FOR FURTHER INFORMATION CONTACT: Kim Blankenbeker, 301-713-2276.

SUPPLEMENTARY INFORMATION: Section 971b of the ATCA (16 U.S.C. 971 *et seq.*) requires that an advisory committee be established that shall be composed of (1) not less than five nor more than 20 individuals appointed by the U.S. Commissioners to ICCAT who shall select such individuals from the various groups concerned with the fisheries covered by the ICCAT Convention; and (2) the chairs (or their designees) of the New England, Mid-Atlantic, South Atlantic, Caribbean, and Gulf Fishery Management Councils. The Advisory Committee shall, to the maximum extent practicable, consist of an equitable balance among the various groups concerned with these fisheries.

Each member of the Advisory Committee appointed under item (1) above shall serve for a term of 2 years and shall be eligible for reappointment. Members of the Advisory Committee may attend all public meetings of the ICCAT Commission, Council, or any Panel and any other meetings to which they are invited by the ICCAT Commission, Council, or any Panel. The Advisory Committee shall be invited to attend all nonexecutive meetings of the U.S. Commissioners to ICCAT and, at such meetings, shall be given the opportunity to examine and to be heard on all proposed programs of investigation, reports, recommendations, and regulations of the ICCAT Commission. Members of the Advisory Committee shall receive no compensation for their services as such members. The Secretary of Commerce and the Secretary of State may pay the

Any species working group shall consist of no more than seven members of the Advisory Committee and no more than four scientific or technical personnel, as considered necessary by the Commissioners. Specifically, there is a Bluefin Tuna Working Group, a Swordfish Working Group, a Billfish Working Group, and a BAYS (Bigeye, Albacore, Yellowfin, and Skipjack) Working Group. Technical advisors to a species working group serve at the pleasure of the U.S. Commissioners; therefore, the Commissioners can choose to alter appointments at any time.

Nominations to the Advisory Committee or to a species working group should include a letter of interest and a resumé or curriculum vitae. Letters of recommendation are useful but not required. Self-nominations are acceptable. When making a nomination, please clearly specify which appointment (Advisory Committee member or technical advisor to a species working group) is being sought. Requesting consideration for placement on both the Advisory Committee and a species working group is acceptable. Those interested in a species working group technical advisor appointment should indicate which of the four working groups is preferred. Placement on the requested species working group, however, is not guaranteed.
