SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-37686; File No. SR-OPRA-96-3]

Options Price Reporting Authority; Notice of Filing and Immediate Effectiveness of Amendment To Approve on a Permanent Basis OPRA's Current Usage-Based Fee Pilot

September 16, 1996.

Pursuant to Rule 11Aa3-2 under the Securities Exchange Act of 1934 ("Exchange Act"), notice is hereby given that on August 29, 1996, the Options Price Reporting Authority ("OPRA")¹ submitted to the Securities and Exchange Commission ("SEC" or "Commission") an amendment to the Plan for Reporting of Consolidated Options Last Sale Reports and Quotations Information ("Plan"). The amendment makes permanent the usage-based fees that apply to OPRA's basic service. OPRA has designated this proposal as establishing or changing a fee or other charge collected on behalf

¹ OPRA is a National Market System Plan approved by the Commission pursuant to Section 11A of the Exchange Act and Rule 11Aa3-2 thereunder. Securities Exchange Act Release No. 17638 (Mar. 18, 1981).

The Plan provides for the collection and dissemination of last sale and quotation information on options that are traded on the five member exchanges. The five member exchanges that agreed to the OPRA Plan are the American Stock Exchange ("Amex"); the Chicago Board Options Exchange ("CBOE"); the New York Stock Exchange ("NYSE"); the Pacific Stock Exchange ("PSE"); and the Philadelphia Stock Exchange ("Phlx").

of all of the OPRA participants in connection with access to or use of OPRA facilities, permitting the proposal to become effective upon filing pursuant to Rule 11Aa3-2(c)(3)(i) under the Exchange Act. The Commission is publishing this notice to solicit comments from interested persons on the amendment.

I. Description and Purpose of the Amendment

The purpose of the amendment is to make permanent the usage-based fees that currently apply to OPRA's basic service on a pilot basis. The current pilot provides for a usage-based fee as an alternative to the port-based Dial-up Market Data Service Utilization Fee, the port-based Voice Synthesized Market Data Service Fee and the device-based Radio Paging Service Fee. The pilot became effective with respect to the Dial-up Market Data Service Utilization Fee in September 1994,² and was expanded to include the other two fees in October 1995.³

OPRA now proposes to continue all three usage-based fees on a permanent basis, at the same level (\$0.02 per "quote packet") that has applied during the pilot.⁴ Based on its experience with these fees during the pilot, OPRA has concluded that offering usage-based fees to providers of dial-up computer based services, voice-synthesized services, and radio paging services is an appropriate response to those service providers who prefer to pay for access to options market information on the basis of the number of requests that are made for such information.⁵ Additionally, according to OPRA, the pilot has demonstrated that the availability of these alternative fees has not had any significant negative impact on OPRA's overall revenues or on the fair allocation of OPRA's basic service fees to persons who have access to options market information.

II. Solicitation of Comments

Pursuant to Rule 11Aa3-2(c)(3), the amendment is effective upon filing with the Commission. The Commission may

⁴ In a separate filing (SR-OPRA-96-4) made concurrently with this filing, OPRA also is proposing to make permanent the pilot in usage-based fees applicable to its foreign currency options service.

Interested persons are invited to submit written data, views, and arguments concerning the foregoing.
