BILLING CODE 4410-01-M

DEPARTMENT OF LABOR

Office of Labor-Management Standards

Proposed Collection; Comment Request

ACTION: Notice.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public

and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506(c)(2)(A)]. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Office of Labor-Management Standards (OLMS) is soliciting comments concerning the proposed extension of the collection of information requirements of Labor Organization and Auxiliary Reports. A copy of the proposed information collection request (ICR) and/or the reporting forms can be obtained by contacting the office listed below in the addressee section of this notice.

DATES: Written comments must be submitted to the office listed in the addressee section below on or before August 30, 1996. The Department of Labor is particularly interested in comments which:

- evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- enhance the quality, utility, and clarity of the information to be collected; and
- minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

ADDRESSEE: John Kotch, Deputy Assistant Secretary, Office of Labor-Management Standards, U.S. Department of Labor, 200 Constitution Avenue, NW., Room N-5605, Washington, DC 20210, (202) 219-7337 (this is not a toll-free number). Fax number: (202) 219-6459.

SUPPLEMENTARY INFORMATION:

I

Background: Congress enacted the Labor-Management Reporting and Disclosure Act of 1959, as amended (LMRDA), to provide for the disclosure

of information on the financial transactions and administrative practices of labor organizations. The statute also provides, under certain circumstances, for reporting by labor organization officers and employees, employers, labor relations consultants, and surety companies. Section 208 of the LMRDA authorizes the Secretary to issue rules and regulations prescribing the form of the required reports. The reporting provisions were devised to implement a basic tenet of the LMRDA: the guarantee of democratic procedures and safeguards within labor organizations that are designed to protect the basic rights of union members. Section 205 of the LMRDA provides that the reports are public information.

II

Current Actions: The Department of Labor is seeking extension of the current approval of the collection of information with the minor modification of reducing the total burden hours by 61 due to the elimination of Form LM-6 (a signature sheet for labor organizations held in trusteeship). An extension is necessary because the LMRDA explicitly requires the reporting and establishes the frequency of the required filings. The information collected by OLMS is used by union members to help self-govern their unions, by the general public, and as research material for both outside researchers and within the Department of Labor. The information is also used to assist DOL and other government agencies in detecting improper practices on the part of labor organizations, their officers and/or representatives, and is used by Congress in oversight and legislative functions. OLMS receives approximately 800 requests per month for public disclosure of reports.
