#### **Draft Canada-United States Strategy for the Virtual Elimination of Persistent Toxic Substances in the Great Lakes Basin**

**AGENCY:** Environmental Protection Agency.

**ACTION:** Notice of the availability of the Draft Canada-United States Strategy for the Virtual Elimination of Persistent Toxic Substances in the Great Lakes

Basin (the Strategy) and opportunity to comment.

**SUMMARY:** The Great Lakes Water Quality Agreement of 1978, as amended by Protocol signed November 1987, between the United States and Canada commits the two countries to seek to virtually eliminate the discharge of persistent toxic substances to the Great Lakes ecosystem. Pursuant to this goal, the Strategy establishes a framework by which the United States Environmental Protection Agency, Environment Canada, the Great Lakes States and stakeholders, the Tribes, and national stakeholders whose actions affect or impact the Great Lakes Basin, can pursue virtual elimination of persistent toxic substances, particularly those which bioaccumulate, from the Great Lakes. These actions will help to protect and ensure the long-term health and integrity of the Great Lakes ecosystem.

Virtual elimination of persistent toxic substances will be pursued through a variety of voluntary, regulatory, and incentive-based actions aimed at reducing specific pollutants over specific timeframes. The primary approach will be to achieve reductions through pollution prevention or other voluntary means.

The geographic scope of the strategy will be focused primarily on the Great Lakes Basin; however, a larger geographic scale will be used to address atmospheric deposition. The strategy will serve as a vehicle to pursue discussions with jurisdictions having out-of-basin sources that may be adversely impacting Great Lakes water quality.

Extensive efforts have been made to inform stakeholders and the public of the Strategy, its objectives, and the process established for public involvement. These efforts have included holding public meetings, issuing progress reports, and making information available via the Internet. A number of stakeholder meetings (9/93, 9/94, and 8/95) were held in connection with the Virtual Elimination Pilot Project and Strategy development.

During the development of the Strategy, various Great Lakes stakeholders, governmental organizations, and the public have had an opportunity to provide preliminary comments. This notice now invites a wider spectrum of comments from the public, governmental organizations, stakeholders, and other interested parties. To provide this additional opportunity for input, all interested commenters will have 30 days to submit comments on the draft Strategy.

**DATES:** The draft Strategy will be made available to the public beginning August 19, 1996. Comments must be submitted no later than September 18, 1996.

**ADDRESSES:** Availability of Document and Submission of Comments: Copies of the document may be obtained by calling the Great Lakes National Program Office at (312) 353-2117 or (312) 353-9299.
