

Analysis of the blood samples will be conducted primarily by CDC's Nutritional Biochemistry Laboratory. A brief questionnaire will be administered to the child's parent or caretaker to assess dietary intake, and check for the presence of other factors that may influence test results. The questionnaire and the blood test will be administered during the regular WIC certification visit; no additional clinic visits will be required. Participation in the study is optional. If feasible, the study will also include 4 sites serving one year old children not participating in WIC, but located in close proximity to 4 of the WIC sites, to enable a broader assessment of the magnitude, distribution and etiology of the problem of anemia within the affected communities, and the role of the WIC Program. The number of children is expected to average 233 per clinic, for a total sample size of about 2,800, including non-WIC children. The project is currently under review by CDC's Institutional Review Board (IRB) in accordance with federal requirements for the protection of human subjects of research (45 CFR Part 46; 7 CFR Part 1c).

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 15 minutes for each parent or caretaker of a child participating in the study.

Respondents: Respondents are the parents or caretakers of WIC and non-WIC children participating in the study.

Estimated Number of Respondents: 2000 children participating in WIC, and 800 children not participating in WIC.

Estimated Number of Responses per Respondent: One.

Estimated Total Annual Burden on Respondents: 700 hours. Copies of this information collection can be obtained from Janet Schiller, Office of Analysis and Evaluation, Food and Consumer Service, U.S. Department of Agriculture,

ACTION: Additions to the Procurement List.

SUMMARY: This action adds to the Procurement List services to be furnished by nonprofit agencies employing persons who are blind or have other severe disabilities.

EFFECTIVE DATE: October 15, 1996.

ADDRESSES: Committee for Purchase From People Who Are Blind or Severely Disabled, Crystal Square 3, Suite 403, 1735 Jefferson Davis Highway, Arlington, Virginia 22202-3461.

FOR FURTHER INFORMATION CONTACT: Beverly Milkman (703) 603-7740.

SUPPLEMENTARY INFORMATION: On July 19, 1996, the Committee for Purchase From People Who Are Blind or Severely Disabled published notice (61 F.R. 37719) of proposed additions to the Procurement List. After consideration of the material presented to it concerning capability of qualified nonprofit agencies to provide the services and impact of the additions on the current or most recent contractors, the Committee has determined that the services listed below are suitable for procurement by the Federal Government under 41 U.S.C. 46-48c and 41 CFR 51-2.4.

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small organizations that will furnish the services to the Government.

2. The action does not appear to have a severe economic impact on current contractors for the services.

3. The action will result in authorizing small entities to furnish the services to the Government.

2. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-

O'Day Act (41 U.S.C. 46-48c) in connection with the services proposed for addition to the Procurement List.

Accordingly, the following services are hereby added to the Procurement List:

Food Service Attendant, Beale Air Force Base, California
