

Pursuant to section 733(d)(1)(A) and section 735(c)(5) of the Act, the Department normally may not include zero and *de minimis* weighted-average dumping margins and margins determined entirely under section 776 of the Act, in the calculation of the "all-others" deposit rate. However, such rates were the only margins available in this determination. Accordingly, the Department may, pursuant to section 735(c)(5)(B) of the Act, use "any reasonable method" to calculate the all-others rate. In this case, the Department calculated the all-others rate by using a weighted average of the rates applicable to Chen Hao Taiwan, Yu Cheer, and IKEA (Gallant's deposit rate was not included in the all-others rate calculation because no weighting factor was available and our examination of PIERS import data and other record evidence indicates that Gallant's exports—if any—do not appear to be significant). See SAA at 873.

ITC Notification

In accordance with section 733(f) of the Act, we have notified the ITC of our determination. If our final determination is affirmative, the ITC will determine before the later of 120 days after the date of this preliminary determination or 45 days after our final determination whether these imports are materially injuring, or threaten material injury to, the U.S. industry.

Public Comment

Case briefs or other written comments in at least ten copies must be submitted to the Assistant Secretary for Import Administration no later than November 26, 1996, and rebuttal briefs, no later than December 3, 1996. A list of authorities used and an executive summary of issues should accompany any briefs submitted to the Department. Such summary should be limited to five pages total, including footnotes. In accordance with section 774 of the Act, we will hold a public hearing, if requested, to afford interested parties an opportunity to comment on arguments raised in case or rebuttal briefs.

Tentatively, the hearing will be held on December 5, 1996, at 10:00 a.m. in Room 1412 at the U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230. Parties should confirm by telephone the time, date, and place of the hearing 48 hours before the scheduled time.

Interested parties who wish to request a hearing, or to participate if one is requested, must submit a written request to the Assistant Secretary for Import Administration, U.S. Department of Commerce, Room B-099, within ten

days of the publication of this notice. Requests should contain: (1) The party's name, address, and telephone number; (2) the number of participants; and (3) a list of the issues to be discussed. Oral presentations will be limited to issues raised in the briefs. If this investigation proceeds normally, we will make our final determination by 135 days after the publication of this notice in the Federal Register.

This determination is published pursuant to section 733(d) of the Act.

Dated: August 14, 1996.

Title: Photoinitiators for Free-Radical and Cationic Polymerization.

Description: Photoinitiators based on the interaction of diaryliodonium salts and acylphosphine oxides activated by visible light radiation effectively polymerize both acrylic and non-acrylic monomers so that hybrid monomer systems can be polymerized by concurrent free-radical and cationic modes of polymerization. Fabrication of improved acrylic resin-based dental materials results.
