

DEPARTMENT OF THE INTERIOR**Fish and Wildlife Service****50 CFR Part 20****RIN 1018-AD69****Migratory Bird Hunting; Seasons and Bag Limits for the 1996-97 Youth Waterfowl Hunting Day****AGENCY:** Fish and Wildlife Service, Interior.**ACTION:** Final rule.

SUMMARY: This rule prescribes the hunting seasons, hours, areas, and daily bag and possession limits for the youth waterfowl hunting day for the 1996-97 duck-hunting season. Taking of migratory birds is prohibited unless specifically provided for by annual regulations. This rule permits the taking of designated species during the 1996-97 season. These selections will be published in the Federal Register as amendments to § 20.105 of title 50 CFR part 20.

EFFECTIVE DATE: September 21, 1996.

ADDRESSES: Comments received will be available for public inspection during normal business hours in room 634, Arlington Square Building, 4401 N. Fairfax Drive, Arlington, Virginia.

SUPPLEMENTARY INFORMATION:

Regulations Schedule for 1996

On March 22, 1996, the Service published in the Federal Register (61 FR 11992) a proposal to amend 50 CFR part 20. The proposal dealt with the establishment of seasons, limits, and other regulations for migratory game birds under §§ 20.101 through 20.107, 20.109, and 20.110 of subpart K. On June 13, 1996, the Service published in the Federal Register (61 FR 30114) a second document providing supplemental proposals for early- and late-season migratory bird hunting regulations frameworks, detailing information on the 1996-97 regulatory schedule, and announcing the Service Migratory Bird Regulations Committee and Flyway Council meetings. On June 14, 1996, the Service published in the Federal Register (61 FR 30490) a third document describing the Service's proposed regulatory alternatives for the 1996-97 duck hunting season and the Service's consideration of a proposed

youth waterfowl hunting day. On August 15, 1996, the Service published in the Federal Register (61 FR 42500) a proposal for the establishment of a special youth waterfowl hunting day. On September 18, 1996, the Service published the final framework for establishing a youth waterfowl hunting day for the 1996-97 migratory bird hunting season from which wildlife conservation agency officials from the States selected hunting dates, hours, areas, and limits. The final rule described here deals specifically with amending subpart K of 50 CFR part 20. It sets hunting seasons, hours, areas, and limits for the youth waterfowl hunting day.

NEPA Consideration

NEPA considerations are covered by the programmatic document, "Final Supplemental Environmental Impact Statement: Issuance of Annual Regulations Permitting the Sport Hunting of Migratory Birds (FSES 88-14)," filed with EPA on June 9, 1988. The Service published a Notice of Availability in the June 16, 1988, Federal Register (53 FR 22582). The Service published its Record of Decision on August 18, 1988 (53 FR 31341). Copies of these documents are available from the Service at the address indicated under the caption **ADDRESSES**.

Endangered Species Act Consideration

As in the past, the Service designs hunting regulations to remove or alleviate chances of conflict between migratory game bird hunting seasons and the protection and conservation of endangered and threatened species. Consultations have been conducted to ensure that actions resulting from these regulations will not likely jeopardize the continued existence of endangered or threatened species or result in the destruction or adverse modification of their critical habitat. Findings from these consultations are included in a biological opinion and may have caused modification of some regulatory measures previously proposed. The final frameworks reflect any modifications. The Service's biological opinions resulting from its Section 7 consultation are public documents available for public inspection in the Service's Division of Endangered Species and MBMO, at the address indicated under the caption **ADDRESSES**.

Regulatory Flexibility Act; Executive Order (E.O.) 12866 and the Paperwork Reduction Act

In the March 22, 1996, Federal Register, the Service reported measures it took to comply with requirements of

the Regulatory Flexibility Act and E.O. 12866. One measure was to prepare a Small Entity Flexibility Analysis (Analysis) documenting the significant beneficial economic effect on a substantial number of small entities. The Analysis estimated that migratory bird hunters would spend between \$254 and \$592 million at small businesses in 1996. Copies of the Analysis are available upon request from the Office of Migratory Bird Management. This rule was not subject to review by the Office of Management and Budget under E.O. 12866.

The Service examined these proposed regulations under the Paperwork Reduction Act of 1995 and found no information collection requirements.

Regulations Promulgation

The rulemaking process for migratory game bird hunting must, by its nature, operate under severe time constraints. However, the Service intends that the public be given the greatest possible opportunity to comment on the regulations. Thus, when the proposed rulemaking was published, the Service established what it believed were the longest periods possible for public comment. In doing this, the Service recognized that when the comment period closed time would be of the essence. That is, if there were a delay in the effective date of these regulations after this final rulemaking, the States and Territories would have insufficient time to establish and publicize the necessary regulations and procedures to implement their decisions. The Service therefore finds that "good cause" exists, within the terms of 5 U.S.C. 553(d)(3) of the Administrative Procedure Act, and these regulations will, therefore, take effect immediately upon publication.

Accordingly, with each conservation agency having had an opportunity to participate in selecting the hunting seasons desired for its State or Territory on those species of migratory birds for which open seasons are now to be prescribed, and consideration having been given to all other relevant matters presented, certain sections of title 50, chapter I, subchapter B, part 20, subpart K, are hereby amended as set forth below.

Unfunded Mandates

The Service has determined and certifies in compliance with the requirements of the Unfunded Mandates Act, 2 U.S.C. 1502 *et seq.*, that this rulemaking will not impose a cost of \$100 million or more in any given year on local or State government or private entities.

Civil Justice Reform—Executive Order
12988

The Department, in promulgating this proposed rule, has determined that these regulations meet the applicable standards provided in Sections 3(a) and 3(b)(2) of Executive Order 12988.

Assistant Secretary for Fish and Wildlife and Parks.

PART 20—[AMENDED]

For the reasons set out in the preamble, title 50, chapter I, subchapter B, Part 20, subpart K is amended as follows.

1. The authority citation for Part 20 is revised to read as follows:

Authority: 16 U.S.C. 703–712; and 16 U.S.C. 742 a—j.

BILLING CODE 4310-55-F

Note - The following annual regulations provided for by §20.105 of 50 CFR part 20 will not appear in the Code of Federal Regulations because of their seasonal nature.

2. Section 20.105(f) is added to read as follows:

§20.105 Seasons, limits, and shooting hours for waterfowl, coots, and gallinules.

Subject to the applicable provisions of the preceding sections of this part, areas open to hunting, respective open seasons (dates inclusive), shooting and hawking hours, and daily bag and possession limits for the species designated in this section are prescribed as follows:

Shooting and hawking hours are one-half hour before sunrise until sunset, except as otherwise noted.

CHECK STATE REGULATIONS FOR AREA DESCRIPTIONS AND ANY ADDITIONAL RESTRICTIONS.

(f) Youth Waterfowl Hunting Day

The following seasons are open only to youth hunters. Youth Hunters must be accompanied into the field by an adult at least 18 years of age. This adult can not duck hunt but may participate in other open seasons.
