*A. Small Business Regulatory Enforcement Fairness Act*

Under 5 U.S.C. 801(a)(1)(A) as added by the Small Business Regulatory Enforcement Fairness Act of 1996, EPA submitted a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives and the Comptroller General of the General Accounting Office prior to publication of the rule in today's Federal Register. This rule is not a "major rule" as defined by 5 U.S.C. 804(2).

*B. Regulatory Flexibility Act*

After review of the facts presented in this document, I hereby certify, pursuant to the provisions of 5 U.S.C. 605(b), that this authorization will not have a significant impact on a substantial number of small entities. The approval of the Louisiana NPDES permit program merely transfers responsibilities for administration of the NPDES permit program from Federal to State government. This change will allow small entities more convenient access to the regulatory process.

I hereby authorize the LPDES program in accordance with 40 CFR part 123.

Dated: August 27, 1996.

*Regional Administrator.*

#### SUPPLEMENTARY INFORMATION:

Released: September 5, 1996.

The Federal Communications Commission (FCC) has established the North American Numbering Council (NANC or Council). The NANC is established under the provisions of the Federal Advisory Committee Act, 5 U.S.C., App. 2 (1988) (FACA).

The initial Council meeting will be held on Tuesday, October 1, 1996, at 9:30 A.M. EDT at the Federal Communications Commission, 1919 M Street, NW., Room 856, Washington, D.C. 20554.

On July 13, 1995, the Commission adopted a new model for administration of the North American Numbering Plan (NANP) and announced the establishment of the NANC. See *Administration of the North American Numbering Plan*, CC Docket No. 92-237; 60 FR 38737, July 28, 1995; Report and Order, 11 FCC Rcd 2588, 2591 (1995). The NANP is the basic numbering scheme for the telecommunications networks located in Anguilla, Antigua, Bahamas, Barbados, Bermuda, British Virgin Islands, Canada, Cayman Islands, Dominica, Dominican Republic, Grenada, Jamaica, Montserrat, St. Kitts & Nevis, St. Lucia, St. Vincent, Turks & Caicos Islands, Trinidad & Tobago, and the United States (including Puerto Rico, the U.S. Virgin Islands, Guam and the Commonwealth of the Northern Mariana Islands). The new model is guided by several principles, including maintaining and fostering an integrated approach to number administration throughout portions of North America and providing a structure for number administration that is impartial and pro-competitive. The NANC will advise the Commission on numbering issues (such as number portability implementation), select and guide a neutral NANP Administrator, apply Commission policy to resolve issues arising in the administration of the NANP, and conduct initial dispute resolution. The NANP Administrator will process number resource applications and maintain administrative numbering databases. Operational details and additional activities of the NANP

Administrator are to be determined by the NANC. The Commission, with other NANP member countries, will oversee the NANC. The establishment of this Council is necessary and in the public interest. In carrying out its responsibilities, the Council shall assure that NANP administration supports the following policy objectives: (1) That the NANP facilitates entry into the communications marketplace by making numbering resources available on an efficient, timely basis to communications service providers; (2) that the NANP does not unduly favor or disfavor any particular industry segment or group of consumers; (3) that the NANP gives due regard to state and local interests; (4) that the NANP does not unduly favor one technology over another; (5) that the NANP gives consumers easy access to the public switched telephone network; and (6) that the NANP ensure that the interests of all NANP member countries are addressed fairly and efficiently, fostering continued integration of the NANP across NANP member countries.

The FCC requested nominations for membership on the NANC. See Public Notice in CC Docket No. 92-237, DA 95-1721, 60 FR 42158 (August 15, 1995). The FCC considered all applications and nominations for membership filed in response to the Notice and selected members named in the list attached to this Public Notice. Because the Council includes representatives from every sector of the telecommunications industry, as well as members representing NANP member countries, the states, and consumers, the Council's membership will be impartial and well balanced.

This meeting will be open to members of the general public. The FCC will attempt to accommodate as many people as possible. However, admittance will be limited to the seating available. The public may submit written statements to the Council. The statements must be submitted two business days before the meeting in which the commenter desires his/her comments to be distributed. In addition, statements at the meeting by parties or entities not represented on the Council will be permitted to the extent time permits. Statements will be limited to five minutes in length by any one party or entity, and requests to make such statements to the Council in person must be received two business days before the meeting in which the commenter desires to be heard. Requests for comment opportunity, and written comments, should be sent to Marian Gordon or Mary DeLuca, at the address
