

the initial scoping process (40 CFR 1501.7), which will occur from October of 1996 to November of 1996. In addition, the public is encouraged to visit with Forest Service officials at any time during the analysis and prior to the decision.

The Forest Service will be seeking information, comments, and assistance from Federal, State, and local agencies and other individuals or organizations who may be interested in or affected by the proposed action. Because Panther Creek is an anadromous fishery and the project proposal includes the construction of three landings in the riparian habitat conservation area, consultation with the National Marine Fisheries Service has been initiated with regard to listed species. No public meetings are scheduled.

While public participation in this analysis is welcome at any time, comments received within the 30 days of the publication of this notice will be especially useful in the preparation of the draft EIS. The draft is expected to be filed with the EPA and available for public review in January, 1997. A 45-day comment period will follow publication of a Notice of Availability of the draft EIS in the Federal Register. The comments will be analyzed and considered in preparation of a final EIS, which will be accompanied by a Record of Decision. The final EIS is expected to be filed in June, 1997.

Comments from the public and other agencies will be used in preparation of the Draft EIS. The scoping process will be used to:

1. Identify potential issues.
2. Identify major issues to be analyzed in depth.
3. Eliminate minor issues or those which have been covered by a relevant previous environmental analysis, such as the Salmon Forest Plan EIS.
4. Identify alternatives to the proposed action.
5. Identify potential effects of the proposed action and alternatives (i.e., direct, indirect, and cumulative effects).
6. Determine potential cooperating agencies and task assignments.

The Forest Service believes it is important at this early stage to give reviewers notice of several court rulings related to public participation in the environmental review process. First, reviewers of draft EIS must structure their participation in the environmental review of the proposal so that it is meaningful and alerts an agency to the reviewer's position and contentions; "Vermont Yankee Nuclear Power Corp. v. NRDC," 435 U.S. 519, (1978). Also, environmental objections that could be raised at the draft EIS stage but that are

not raised until after completion of the final EIS may be waived or dismissed by the courts; "City of Angoon v. Hodel," 803 F.2d 1016, 1022 (9th Cir, 1986) and "Wisconsin Heritages Inc. v. Harris," 490 F. Supp 1334, 1338 (E.D. Wis., 1980). Because of these court rulings, it is very important that those interested in this proposed action participate by the close of the 45-day comment period so that substantive comments and objections are available to the Forest Service at a time when it can meaningfully consider them and respond to them in the final EIS.

To assist the Forest Service in identifying and considering issues on the proposed action, comments should be as specific as possible. Reviewers may wish to refer to the Council on Environmental Quality regulations for implementing the procedural provisions of the National Environmental Policy Act at 40 CFR 1503.3 in addressing these points.

I am the responsible official for this environmental impact statement. My address is Salmon and Challis National Forest, RR 2 Box 600, Salmon, Idaho 83467.

Rural Housing Service

Notice of Request for Extension of a Currently Approved Information Collection

AGENCY: Rural Housing Service, USDA.
ACTION: Proposed collection; comments request.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the Rural Housing Service's (RHS) intention to request an extension for a currently approved information collection in support of Sections 514, 515, 516, and 521 programs authorized under Title V of the Housing Act of 1949, as amended, regarding borrower supervision and servicing for Multi-Family Housing Loans and Grants.

DATES: Comments on this notice must be received by November 18, 1996.

FOR FURTHER INFORMATION CONTACT: MaryAnne Gallaway, Loan Specialist, Multi-Family Housing Portfolio Management, RHS, U.S. Department of Agriculture, Stop 0782, Washington, DC 20250, Telephone (202) 690-0759.

SUPPLEMENTARY INFORMATION:

Title: Security Servicing for Multiple Family Housing Loans.

OMB Number: 0575-0100.

Expiration Date of Approval: March 31, 1997.

Type of Request: Extension of a currently approved information collection.

Abstract: The rural housing loan and grant programs under Sections 514, 515, 516, and 521 of Title V of the Housing Act of 1949, as amended, provide loans and grants to eligible recipients for the development and operation of rural rental housing. These programs are intended to meet the housing needs of persons or families including senior citizens, the handicapped or disabled and domestic farm laborers, having low to moderate incomes.

In order to assist its borrowers to operate and maintain these properties to meet program objectives, improve the Agency's ability to assure the continued

availability of the facilities financed under RHS multiple housing programs and protect the Government's security interest, RHS provides for a variety of servicing actions and guidance to Agency field staff in processing these servicing actions.

RHS will be collecting information from borrowers, borrower representatives, Agency personnel and representatives from other sources of credit. This information is needed by RHS to determine under what circumstances borrowers may need and qualify for the various servicing options available and develop more flexibility in Agency regulations in order to provide borrowers with a wide range of servicing options and increase the opportunity for successfully meeting loan and program objectives.

If not collected, RHS would be unable to provide the widest range of servicing options available and thereby possibly causing borrowers to fail in meeting loan and program objectives and/or protect the security interest of the Government.

Estimate of Burden: Public reporting for this collection of information is estimated to average 1.67 hours per response.

Respondents: Small business or organizations.

Estimated Number of Respondents: 945.

Estimated Number of Responses per Respondent: 1.

Estimated Total Annual Burden on Respondents: 1,587 hours.

Copies of this information collection can be obtained from Barbara Williams, Regulations and Paperwork Management Division, at (202) 720-9734.

Comments

Comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of RHS, including the information will have practical utility; (b) the accuracy of RHS's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology. Comments may be sent to Barbara Williams, Regulations and Paperwork Management Division, U.S. Department of Agriculture, Stop 0743,

1400 Independence Ave, SW, Washington, DC 20250. All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Notice of Request for Extension of a Currently Approved Information Collection

AGENCY: The Rural Housing Service, USDA.

ACTION: Proposed collection; comments request.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the Rural Housing Service's (RHS) intention to request an extension for a currently approved information collection in support of the program for Rural Rental and Rural Cooperative Housing Loans.

DATES: Comments on this notice must be received by November 18, 1996 to be assured of consideration.

FOR FURTHER INFORMATION CONTACT: Linda Armour, Loan Specialist, Multi-Family Housing Processing Division, RHS, U.S. Department of Agriculture, Room 5349—South Building, Stop 0781, Washington, D.C. 20250, telephone (202) 720-1608.

SUPPLEMENTARY INFORMATION:

Title: Rural Rental and Rural Cooperative Housing Loan Policies, Procedures, and Authorizations.

OMB Number: 0575-0047.

Expiration Date of Approval: March 31, 1997.

Type of Request: Extension of a currently approved information collection

Abstract: The Rural Housing Service (RHS), an agency of the U.S. Department of Agriculture, is authorized to make loans to finance rural rental housing (RRH) and rural cooperative housing (RCH) complexes and related facilities under Sections 515 and 521 of Title V of the Housing Act of 1949, as amended. The RRH and RCH programs provide affordable rental and cooperative housing for elderly or handicapped persons and families, and other persons and families of low or moderate income in rural areas.

RHS is responsible for ensuring that these federally funded loans are made to eligible applicants for authorized purposes. The information collected is

necessary to determine the eligibility of the applicant and the feasibility of the proposed housing. If not collected, the Agency would be providing unauthorized federal assistance.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 5.29 hours per response.

Respondents: State and local governments, for-profit entities, and nonprofit organizations.

Estimated Number of Respondents: 1,800.

Estimated Number of Responses per Respondent: 15.09.

Estimated Total Annual Burden on Respondents: 143,735.

Copies of this information collection can be obtained from Barbara Williams, Regulations and Paperwork Management Division, at (202) 720-9734.

Comments

Comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of RHS, including whether the information will have practical utility; (b) the accuracy of RHS's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.
