

Subpart H—Hearings on Appeal

4. Section 20.703 is revised to read as follows:

§ 20.703 Rule 703. When a hearing before the Board of Veterans' Appeals at a Department of Veterans Affairs field facility may be requested.

An appellant, or an appellant's representative, may request a hearing before the Board of Veterans' Appeals at a Department of Veterans Affairs field facility when submitting the substantive appeal (VA Form 9) or anytime thereafter, subject to the restrictions in Rule 1304 (§ 20.1304 of this part). Requests for such hearings before a substantive appeal has been filed will be rejected.

(Authority: 38 U.S.C. 7105(a), 7107)

BILLING CODE 8320-01-P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 271

[FRL-5552-5]

Indiana: Final Authorization of Revisions to State Hazardous Waste Management Program

AGENCY: Environmental Protection Agency.

ACTION: Immediate final rule.

SUMMARY: Indiana has applied for final authorization of revisions to its hazardous waste program under the Resource Conservation and Recovery Act of 1976 as amended (hereinafter RCRA). The Environmental Protection Agency (EPA) has reviewed Indiana's application and has made a decision, subject to public review and comment, that Indiana's hazardous waste program revisions satisfy all of the requirements necessary to qualify for final authorization. Thus, EPA intends to approve Indiana's hazardous waste program revisions, subject to authority retained by EPA under the Hazardous and Solid Waste Amendments of 1984 (hereinafter HSWA). Indiana's application for program revision is available for public review and comment.

EFFECTIVE DATE: Final authorization for Indiana shall be effective October 21, 1996 unless EPA publishes a prior Federal Register action withdrawing this immediate final rule. All comments on Indiana's program revision application must be received by the close of business September 19, 1996.

ADDRESSES: Copies of Indiana's program revision application are available for inspection and copying, from 9 a.m. to 4 p.m., at the following addresses: Indiana Department of Environmental Management, 100 North Senate, P.O. Box 6015, Indianapolis, Indiana 46206-6015, contact: Lynn West (317) 232-3593; U.S. EPA, Region 5, DR-7J, 77 W. Jackson Blvd., Chicago, Illinois 60604, contact: Gary Westefer (312) 886-7450. Written comments should be sent to Mr. Gary Westefer, Indiana Regulatory Specialist, U.S. EPA, Office of RCRA, DR-7J, 77 W. Jackson Blvd., Chicago, Illinois 60604, phone 312/886-7450.

FOR FURTHER INFORMATION CONTACT: Mr. Gary Westefer, U.S. EPA Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604. Phone: 312/886-7450.

SUPPLEMENTARY INFORMATION:

A. Background

States with final authorization under Section 3006(b) of the Resource Conservation and Recovery Act (RCRA or the Act), 42 U.S.C. 6929(b), have a continuing obligation to maintain a hazardous waste program that is equivalent to, consistent with, and no less stringent than the Federal hazardous waste program. In addition, as an interim measure, the Hazardous and Solid Waste Amendments of 1984 (Pub. L. 98-616, November 8, 1984, hereinafter HSWA) allows States to revise their programs to become substantially equivalent instead of equivalent to RCRA requirements promulgated under HSWA authority. States exercising the latter option receive interim authorization for the HSWA requirements under Section 3006(g) of RCRA, 42 U.S.C. 6926(g), and later apply for final authorization for the HSWA requirements.

In accordance with 40 CFR 271.21, revisions to State hazardous waste programs are necessary when Federal or State statutory or regulatory authority is modified or when certain other changes occur. Most commonly, State program revisions are necessitated by changes to EPA's regulations in 40 CFR Parts 124, 260-266, 268, 270, 273 and 279.

B. Indiana

Indiana initially received final authorization for its program effective January 31, 1986. (51 FR 3955, January 30, 1986.) Indiana received authorization for revisions to its program effective on December 31, 1986 (51 FR 39752, October 31, 1986), January 19, 1988 (53 FR 128, January 5, 1988), September 11, 1989 (54 FR 29557, July 13, 1989), September 23, 1991 (56 FR 33717, July 23, 1991),

September 23, 1991 (56 FR 33866, July 24, 1991), September 27, 1991 (56 FR 35831, July 29, 1991), and September 30, 1991 (56 FR 36010, July 30, 1991). On September 23, 1992, Indiana submitted a program revision application for an additional revision to its authorized program. This program revision is due to an Indiana Legislative Services requirement that the Indiana Department of Environmental Management (IDEM) recodify its hazardous waste management rules in order to incorporate by reference their Federal equivalent. The IDEM became the State agency responsible for administering the authorized RCRA hazardous waste management program in Indiana as of April 1, 1986. Those rules that were codified as title 329 of the Indiana Administrative Code, Article 3 (329 IAC 3) were recodified as title 329 of the Indiana Administrative Code Article 3.1 (329 IAC 3.1). This program revision reflects the recodified rules that became effective February 24, 1992. The recodified rules effectively continue the original 329 IAC 3 rules and in no way alter the State's regulatory and statutory equivalence to the Federal RCRA program. On August 5, 1992, the Indiana Attorney General certified that the recodification of Indiana's hazardous waste management rules does not affect the IDEM's authority to implement the State's authorized RCRA program.

EPA has reviewed Indiana's application, and has made an immediate final decision that Indiana's hazardous waste program revision does reflect the State's equivalency with the Federal program and satisfies all of the requirements necessary to qualify for final authorization. Consequently, EPA intends to grant final authorization to Indiana for its additional program modification. The public may submit written comments on EPA's immediate final decision up until September 19, 1996. Copies of Indiana's application for program revision are available for inspection and copying at the locations indicated in the **ADDRESSES** section of this notice.

Approval of Indiana's program revision shall become effective in 60 days unless an adverse comment pertaining to the State's revision discussed in this notice is received by the end of the comment period. If an adverse comment is received, EPA will publish either (1) a withdrawal of the immediate final decision or (2) a notice containing a response to comments which either affirms that the immediate final decision takes effect or reverses the decision.

On October 21, 1996, Indiana will be authorized to carry out, in lieu of the Federal program, those provisions of the State's program which were recodified

at title 329 of the Indiana Administrative Code, Article 3.1, and which are analogous to the following Resource Conservation and Recovery

Act rules found at Title 40 of the Code of Federal regulations:

C. Decision

I conclude that Indiana's application for program revisions meets all of the statutory and regulatory requirements established by RCRA, and its amendments. Accordingly, Indiana is granted final authorization to operate its hazardous waste program as revised. Indiana now has responsibility for permitting treatment, storage, and disposal facilities within its borders and carrying out the aspects of the RCRA program described in its revised program application, subject to the limitations of the HSWA. Indiana also has primary enforcement responsibilities, although EPA retains the right to conduct inspections under Section 3007 of RCRA and to take enforcement actions under Sections 3008, 3013, and 7003 of RCRA.

D. Incorporation by Reference

EPA incorporates by reference, authorized State programs in 40 CFR Part 272, to provide notice to the public of the scope of the authorized program in each State. Incorporation by reference of the Indiana program will be completed at a later date.

Compliance With Executive Order 12866

The Office of Management and Budget has exempted this rule from the requirements of Section 6 of Executive Order 12866.

Unfunded Mandates Reform Act

Title II of the Unfunded Mandates Reform Act of 1995 (UMRA), Public Law 104-4, establishes requirements for Federal agencies to assess the effects of their regulatory actions on State, local, and tribal governments and the private sector. Under section 202 of the UMRA, EPA generally must prepare a written statement, including a cost-benefit analysis, for proposed and final rules with "Federal mandates" that may result in expenditures to State, local, and tribal governments, in the aggregate, or to the private sector, of \$100 million

or more in any one year. Before promulgating an EPA rule for which a written statement is needed, section 205 of the UMRA generally requires EPA to identify and consider a reasonable number of regulatory alternatives and adopt the least costly, most cost-effective or least burdensome alternative that achieves the objectives of the rule. The provisions of section 205 do not apply when they are inconsistent with applicable law. Moreover, section 205 allows EPA to adopt an alternative other than the least costly, most cost-effective or least burdensome alternative if the Administrator publishes with the final rule an explanation why that alternative was not adopted. Before EPA establishes any regulatory requirements that may significantly or uniquely affect small governments, including tribal governments, it must have developed under section 203 of the UMRA a small government agency plan. The plan must provide for notifying potentially affected small governments, enabling officials of affected small governments to have meaningful and timely input in the development of EPA regulatory proposals with significant Federal intergovernmental mandates, and informing, educating, and advising small governments on compliance with the regulatory requirements.

Today's rule contains no Federal mandates (under the regulatory provisions of Title II of the UMRA) for State, local, or tribal governments or the private sector. Thus, today's rule is not subject to the requirements of sections 202 and 205 of the UMRA.

Certification Under the Regulatory Flexibility Act

EPA has determined that this authorization will not have a significant economic impact on a substantial number of small entities. EPA recognizes that small entities may own and/or operate TSDFs that will become subject to the requirements of an approved state hazardous waste program. However, since such small

entities which own and/or operate TSDFs are already subject to the requirements in 40 CFR Parts 264, 265 and 270, this authorization does not impose any additional burdens on these small entities. This is because EPA's authorization would result in an administrative change (i.e., whether EPA or the state administers the RCRA Subtitle C program in that state), rather than result in a change in the substantive requirements imposed on small entities. Once EPA authorizes a state to administer its own hazardous waste program and any revisions to that program, these same small entities will be able to own and operate their TSDFs under the approved state program, in lieu of the federal program. Moreover, this authorization, in approving a state program to operate in lieu of the federal program, eliminates duplicative requirements for owners and operators of TSDFs in that particular state.

Therefore, EPA provides the following certification under the Regulatory Flexibility Act, as amended by the Small Business Regulatory Enforcement Fairness Act. Pursuant to the provision at 5 U.S.C. 605(b), I hereby certify that this authorization will not have a significant economic impact on a substantial number of small entities. This authorization effectively approves the Indiana program to operate in lieu of the federal program, thereby eliminating duplicative requirements for handlers of hazardous waste in the state. It does not impose any new burdens on small entities. This rule, therefore, does not require a regulatory flexibility analysis.

Submission to Congress and the General Accounting Office

Under 5 U.S.C. section 801(a)(1)(A) as added by the Small Business Regulatory Enforcement Fairness Act of 1996, EPA submitted a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives and the Comptroller General of the General Accounting

Office prior to publication of the rule in today's Federal Register. This rule is not a "major rule" as defined by 5 U.S.C. section 804(2).

Paperwork Reduction Act

Under the Paperwork Reduction Act, 44 U.S.C. 3501 et seq., Federal agencies must consider the paperwork burden imposed by any information request contained in a proposed rule or a final rule. This rule will not impose any information requirements upon the regulated community.

BILLING CODE 6560-50-P

40 CFR Part 271

[FRL-5552-4]

Indiana: Final Authorization of Revisions to State Hazardous Waste Management Program

AGENCY: Environmental Protection Agency.

ACTION: Immediate final rule.

SUMMARY: Indiana has applied for final authorization of revisions to its hazardous waste program under the Resource Conservation and Recovery Act of 1976 as amended (hereinafter RCRA). Indiana's revisions consist of provisions contained in rules promulgated between January 14, 1985, and June 26, 1992, otherwise known as HSWA Clusters I and II, Non-HSWA Clusters III, IV, V, and VI, and RCRA Clusters 1 and 2. These requirements are listed in Section B of this notice. The Environmental Protection Agency (EPA) has reviewed Indiana's application and has made a decision, subject to public review and comment, that Indiana's hazardous waste program revisions satisfy all of the requirements necessary to qualify for final authorization. Thus,

EPA intends to approve Indiana's hazardous waste program revisions, subject to authority retained by EPA under the Hazardous and Solid Waste Amendments of 1984 (hereinafter HSWA). Indiana's application for program revision is available for public review and comment.

EFFECTIVE DATE: Final authorization for Indiana shall be effective October 21, 1996 unless EPA publishes a prior Federal Register action withdrawing this immediate final rule. All comments on Indiana's program revision application must be received by the close of business September 19, 1996.

ADDRESSES: Copies of Indiana's program revision application are available for inspection and copying, from 9 a.m. to 4 p.m., at the following addresses: Indiana Department of Environmental Management, 100 North Senate, P.O. Box 6015, Indianapolis, Indiana 46206-6015, contact: Lynn West (317) 232-3593; U.S. EPA, Region 5, DR-7J, 77 W. Jackson Blvd., Chicago, Illinois 60604, contact: Gary Westefer (312) 886-7450. Written comments should be sent to Mr. Gary Westefer, Indiana Regulatory Specialist, U.S. EPA, Office of RCRA, DR-7J, 77 W. Jackson Blvd., Chicago, Illinois 60604, phone 312/886-7450.

FOR FURTHER INFORMATION CONTACT: Mr. Gary Westefer, U.S. EPA Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604. Phone: 312/886-7450.

SUPPLEMENTARY INFORMATION:

A. Background

States with final authorization under Section 3006(b) of the Resource Conservation and Recovery Act (RCRA or the Act), 42 U.S.C. 6929(b), have a continuing obligation to maintain a hazardous waste program that is equivalent to, consistent with, and no less stringent than the Federal hazardous waste program. In addition, as an interim measure, the Hazardous and Solid Waste Amendments of 1984 (Pub. L. 98-616, November 8, 1984, hereinafter HSWA) allows States to revise their programs to become substantially equivalent instead of equivalent to RCRA requirements promulgated under HSWA authority. States exercising the latter option receive interim authorization for the HSWA requirements under Section 3006(g) of RCRA, 42 U.S.C. 6926(g), and later apply for final authorization for the HSWA requirements.

In accordance with 40 CFR 271.21, revisions to State hazardous waste programs are necessary when Federal or State statutory or regulatory authority is

modified or when certain other changes occur. Most commonly, State program revisions are necessitated by changes to EPA's regulations in 40 CFR Parts 124, 260-266, 268, 270, 273 and 279.

B. Indiana

Indiana initially received final authorization for its program effective January 31, 1986. (51 FR 3955, January 30, 1986). Indiana received authorization for revisions to its program effective on December 31, 1986 (51 FR 39752, October 31, 1986), January 19, 1988 (53 FR 128, January 5, 1988), September 11, 1989 (54 FR 29557, July 13, 1989), September 23, 1991 (56 FR 33717, July 23, 1991), September 23, 1991 (56 FR 33866, July 24, 1991), September 27, 1991 (56 FR 35831, July 29, 1991), and September 30, 1991 (56 FR 36010, July 30, 1991). On June 10, 1996, Indiana submitted a program revision application for additional program approvals. Today, Indiana is seeking approval of its program revision in accordance with 40 CFR 271.21(b)(3).

EPA has reviewed Indiana's application, and has made an immediate final decision that Indiana's hazardous waste program revisions satisfy all of the requirements necessary to qualify for final authorization. Consequently, EPA intends to grant final authorization for the additional program modifications to Indiana. The public may submit written comments on EPA's immediate final decision up until September 19, 1996. Copies of Indiana's application for program revision are available for inspection and copying at the locations indicated in the **ADDRESSES** section of this notice.

Approval of Indiana's program revision shall become effective in 60 days unless an adverse comment pertaining to the State's revision discussed in this notice is received by the end of the comment period. If an adverse comment is received, EPA will publish either (1) a withdrawal of the immediate final decision or (2) a notice containing a response to comments which either affirms that the immediate final decision takes effect or reverses the decision.

On October 21, 1996, Indiana will be authorized to carry out, in lieu of the Federal program, those provisions of the State's program which are analogous to the following provisions of the Federal program:
