Needs and Uses: Section 73.2080 provides that equal opportunity in employment shall be afforded by all broadcast stations to all qualified persons and no person shall be discriminated against in employment by such stations because of race, color, religion, national origin or sex. Section 73.2080 requires that each broadcast station shall establish, maintain and carry out a program to assure equal opportunity in every aspect of a broadcast station's policy and practice. This section incorporates specific EEO program requirements and general guidelines for meeting those requirements. These guidelines are not intended to be either exclusive or inclusive but simply to provide guidance. This program will provide an appropriate and effective means of informing broadcasters, individuals employed or seeking employment by broadcast stations of its EEO requirements. The data is used by broadcast licensees in the preparation of the station's EEO Program (FCC Form 396) submitted with the license renewal application. The data is also used by FCC staff in field investigations involving equal employment opportunity to assess a broadcast station's EEO program.
