SUPPLEMENTARY INFORMATION: This Notice informs the public that the Department of Housing and Urban Development (HUD) has submitted to OMB, for emergency processing, an information collection package with respect to the proposed "Conversion of Certain Public Housing to Tenant-Based Section 8 Vouchers and Certificates".

Section 202 of the Omnibus Consolidated Rescissions and Appropriations Act of 1996 (Pub. L. 104-134, approved April 26, 1996) ("OCRA") requires Public Housing Agencies (PHAs) to identify certain distressed public housing developments that will be required to be converted so that their households in occupancy can be given tenant-based assistance or relocated into other project-based housing (that can include other public housing units). After residents are relocated, the developments will be removed from the public housing inventory. These developments must be removed from the public housing inventory within five years, or up to ten years where HUD extends the deadline because five years is impracticable. Plans to do so must be developed in consultation with affected public housing residents and the local government containing the public housing.

Respondents will be PHAs.

The estimated number of respondents is 120. The proposed frequency of the response to the collection of information is one-time.
