

While the Commission is approving NSCC's filing, the Commission continues to believe that it is prudent for clearing agencies that accept letters of credit as clearing fund contributions to limit their exposures by imposing concentration limits on the use of letters of credit to prevent any one issuer's letters of credit from constituting too large a percentage of their total required clearing fund contributions. Therefore, the Commission urges NSCC to review its clearing fund policies and procedures for the acceptance of letters of credit with respect to concentration limits.

### III. Conclusion

On the basis of the foregoing, the Commission finds that the proposal is consistent with the requirements of the Act and particularly with Section 17A(b)(3)(F) of the Act and the rules and regulations thereunder.

*It is therefore ordered*, pursuant to Section 19(b)(2) of the Act,<sup>6</sup> that the proposed rule change (File No. SR-NSCC-96-14) be and hereby is approved.

For the Commission by the Division of Market Regulation, pursuant to delegated authority:<sup>7</sup>

Margaret H. McFarland,  
*Deputy Secretary.*

<sup>7</sup> 17 CFR 200.30(a)(12) (1996).

of publication of this notice to the SBDC and to Johnnie L. Albertson, Associate Administrator for SBDCs, U.S. Small Business Administration, 409 Third Street, S.W., Suite 4600, Washington, D.C. 20416.

### Description of the SBDC Program

A partnership exists between SBA and an SBDC. SBDCs offer training, counseling and other business development assistance to small businesses. Each SBDC provides services under a negotiated Cooperative Agreement with SBA, the general management and oversight of SBA, and a state plan initially approved by the Governor. Non-Federal funds must match Federal funds. An SBDC must operate according to law, the Cooperative Agreement, SBA's regulations, the annual Program Announcement, and program guidance.

### Program Objectives

The SBDC program uses Federal funds to leverage the resources of states, academic institutions and the private sector to:

- (a) Strengthen the small business community;
- (b) Increase economic growth;
- (c) Assist more small businesses; and
- (d) Broaden the delivery system to more small businesses.

### SBDC Program Organization

The lead SBDC operates a statewide or regional network of SBDC subcenters. An SBDC must have a full-time Director. SBDCs must use at least 80 percent of the Federal funds to provide services to small businesses. SBDCs use volunteers and other low cost resources as much as possible.

### SBDC Services

An SBDC must have a full range of business development and technical assistance services in its area of operations, depending upon local needs, SBA priorities and SBDC program objectives. Services include training and counseling to existing and prospective small business owners in management, marketing, finance, operations, planning, taxes, and any other general or technical area of assistance that supports small business growth.

The SBA district office and the SBDC must agree upon the specific mix of services. They should give particular attention to SBA's priority and special emphasis groups, including veterans, women, exporters, the disabled, and minorities.

### SBDC Program Requirements

An SBDC must meet programmatic and financial requirements imposed by

statute, regulations or its Cooperative Agreement. The SBDC must:

- (a) Locate subcenters so that they are as accessible as possible to small businesses;
- (b) Open all subcenters at least 40 hours per week, or during the normal business hours of its state or academic Host Organization, throughout the year;
- (c) Develop working relationships with financial institutions, the investment community, professional associations, private consultants and small business groups; and
- (d) Maintain lists of private consultants at each subcenter.

Dated: September 27, 1996.

*Associate Administrator for Small Business Development Centers.*

#### Part II

#### *Program Information*

In the Soviet-Eastern European Research and Training Act of 1983 the Congress declared that independently verified factual knowledge about the countries of that area is "of utmost importance for the national security of the United States, for the furtherance of our national interests in the conduct of foreign relations, and for the prudent management of our domestic affairs." Congress also declared that the development and maintenance of such knowledge and expertise "depends upon the national capability for advanced research by highly trained and experienced specialists, available for service in and out of Government." The program provides financial support for advanced research, training and other related functions on the countries of the region. By strengthening and sustaining in the United States a cadre of experts on Eastern Europe and the independent states of the former Soviet Union, the program contributes to the overall objectives of the FREEDOM Support and SEED programs.

The full purpose of the Act and the eligibility requirements are set forth in
