This revision eliminates the necessity for manufacturer's to file UHF noise figure

data documenting the performance of TV receivers tested and marketed in the U.S. The requirement was eliminated from the rules by the adoption of the Report and Order in ET Docket 95-144.

Any request for a hearing must be accompanied by a statement of the reasons a written presentation would not suffice in lieu of a hearing, identifying specifically any questions of fact that are in dispute, summarizing the evidence that would be presented at a hearing, and indicating how the party commenting would be aggrieved by approval of the proposal.
