

SUPPLEMENTARY INFORMATION: On November 1, 1995, we announced in the Federal Register our intent to begin tests on or about November 1, 1995 of the procedures to be conducted by an adjudication officer (60 FR 55642). At that time we identified nine test sites; all of the test sites listed in that notice were in State Agencies which make disability determinations for us. We are now planning additional tests of the adjudication officer procedures and at this time we are announcing an additional 17 test sites. All of these additional test sites are offices of the Social Security Administration. We plan to begin these tests on or about February 1, 1996. We will continue these tests for approximately 12 months. The sites selected present a mix of geographic areas and case loads. We expect that these tests, together with the tests already being conducted in State Agencies, will provide us with sufficient information to determine the effect of the adjudication officer position on the administrative review process. We will publish another notice in the Federal Register if we extend the duration of any of the tests or expand further the number of test sites. The tests discussed in this notice will be conducted at the following seventeen Social Security Administration locations:

- SSA, Office of Hearings and Appeals, 555 Main Street, Suite 900, Norfolk, VA 23510
- SSA, District Office, 2600 Wilshire Blvd, Los Angeles, CA 90057

- SSA, Office of Disability and International Operations (ODIO), 3-B-21 Tower, 1500 Security Drive, Baltimore, MD 21241

Not all hearing requests received in the test sites listed above will be handled under the test procedures. However, if a request for a hearing is selected to be handled by an adjudication officer as part of the test, the claim will be processed under the procedures established under the final regulations cited above. We currently plan to conduct these alone; they will not be conducted in combination with one or more of the tests we plan to conduct pursuant to the final rules "Testing Modifications to the Disability Determination Procedures" published in the Federal Register on April 24, 1995 (60 FR 20023). However, if we test the use of the adjudication officer in combination with the provisions of the final rules on "Testing Modifications to the Disability Determination Procedures," we will publish the locations and dates of the tests in the Federal Register.

Dated: January 26, 1996.
