BILLING CODE 6718-05-P

44 CFR Part 65

[Docket No. FEMA-7189]

Changes in Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency (FEMA).

ACTION: Interim rule.

SUMMARY: This interim rule lists communities where modification of the base (1% annual chance) flood elevations is appropriate because of new scientific or technical data. New flood insurance premium rates will be calculated from the modified base flood

elevations for new buildings and their contents.

DATES: These modified base flood elevations are currently in effect on the dates listed in the table below and revise the Flood Insurance Rate Map(s) in effect prior to this determination for the listed communities.

From the date of the second publication of these changes in a newspaper of local circulation, any person has ninety (90) days in which to request through the community that the Associate Director for Mitigation reconsider the changes. The modified elevations may be changed during the 90-day period.

ADDRESSES: The modified base flood elevations for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

FOR FURTHER INFORMATION CONTACT: Michael K. Buckley, P.E., Chief, Hazard Identification Branch, Mitigation

Directorate, 500 C Street S.W., Washington, DC 20472, (202) 646-2756.

SUPPLEMENTARY INFORMATION: The modified base flood elevations are not listed for each community in this interim rule. However, the address of the Chief Executive Officer of the community where the modified base flood elevation determinations are available for inspection is provided.

Any request for reconsideration must be based on knowledge of changed conditions or new scientific or technical data.

The modifications are made pursuant to Section 201 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and are in accordance with the National Flood Insurance Act of 1968, 42 U.S.C. 4001 et seq., and with 44 CFR Part 65.

For rating purposes, the currently effective community number is shown and must be used for all new policies and renewals.

The modified base flood elevations are the basis for the floodplain management measures that the

community is required to either adopt or to show evidence of being already in effect in order to qualify or to remain qualified for participation in the National Flood Insurance Program (NFIP).

These modified elevations, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by other Federal, State, or regional entities.

The changes in base flood elevations are in accordance with 44 CFR 65.4.

National Environmental Policy Act

This rule is categorically excluded from the requirements of 44 CFR Part 10, Environmental Consideration. No

environmental impact assessment has been prepared.

Regulatory Flexibility Act

The Associate Director for Mitigation certifies that this rule is exempt from the requirements of the Regulatory Flexibility Act because modified base flood elevations are required by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and are required to maintain community eligibility in the NFIP. No regulatory flexibility analysis has been prepared.

Regulatory Classification

This interim rule is not a significant regulatory action under the criteria of Section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 12612, Federalism

This rule involves no policies that have federalism implications under Executive Order 12612, Federalism, dated October 26, 1987.

Executive Order 12778, Civil Justice Reform

This rule meets the applicable standards of Section 2(b)(2) of Executive Order 12778.

 Austin L. Schmitt, Director, Bureau of Economics and Agreement Analysis, Federal Maritime Commission, 800 North Capitol Street, NW., Washington, DC 20573-0001, (202) 523-5787.

SUPPLEMENTARY INFORMATION: In Docket No. 94-31, *Information Form and Post-Effective Reporting Requirements for Agreements Among Ocean Common Carriers Subject to the Shipping Act of 1984*, the Federal Maritime Commission amended its regulations set forth in 46 CFR part 572 governing the filing, processing and review of agreements subject to the Shipping Act of 1984. 61 FR 11564 (Mar. 21, 1996). 46 CFR 572.701(f) provides in part that Monitoring Reports shall be filed within 30 days of the end of each calendar quarter. *Id.* at 11,576. Upon further consideration, the Commission has determined that ocean common carriers subject to Monitoring Report obligations need additional time to gather, organize and submit all required data. Accordingly, 46 CFR 572.701(f) is amended to provide that Monitoring Reports shall be filed within 75 days of the end of each calendar quarter.

In addition, 46 CFR 572.702(b) provides in part that the Commission's Bureau of Economics and Agreement Analysis shall determine the monitoring obligations for certain kinds of agreements for each upcoming calendar year, based on the market share data reported on the agreements' Monitoring Reports for the previous third quarter (July-September). 61 FR at 11,577. Upon further consideration, the Commission has determined that third-quarter data would not be available to agreement carriers in time to allow for the orderly submission and review of such data before the end of each calendar year.

Accordingly, monitoring classifications will be done on the basis of market share data for the previous second quarter (April-June).

Notice and opportunity for public comment were not necessary prior to issuance of these amendments because they liberalize existing requirements and are less burdensome on the public. For the same reasons, the amendments are effective upon publication in the Federal Register, rather than being delayed for 30 days. 5 U.S.C. 553.

Administrative practice and procedure; Maritime carriers; Reporting and recordkeeping requirements.

Therefore, pursuant to 5 U.S.C. 553 and sections 4, 5, 6, 10, 15 and 17 of the Shipping Act of 1984, 46 U.S.C. app. 1703, 1704, 1705, 1709, 1714 and 1716, Part 572 of Title 46, Code of Federal Regulations, is amended as follows:

PART 572—AGREEMENTS BY OCEAN COMMON CARRIERS AND OTHER PERSONS SUBJECT TO THE SHIPPING ACT OF 1984

1. The authority citation for Part 572 continues to read as follows:

Authority: 5 U.S.C. 553, 46 U.S.C. app. 1701-1707, 1709-1710, 1712 and 1714-1717.

3. In § 572.702, the second sentence of paragraph (b) is revised as follows:

FEDERAL MARITIME COMMISSION

46 CFR Part 572

[Docket No. 94-31]

Information Form and Post-Effective Reporting Requirements for Agreements Among Ocean Common Carriers Subject to the Shipping Act of 1984

AGENCY: Federal Maritime Commission.
ACTION: Amendments to final rule.

SUMMARY: The Federal Maritime Commission is amending the final rule in this proceeding so that monitoring reports will be due within 75 days of the end of each calendar quarter, rather than 30 days as presently required. The intent of this amendment is to allow carriers subject to monitoring report obligations adequate time to gather, organize and submit all required data. In addition, the Commission is amending the final rule to provide that annual classification of agreements for monitoring purposes will be done on the basis of second-quarter market share, rather than third-quarter market-share as presently required. The purpose of this amendment is to ensure adequate time for the submission and review of such data before the end of each calendar year.

EFFECTIVE DATE: August 5, 1996.
