 amended allocation amounts for the
 Pittsburgh HUD Office under the Fiscal
 Year (FY) 1996 notice of funding
 availability (NOFA) for the Section 202
 Program of Supportive Housing for the
 Elderly. This NOFA was published on
 July 8, 1996.

DATES: This notice does not change the
 deadline date for receipt of applications,
 as originally announced in the NOFA
 published on July 8, 1996 (61 FR
 35866), and as extended by a notice
 published on August 9, 1996 (61 FR
 41647). The deadline for receipt of
 applications is 4:00 p.m. local time on
 September 6, 1996.

ADDRESSES: This notice does not change
 the information regarding where to
 submit applications that was originally
 announced in the NOFA published on
 July 8, 1996 (61 FR 35866). Applications
 must be delivered to the Director of the
 Multifamily Housing Division in the
 HUD Office for your jurisdiction. A

listing of HUD Offices, their addresses,

FOR FURTHER INFORMATION CONTACT: The

SUPPLEMENTARY INFORMATION: On July 8,

 Housing for the Elderly. On August 9,
 1996 (61 FR 41647), HUD published a

As a result of a HUD administrative
 error, it has become necessary to fund
 the Alverno project in Millvale,

 allocation to the Pittsburgh,
 Pennsylvania HUD Office. Therefore,
 the FY 1996 allocation for the Pittsburgh
 HUD Office for metropolitan capital
 advances for Supportive Housing for the
 Elderly is reduced from \$6,927,904 to
 \$3,346,804, and the number of units is
 reduced from 103 units to 50 units. This
 notice does not change the allocation for
 nonmetropolitan capital advances for
 the Pittsburgh HUD Office. Therefore,
 the total capital advance allocation for
 the Pittsburgh HUD Office is \$4,807,686
 for 72 units.

This notice does not change any of the

Species Being Considered for Amendments to the Appendices to the Convention on International Trade in Endangered Species of Wild Fauna and Flora; Request for Information

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice.

SUMMARY: The Convention on International Trade in Endangered Species of Wild Fauna and Flora (CITES) regulates international trade in certain animal and plant species, which are listed in the appendices of this treaty. The United States, as a Party to CITES, may propose amendments to the appendices for consideration by the other Parties.

This notice invites comments and information from the public on species that have been suggested as candidates for U.S. proposals to amend Appendix I or II at the tenth regular meeting of the Conference of the Parties (COP10, June 9-20, 1997, Harare, Zimbabwe) and which the U.S. Fish and Wildlife Service (Service) believes deserve further review. For reasons explained below, the Service has opted against consideration of other recommendations by the public for species listings and will reconsider these only under circumstances presented by new scientific data or studies.

A separate, concurrent Federal Register notice presents COP10 provisional agenda topics, and announces draft resolutions or other documents that the United States is considering for submission for consideration by the Parties at COP10.

DATES: The Service will consider all comments received by October 11, 1996, on species proposals described in this notice. A public meeting on these proposals, and on proposed resolutions and agenda items for COP10, will be held from 2:00 to 4:00 p.m. on October 3, 1996, Room 200, Arlington Square Building, 4401 North Fairfax Drive, Arlington, Virginia (see separate Federal Register notice).

ADDRESSES: Please send correspondence concerning this notice to Chief, Office of Scientific Authority; 4401 North Fairfax Drive, Room 750; Arlington, Virginia 22203. Fax number 703-358-2276. Comments and other information received will be available for public inspection by appointment, from 8 a.m. to 4 p.m. Monday through Friday, at the above address.

FOR FURTHER INFORMATION CONTACT: Dr. Marshall A. Howe, Office of Scientific Authority, at the above address, telephone 703-358-1708.

SUPPLEMENTARY INFORMATION: CITES regulates import, export, re-export, and introduction from the sea of certain animal and plant species. Species for which trade is controlled are included in one of three appendices. Appendix I includes species threatened with extinction that are or may be affected by international trade. Appendix II includes species that, although not necessarily now threatened with extinction, may become so unless the trade is strictly controlled. It also lists species that must be subject to regulation in order that trade in other currently or potentially threatened species may be brought under effective control (e.g., because of difficulty in distinguishing specimens of currently or potentially threatened species from those of other species). Appendix III includes species that any Party country identifies as being subject to regulation within its jurisdiction for purposes of preventing or restricting exploitation, and for which it needs the cooperation of other Parties to control trade.

In a March 1, 1996, Federal Register notice (61 FR 8019), the Service requested public recommendations or draft proposals to amend Appendix I or II that the Service might consider proposing on behalf of the United States at COP10. That notice described the provisions of CITES for listing species in the appendices and set forth information requirements for proposals, based on new listing criteria adopted by the Parties at COP9. The present notice announces the recommendations and proposals on taxa received, explains why the Service does not intend to consider certain recommendations or proposals, and describes those that will
