## Department of Commerce

### Submission for OMB Review; Comment Request

The Department of Commerce (DOC) has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

*Agency:* Patent and Trademark Office (PTO).

*Title:* Trademark Registration Processing.

*Agency Approval Number:* 0651–0009.

*Form Numbers:* PTO Forms 1478, 1478a, 4.8, 4.9, 4.17a, 1553, and 1581.

*Type of Request:* Reinstatement, with change, of a previously approved collection for which approval has expired.

*Burden:* 193,988 hours.

*Number of Respondents:* 239,571.

*Avg. Hours Per Response:* 1 hour for PTO Forms 1478, 1478a, 4.8 and 4.9, and 4.17a; .25 hour for PTO Form 1553.

*Needs and Uses:* This collection of information is required by the Trademark Act, 15 U.S.C. 1501, et. seq. which provides for the Federal registration of trademarks and service marks. Any individual or business owning a valid mark, that is used in connection with goods or services traveling in commerce regulable by the U.S. Congress, may apply to federally

register its mark. A registration is valid for ten years and renewable, by affidavit, for like periods.

The Patent and Trademark Office administers the Trademark Act according to 37 CFR Part 2, containing the rules that implement the Trademark Act. Registration is not required to obtain rights in a mark; however, registration provides certain benefits, such as access to the Federal court system and nationwide constructive notice of the Registrant's rights. No individual or business is required to register a trademark, or to use the forms in this collection. The forms are provided as a convenience to the public, and serve as guidance on what information is legally mandated, should an individual or business desire registration.

The PTO uses this information to determine the eligibility of each mark for registration and to maintain a public search library where copies of the registration certificates for marks can be searched. The PTO also provides the information to the Patent and Trade Depository Libraries (PTDLs) that also maintain the information for use by the public.

The information is a matter of public record, and used by the public for a variety of private business purposes related to establishing and reinforcing trademark rights. This information is important to the public, since both common law trademark owners and Federal trademark registrants must actively protect their own rights.

*Affected Public:* Trademark Owners and Trademark Practitioners.

*Frequency:* When filing a mark application.

*Respondent's Obligation:* Required to obtain or retain a benefit.

*OMB Desk Officer:* Maya A. Bernstein, (202) 395–4816.

## DEPARTMENT OF COMMERCE

### Submission for OMB Review; Comment Request

The Department of Commerce (DOC) has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

*Agency:* Bureau of the Census.

*Burden:* 103,257 hours in FY 1998.

*Number of Respondents:* 140,000.

*Avg Hours Per Response:* 45 minutes.

*Needs and Uses:* The 1997 Vehicle Inventory and Use Survey (VIUS), a component of the economic census, will survey a sample of private and commercial trucks, automobiles, and buses registered in the 50 States and the District of Columbia. Government vehicles will not be sampled. The VIUS will produce basic statistics on the physical and operational characteristics of the nation's trucks, automobiles, and buses. It also will yield a variety of subject statistics, including vehicles by annual miles, major use, fuel type, miles per gallon, and products carried. The Census Bureau will publish truck estimates at the state and national level, and automobile and bus estimates at the national level. Federal, state, and local transportation agencies will use VIUS data for analysis of safety issues, proposed investments in new roads and technology, vehicle size and weight issues, user fees, cost allocation, energy and environmental constraints, hazardous materials transport, and other aspects of the Federal-aid highway program. Although the 1997 Vehicle Inventory and Use Survey is being submitted as a new collection, similar data are collected every five years as part of the economic census. The 1992 collection was known as the Truck Inventory and Use Survey (TIUS). The VIUS was renamed for this census to reflect a change in the scope of the survey to include two additional modes of transportation—automobiles and

busses. The Bureau of Transportation Statistics, Department of Transportation is contributing funds to sponsor the inclusion of these two types of motor vehicles.

### Submission for OMB Review; Comment Request

The Department of Commerce (DOC) has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

*Agency:* Bureau of the Census.

*Title:* 1997 American Community Survey.

*Form Number(s):* TACS-1/1A, 10/10A, 12(L)/12A(L), 13(L)/13A(L), 14(L)/14A(L), 16(L)/16A(L), 20/20A, 30/30A.

*Agency Approval Number:* 0607-0810.

*Type of Request:* Revision of a currently approved collection.

*Burden:* 72,325 hours.

*Number of Respondents:* 144,650.

*Avg Hours Per Response:* 30 minutes.

*Needs and Uses:* The Census Bureau is developing a methodology known as "Continuous Measurement" which will produce socioeconomic data on a continual basis throughout the decade for small areas and small subpopulations. The American

Community Survey (ACS), implemented in November 1995, is a continuing full-scale operation of a continuous measurement system in four survey sites (three urban and one rural) designed to determine the feasibility of a continuous measurement system. The survey also includes a national sample to test response rates and our ability to obtain telephone numbers for nonresponse households. The data collected in this survey will be within the general scope and nature of those inquiries covered in the decennial census every ten years. We plan to continue sampling and enumeration in the ACS in 1997 and 1998. We also plan to add testing of procedures for identification, sampling, and data collection for persons living in special situations such as Indian reservations, military bases, and large institutional and noninstitutional group quarters. We will also develop and implement procedures to create listing procedures and a national list of special places. In addition to the present survey sites, we plan to add sites in Douglas County, Nebraska; Otero County, New Mexico; Harris and Fort Bend Counties, Texas; and Franklin County, Ohio, including the entire city of Columbus.

*Affected Public:* Individuals or households.

*Frequency:* Monthly.

*Respondent's Obligation:* Mandatory.

*Legal Authority:* Title 13 USC, Section 182.

*OMB Desk Officer:* Jerry Coffey, (202) 395-7314.
