FOR FURTHER INFORMATION CONTACT: Beverly Milkman (703) 603-7740.

SUPPLEMENTARY INFORMATION: On January 26 and May 10, 1996, the Committee for Purchase From People Who Are Blind or Severely Disabled published notices (61 FR 2494 and 21444) of proposed additions to the Procurement List.

Comments were received from the company which is the current contractor for these proposed additions to the Procurement List. The contractor listed its current contracts, and noted that two thirds of them, including the two affected by the Committee's proposals, will expire in 1998 if all options are exercised. The contractor claimed that loss of all these contracts would reduce its total revenues substantially.

According to information available to the Committee, the contracts for these two services represent only a fifth of the total revenue loss which the contractor predicted to occur in 1998, and even a smaller percentage of the contractor's total sales. The contractor admitted to the Committee staff that it would not be precluded from bidding on the successor contracts to those expiring in 1998, other than for the two services being added to the Procurement List, and that the company could seek other business as well.

Under these circumstances, the Committee does not believe that adding these two services to the Procurement List would have a severe adverse impact on the contractor. The sales loss is below the level which the Committee considers to cause severe adverse impact, the contractor has opportunities to mitigate the loss, and the length of time until the contracts expire will give the contractor both motive and opportunity to find replacement business for the contracts being added to the Procurement List.

After consideration of the material presented to it concerning capability of qualified nonprofit agencies to provide the services and impact of the additions on the current or most recent contractors, the Committee has determined that the services listed below are suitable for procurement by the Federal Government under 41 U.S.C. 46-48c and 41 CFR 51-2.4.

I certify that the following action will not have a significant impact on a substantial number of small entities.

The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small organizations that will furnish the services to the Government.

2. The action will not have a severe economic impact on current contractors for the services.

3. The action will result in authorizing small entities to furnish the services to the Government.

4. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46 - 48c) in connection with the services proposed for addition to the Procurement List.

Accordingly, the following services are hereby added to the Procurement List:

Switchboard Operation, Oklahoma City Air Logistics Center, Tinker Air Force Base, Oklahoma

Unclassified Technical Order & Decal Distribution, Oklahoma City Air Logistics Center, Tinker Air Force Base, Oklahoma

This action does not affect current contracts awarded prior to the effective date of this addition or options that may be exercised under those contracts.

Beverly L. Milkman,

Executive Director.

ACTION: Notice of preliminary results of antidumping duty administrative review.

SUMMARY: In response to a request from one respondent, Lafarge Fondu International (LFI) and its U.S. subsidiary, Lafarge Calcium Aluminates, Inc. (LCA) (collectively, Lafarge), the Department of Commerce (the Department) is conducting an administrative review of the antidumping duty order on calcium aluminate (CA) flux from France. (Customs) to assess antidumping duties equal to the differences between the United States Price (USP) and NV.

Interested parties are invited to comment on these preliminary results. Parties who submit arguments in this proceeding are requested to submit with the argument (1) a statement of the issues, and (2) a brief summary of the argument.
