or other rights of individuals.

Dated: June 18, 1996.

Commissioner of Social Security.

Verification of Country of Origin for Textiles and Textile Products Subject to Section 204 of the Agricultural Act of 1956, as Amended

June 24, 1996.

AGENCY: Committee for the Implementation of Textile Agreements (CITA).

ACTION: Issuing a directive to the Commissioner of Customs authorizing the denial of entry of shipments of

textiles and textile products if a country refuses to permit U.S. Customs Service on-site verification of production in order to obtain the best information available to determine country of origin.

EFFECTIVE DATE: June 24, 1996.

FOR FURTHER INFORMATION CONTACT: Brian F. Fennessy, International Trade Specialist, Office of Textiles and Apparel, U.S. Department of Commerce, (202) 482-3400.

SUPPLEMENTARY INFORMATION:

Authority: Executive Order 11651 of March 3, 1972, as amended; section 204 of the Agricultural Act of 1956, as amended (7 U.S.C. 1854).

Pursuant to the authority in section 204 of the Agricultural Act of 1956, as amended (7 U.S.C. 1854), as delegated in Executive Order 11651 of March 3, 1972, as amended, the U.S. Customs Service is authorized to deny entry of certain textiles and textile products subject to section 204 of the Act if a country declared to be the country of origin for the subject merchandise does not permit the U.S. Customs Service to conduct an on-site verification of production.

Under Title 19, section 12.130 of the Code of Federal Regulations, U.S. Customs is required to make a country of origin determination for textiles and textile products. Such determination may be made on the basis of information provided by the importer or, at the discretion of the Commissioner, on the basis of the best information available. In order to develop such information, it may be necessary for Customs to conduct an on-site verification of production in the country declared to be the country of origin.

In the letter published below, the Chairman of CITA authorizes the Commissioner of Customs to deny entry of certain textiles and textile products subject to section 204 of the Agricultural Act of 1956, as amended, if Customs on-site verification of production is not permitted.

In carrying out this authority, the U.S. Customs Service will act in accordance with applicable textile agreements and with the provisions of 19 C.F.R. section 12.130(g).
