This Notice also lists the following information:

Title of proposal: Insurance Information.

OMB control number: 2577-0045.

Description of the need for the information and proposed use: The Annual Contributions Contract between

HUD and a Public Housing Agency (PHA) or Indian Housing Authority (IHA) requires the PHA or IHA to insure their property for an amount sufficient to protect against financial loss. Completion of HUD-5460 is needed only when a new project is constructed. It is used to establish an insurable value at the time the project is built. The amount of insurance can then be increased each year as inflation and increased costs of construction create an upward trend on insurable values.

Agency form number, if applicable: HUD-5460.

Members of affected public: PHA/IHAs. Based upon historical information, it is estimated that approximately 60 new projects will be constructed each year. Public burden for collection of the information necessary to complete HUD-5460 is estimated to average one hour per response, including time for reviewing instructions, searching existing data sources, gathering data needed, and reviewing the collection of information. Annual burden hours per PHA/IHA should not exceed one hour, and total hours for all combined would be approximately sixty. Status of the proposed information collection: Reinstatement.

Authority: Section 3506 of the Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35, as amended.

Dated: August 20, 1996.

Michael B. Janis,
General Deputy, Assistant Secretary for Public and Indian Housing.
