Exchange Visitor Program

AGENCY: United States Information Agency.

ACTION: Final rule.

SUMMARY: To facilitate use of the short-term scholar category for the purpose of participation in the Exchange Visitor Program, the Agency is extending the permitted period of program participation as a short-term scholar from four months to six months.

EFFECTIVE DATE: This rule is effective July 30, 1996.

FOR FURTHER INFORMATION CONTACT: Stanley S. Colvin, Assistant General Counsel, United States Information

Agency, 301 4th Street, SW., Washington, DC 20547; Telephone, (202) 619-4979.

SUPPLEMENTARY INFORMATION: On June 10, 1996 the Agency adopted a final rule governing eligibility for Exchange Visitor Program participation as a professor or research scholar. This final rule, which amended § 514.20 of the Exchange Visitor Program regulations, limits program participation as a professor or research scholar to nonimmigrant aliens who have not been physically present in the United States, in J visa status, for all or part of the twelve month period preceding their entry into the United States as a professor or research scholar participant.

An exception to this rule was provided to nonimmigrant aliens present in the United States for less than six months or whose presence in the United States was pursuant to program participation as a short-term scholar. Accordingly, both to facilitate use of the short-term scholar category and to conform the period of program duration of the short-term scholar category to the exception permitted by § 514.20(d), the Agency hereby extends the period of program duration for this category from four months to six months.

RIN 0651-AA82

Revision of Patent Fees for Fiscal Year 1997

AGENCY: Patent and Trademark Office, Commerce.

ACTION: Notice of final rulemaking.

SUMMARY: The Patent and Trademark Office (PTO) is amending the rules of practice in patent cases to adjust certain patent fee amounts to reflect fluctuations in the Consumer Price Index (CPI) and to recover costs of operation.

EFFECTIVE DATE: October 1, 1996.

FOR FURTHER INFORMATION CONTACT: Robert Harris by telephone at (703) 305-8510, fax at (703) 305-8525, e-mail at rharris@uspto.gov, or by mail marked to his attention and addressed to the U.S. Patent and Trademark Office, Office of Planning and Evaluation, Crystal Park 1, Suite 1107, Washington, DC 20231.

SUPPLEMENTARY INFORMATION: This rule change is designed to adjust PTO fees in accordance with the applicable provisions of title 35, United States Code; and section 10101 of the Omnibus Budget Reconciliation Act of 1990 (as amended by section 8001 of Public Law 103-66), all as amended by the Patent and Trademark Office Authorization Act of 1991 (Public Law 102-204).

Background

Statutory Provisions

Patent fees are authorized by 35 U.S.C. 41 and 35 U.S.C. 376. A fifty percent reduction in the fees paid under 35 U.S.C. 41(a) and (b) by independent inventors, small business concerns, and nonprofit organizations who meet prescribed definitions is required by 35 U.S.C. 41(h).

Subsection 41(f) of title 35, United States Code, provides that fees established under 35 U.S.C. 41(a) and (b) may be adjusted on October 1, 1992, and every year thereafter, to reflect fluctuations in the Consumer Price Index (CPI) over the previous 12 months.

Section 10101 of the Omnibus Budget Reconciliation Act of 1990 (amended by

section 8001 of Public Law 103-66) provides that there shall be a surcharge on all fees established under 35 U.S.C. 41(a) and (b) to collect \$115 million in fiscal year 1997.

Subsection 41(d) of title 35, United States Code, authorizes the Commissioner to establish fees for all other processing, services, or materials related to patents to recover the average cost of providing these services or materials, except for the fees for recording a document affecting title, for each photocopy, and for each black and white copy of a patent.

Section 376 of title 35, United States Code, authorizes the Commissioner to set fees for patent applications filed under the patent Cooperation Treaty (PCT).

Subsection 41(g) of title 35, United States Code, provides that new fee amounts established by the Commissioner under section 41 may take effect thirty days after notice in the Federal Register and the Official Gazette of the Patent and Trademark Office.

Recovery Level Determinations

This rule adjusts patent fees for a planned recovery of \$716,723,000 in fiscal year 1997, as proposed in the Administration's budget request to the Congress.

The patent statutory fees established by 35 U.S.C. 41(a) and (b) will be adjusted on October 1, 1996, to reflect any fluctuations occurring during the previous 12 months in the Consumer Price Index for all urban consumers (CPI-U). In calculating these fluctuations, the Office of Management and Budget (OMB) has determined that the PTO should use CPI-U data as determined by the Secretary of Labor. However, the Department of Labor does not make public the CPI-U until approximately 21 days after the end of the month being calculated. Therefore, the latest CPI-U information available is for the month of June 1996. In accordance with previous rulemaking methodology, the PTO uses the Administration's projected CPI-U for the 12-month period ending September 30, 1996, which is 3.1 percent. Based on this projection, patent statutory fees will be adjusted by 3.1 percent. Before the final fee schedule is published, the fees may be adjusted slightly based on updated available from the Department of Labor.

Certain non-statutory patent processing fees established under 35 U.S.C. 41(d) and PCT processing fees established under 35 U.S.C. 376 will be adjusted to recover their estimated average costs in fiscal year 1996. Three

patent service fees that are set by statute will not be adjusted. The three fees that are not being adjusted are assignment recording fees, printed patent copy fees and photocopy charge fees.

The final fee amounts were rounded by applying standard arithmetic rules so that the amounts rounded would be convenient to the user. Fees of \$100 or more were rounded to the nearest \$10. Fees between \$2 and \$99 were rounded to an even number so that any comparable small entity fee would be a whole number.

Workload Projections

Determination of workloads varies by fee. Principal workload projection techniques are as follows:

Patent application workloads are projected from statistical regression models using recent application filing trends. Patent issues are projected from an in-house patent production model and reflect examiner production achievements and goals. Patent maintenance fee workloads utilize patents issued 3.5, 7.5 and 11.5 years prior to payment and assume payment rates of 79 percent, 55 percent and 32 percent, respectively. Service fee workloads follow linear trends from prior years' activities.

General Procedures

Any fee amount that is paid on or after the effective date of the fee increase would be subject to the new fees then in effect. For purposes of determining the amount of the fee to be paid, the date of mailing indicated on a proper Certificate of Mailing or Transmission, where authorized under 37 CFR 1.8, will be considered to be the date of receipt in the PTO. A Certificate of Mailing or Transmission under Section 1.8 is not proper for items which are specifically excluded from the provisions of Section 1.8. Section 1.8 should be consulted for those items for which a Certificate of Mailing or Transmission is not proper. Such items include, inter alia, the filing of national and international applications for patents and the filing of trademark applications. However, the provisions of 37 CFR 1.10 relating to filing papers and fees with an "Express Mail" certificate do apply to any paper or fee (including patent and trademark applications) to be filed in the PTO. If an application or fee is filed by "Express Mail" with a proper certificate dated on or after the effective date of the rules, as amended, the amount of the fee to be paid would be the fee established by the amended rules.

In order to ensure clarity in the implementation of the new fees, a

discussion of specific sections is set forth below.

Discussion of Specific Rules

37 CFR 1.16 National Application Filing Fees

Section 1.16, paragraphs (a), (b), (d), and (f) through (i), is revised to adjust fees established therein to reflect fluctuations in the CPI. Further, section 1.16, is revised to remove the undesignated text following paragraph (d), and add a new paragraph (k) including the provisions of such deleted undesignated text. In addition, § 1.16(k) is also applicable to any additional fees required by §§ 1.16 (i) and (j).

37 CFR 1.17 Patent Application Processing Fees

Section 1.17, paragraphs (b) through (g), (m), (r) and (s), is revised to adjust fees established therein to reflect fluctuations in the CPI.

Section 1.17, paragraphs (j) and (n) through (p), is revised to adjust fees established therein to recover costs.

37 CFR 1.18 Patent Issue Fees

Section 1.18, paragraphs (a) through (c), is revised to adjust fees established therein to reflect fluctuations in the CPI.

37 CFR 1.20 Post-Issuance Fees

Section 1.20, paragraphs (c), (i), and (j), is revised to adjust fees established therein to recover costs.

Section 1.20, paragraphs (e) through (g), is revised to adjust fees established therein to reflect fluctuations in the CPI.

37 CFR 1.21 Miscellaneous Fees and Charges

Section 1.21, paragraph (a)(1), is revised to establish a non-refundable applications fee which reflects the costs of processing an application for the registration examination. Currently, the PTO evaluates and processes the applications of individuals who do not qualify for admission or those who withdraw from the examination, but generally refunds the examination fee to such applicants. Thus, other fee payers bear the costs of this evaluation and processing. This amendment will shift the expense of evaluating applications to all applicants. In order to offset the application fee, the examination fee will be slightly decreased.

Section 1.21, paragraph (a)(3) and (a)(6), is revised to adjust fees established therein to recover costs.

37 CFR 1.445 International Application Filing, Processing, and Search Fees

Section 1.445, paragraph (a), is revised to adjust the fees authorized by

35 U.S.C. 376 to recover costs and reflect current business practices.

37 CFR 1.482 International Preliminary Examination Fees

Section 1.482, paragraphs (a)(1)(i), (a)(1)(ii), and (a)(2)(ii), is revised to adjust the fees authorized by 35 U.S.C. 376 to recover costs.

37 CFR 1.492 National Stage Fees

Section 1.492, paragraphs (a), (b) and (d), is revised to adjust fees established therein to reflect fluctuations in the CPI.

Response to Comments on the Rules

A notice of proposed rulemaking to adjust patent fee amounts was published in the Federal Register on May 1, 1996, at 61 FR 19224 and the Office Gazette of the United States Patent and Trademark Office on May 7, 1996, at 1186 OG 14.

A public hearing was held on June 5, 1996. Two comments were received and considered in adopting the rules set forth herein. No oral testimony was presented.

Comment: One respondent stated that the PTO should not adjust patent fee amounts using the U.S. Department of Labor's Consumer Price Index (CPI). The respondent stated that the CPI does not reflect a true or accurate index of increasing consumer prices.

Response: The PTO is required by law to base its inflationary fee increases on fluctuations in the CPI over the 12 months prior to the effective date of the fee increase. However, if the Department of Labor modifies the definition or changes the method of calculating the Consumer Price Index for all urban consumers (CPI-U), which is the version of the CPI that OMB has determined the PTO should use, future PTO inflationary fee increases could be based on the revised index.

Comment: One respondent stated that the patent extension fees set in 37 CFR 1.17 (a) through (d) should be reduced by at least 50 percent for patent applications filed on or after June 8, 1995.

Response: Patent extension fees were set in statute by Congress in 1982 with the enactment of Public Law 97-247. The PTO does not have the authority to offer a 50 percent discount for all patent applications filed on or after June 8, 1995.

Other Considerations

This rulemaking contains no information collection within the meaning of the Paperwork Reduction Act of 1995, 44 U.S.C. 3501 et seq. This rule has been determined to be not significant for purposes of Executive

Order 12866. The PTO has determined that this rule change has no Federalism implications affecting the relationship between the National Government and the States as outlined in Executive Order 12612.

The Assistant General Counsel for Legislation and Regulation of the Department of Commerce has certified to the Chief Counsel for Advocacy, Small Business Administration, that the rule change will not have a significant impact on a substantial number of small entities (Regulatory Flexibility Act, 5 U.S.C. 605(b)). The rule change increases fees to reflect the change in the CPI as authorized by 35 U.S.C. 41(f). Further, the principal impact of the major patent fees has already been taken into account in 35 U.S.C. 41(h), which provides small entities with a 50-percent reduction in the major patent fees.

A comparison of existing and new fee amounts is included as an Appendix to this notice of final rulemaking.

POSTAL SERVICE

39 CFR Part 20

Amendment to International Package Consignment Service to Japan, Canada, and the U.K.

AGENCY: Postal Service.

ACTION: Amendment to interim rule with request for comments.

SUMMARY: The Postal Service is amending the interim rule on International Package Consignment Service (IPCS) to add additional IPCS processing facilities and to limit availability of customer processing.

DATES: The interim regulations take effect at 12:01 a.m. on July 1, 1996. Comments must be received on or before August 30, 1996.

ADDRESSES: Written comments should be mailed or delivered to International Business Unit, U.S. Postal Service, 475 L'Enfant Plaza SW, Room EB-4400, Washington, DC 20260-6500. Copies of all written comments will be available for public inspection and photocopying between 9 a.m. and 4 p.m., Monday through Friday, at the above address.

FOR FURTHER INFORMATION CONTACT: Frank Richards, (202) 268-5743.

SUPPLEMENTARY INFORMATION: International Package Consignment Service is a service that assists mail order companies and other customers that send merchandise to Japan, Canada, and the United Kingdom (U.K.). Presently, the Postal Service has one IPCS processing facility at John F.

Kennedy Airport in New York. Customers within 500 miles of that facility have their packages picked up by the Postal Service for transport to the JFK facility for processing. Customers more than 500 miles from the JFK facility have been required to transport their packages to the JFK facility or perform some of the processing of the packages themselves. In order to further meet the needs of customers more than 500 miles from the JFK facility, the Postal Service is opening additional processing sites near the Dallas-Fort Worth International Airport, and in Chicago, Miami, San Francisco, and Seattle. The Dallas International Service Center will open on July 1, 1996. Within the next three months, the Postal Service will open the additional facilities in Chicago, Miami, San Francisco, and Seattle. The actual opening dates will be published in the Postal Bulletin.

Accordingly, the Postal Service hereby adopts this amendment to the interim rule for IPCS to Japan, Canada, and the U.K. Although 39 U.S.C. 407 does not require advance notice and opportunity for submission of comments, and the Postal Service is exempted by 39 U.S.C. 410(a) from the advance notice requirements of the Administrative Procedure Act regarding proposed rulemaking (5 U.S.C. 553), the Postal Service invites interested persons to submit written data, views, or arguments concerning the interim rule.

The Postal Service adopts the following amendments to the International Mail Manual, which is

incorporated by reference in the Code of Federal Regulations. See 39 CFR 20.1.
