## National Park Service

### Niobrara/Missouri National Scenic Riverways

**AGENCY:** National Park Service, Interior.

**ACTION:** Availability of final environmental impact statement for Niobrara National Scenic River in Brown, Cherry, Keya Paha, and Rock counties, Nebraska.

**SUMMARY:** Pursuant to section 102(2)(c) of the National Environmental Policy Act (NEPA) of 1969, the National Park Service (NPS) announces the availability of a final environmental impact statement (FEIS) for the Niobrara National Scenic River. The draft environmental impact statement for the scenic river was on 45-day public review from April 5 to May 20, 1996.

The NPS will manage a 76-mile section of the Niobrara River. The action is in response to a mandate by Congress in P.L. 102-50, an amendment to the Wild and Scenic Rivers Act (16 U.S.C. 1271-1287) designating 40 miles of the river from Borman Bridge downstream to Chimney Creek, and a 30 mile section from Rock Creek to the Highway 137 bridge as a National Scenic River. A 6-mile segment from Chimney Creek to Rock Creek could be added after May 24, 1996 if no water resources projects were proposed within that section. The plan recommends the 6-mile addition. The FEIS was prepared by the NPS.

The NPS's preferred alternative for the Niobrara National Scenic River is identified in the FEIS as Alternative B: Local Council Management with Federal Funding. Under the preferred alternative a local council would be developed by the county commissions of Brown, Cherry, Keya Paha, and Rock counties. The local council and the National Park Service would sign a cooperative agreement giving the council certain management responsibilities along the scenic river. Three other alternatives were also considered: The no action alternative; an alternative under which the National Park Service would coordinate management of the river through cooperative agreements with private landowners and public agencies; and an

alternative calling for direct National Park Service management.

**DATES:** The 30-day no action period for review of the FEIS will end on October 7, 1996. A record of decision will follow the no action period.
