

*Systems, 106 Brake Hoses, 109 New Pneumatic Tires, 111, Rearview Mirrors, 113 Hood Latch Systems, 116 Brake Fluid, 124 Accelerator Control Systems, 201 Occupant Protection in Interior Impact, 202 Head Restraints, 203 Impact Protection for the Driver From the Steering Control System, 204 Steering Control Rearward Displacement, 205 Glazing Materials, 206 Door Locks and Door Retention Components, 207 Seating Systems, 209 Seat Belt Assemblies, 210 Seat Belt Assembly Anchorages, 212 Windshield Retention, 216 Roof Crush Resistance, 219 Windshield Zone Intrusion, and 302 Flammability of Interior Materials.*

Additionally, the petitioner states that the non-U.S. certified 1992 Mercedes-Benz 300TE complies with the Bumper Standard found in 49 CFR Part 581.

Petitioner also contends that the vehicle is capable of being readily altered to meet the following standards, in the manner indicated:

**Standard No. 101 Controls and Displays:** (a) substitution of a lens marked "Brake" for a lens with an ECE symbol on the brake failure indicator lamp; (b) replacement of the speedometer/odometer with a U.S.-model component.

**Standard No. 108 Lamps, Reflective Devices and Associated Equipment:** (a) installation of U.S.-model headlight assemblies; (b) installation of U.S.-model taillamp assemblies; (c) installation of a high mounted stop lamp.

**Standard No. 110 Tire Selection and Rims:** installation of a tire information placard.

**Standard No. 114 Theft Protection:** installation of a warning buzzer relay and a warning buzzer in the steering lock electrical circuit.

**Standard No. 118 Power Window Systems:** rewiring of the power window system so that the window transport is inoperative when the ignition is switched off.

**Standard No. 208 Occupant Crash Protection:** installation of a seat belt warning buzzer. The petitioner states that the vehicle is equipped with a U.S.-model driver's side air bag and knee bolster.

**Standard No. 214 Side Impact Protection:** installation of reinforcing tubes.

**Standard No. 301 Fuel System Integrity:** installation of a rollover valve.

Additionally, the petitioner states that a VIN plate must be installed inside the non-U.S. certified 1992 Mercedes-Benz 300TE so that it can be read from the left windshield pillar, and a VIN reference label must be affixed to the edge of the door or latch post nearest the driver, to satisfy the requirements of 49 CFR Part 565.

Interested persons are invited to submit comments on the petition described above. Comments should refer to the docket number and be submitted to: Docket Section, National Highway Traffic Safety Administration, Room 5109, 400 Seventh Street, S.W., Washington, DC 20590. It is requested but not required that 10 copies be submitted.

All comments received before the close of business on the closing date indicated above will be considered, and will be available for examination in the docket at the above address both before and after that date. To the extent possible, comments filed after the closing date will also be considered. Notice of final action on the petition will be published in the Federal Register pursuant to the authority indicated below.

Authority: 49 U.S.C. 30141(a)(1)(A) and (b)(1); 49 CFR 593.8; delegations of authority at 49 CFR 1.50 and 501.8.

Issued on: October 9, 1996.

Marilynne Jacobs,  
Director, Office of Vehicle Safety Compliance.

#### **Research and Special Programs Administration**

#### **Office of Hazardous Materials Safety; Notice of Applications for Modification of Exemptions or Applications to Become a Party to an Exemption**

**AGENCY:** Research and Special Programs Administration, DOT.

**ACTION:** List of applications for modification of exemptions or applications to become a party to an exemption.

**SUMMARY:** In accordance with the procedures governing the application for, and the processing of, exemptions from the Department of Transportation's Hazardous Materials Regulations (49 CFR Part 107, Subpart B), notice is hereby given that the Office of Hazardous Materials Safety has received the applications described herein. This notice is abbreviated to expedite docketing and public notice. Because the sections affected, modes of transportation, and the nature of application have been shown in earlier Federal Register publications, they are not repeated here. Requests for modifications of exemptions (e.g., to provide for additional hazardous materials, packaging design changes, additional mode of transportation, etc.) are described in footnotes to the application number. Application numbers with the suffix "M" denote a modification request. Application numbers with the suffix "P" denote a party to request. These applications have been separated from the new applications for exemptions to facilitate processing.

**DATES:** Comments must be received on or before November 1, 1996.

**ADDRESS COMMENTS TO:** Dockets Unit, Research and Special Programs Administration, U.S. Department of Transportation, Washington, DC 20590.

Comments should refer to the application number and be submitted in triplicate. If confirmation of receipt of comments is desired, include a self-addressed stamped postcard showing the exemption number.

#### **FOR FURTHER INFORMATION:**

Copies of the applications are available for inspection in the Dockets Unit, Room 8426, Nassif Building, 400 7th Street SW, Washington, DC.

- (1) To modify the exemption to provide for addition of stainless steel valves on DOT Specification 3AA cylinders for use in transporting Division 2.3 material.
- (2) To modify the exemption to provide for water and rail as additional modes of transportation for shipment of Division 5.2 Type F, liquid.
- (3) To modify the exemption to provide for rail as an additional mode of transportation.
- (4) To modify the exemption to provide for alternative stowage of shorter 350 feet DOT-Specification IM-102 portable tanks used for transporting Division 1.5 explosives and Division 5.1 oxidizers by cargo vessel.
- (5) To modify the exemption to provide for the transportation of Class 3 material in insulated stainless steel IM-101 tank containers.
- (6) To modify the exemption to provide for Division 2.3 material in insulated portable tanks in accordance with Special Provision B14.
- (7) To modify the exemption to provide for technical changes to DOT-Specification 4BA cylinders for use in transporting various classes of hazardous materials.
- (8) To modify the exemption to provide for technical modifications design of non-DOT specification cylinders for use in shipment of certain Division 2.1 and 2.2 gases.
- (9) To modify the exemption to provide for Class 9 and Division 4.1 material and exempt from the packaging, marking, labeling, and placarding requirements of hazardous materials regulations.
- (10) To modify exemption to provide for additional design non-DOT specification portable tanks, mounted in ISO frames, for use in transportation certain Division 2.1 and 2.2 gases.
- (11) To modify the exemption to increase the water capacity of up to 200 lbs. and service pressure of up to 5,000 psig and authorize the use of type S fiber glass roving for non-DOT specification cylinders.
- (12) To modify the exemption to provide for oxidizing liquid, n.o.s., Division 5.1, as an additional class of hazardous materials.
- (13) To modify the exemption to provide for unloading of Class 3 and Division 6.1 material to remain connected during unloading process without the physical presence of an unloader.
- (14) To reissue the exemption originally issued on an emergency basis to manufacture, mark and sale DOT specification 39 cylinders equipped with alternative pressure relief devices.
- (15) To reissue the exemption originally issued on an emergency basis to authorize the transportation of non-DOT specification containers for use in transporting paint or epoxy for use in road striping.

**BILLING CODE 4910-60-M**

#### **Office of Hazardous Materials Safety; Notice of Applications for Exemptions**

**AGENCY:** Research and Special Programs Administration, DOT.

**ACTION:** List of applicants for exemptions.

**SUMMARY:** In accordance with the procedures governing the application for, and the processing of, exemptions for the Department of Transportation's Hazardous Materials Regulations (49 CFR Part 107, Subpart B), notice is hereby given that the Office of Hazardous Materials Safety has received the applications described herein. Each mode of transportation for which a particular exemption is requested is indicated by a number in the "Nature of Application" portion of the table below as follows: 1—Motor vehicle, 2—Rail freight, 3—Cargo vessel, 4—Cargo aircraft only, 5—Passenger-carrying aircraft.

**DATES:** Comments must be received on or before November 18, 1996.

**ADDRESS COMMENTS TO:** Dockets Unit, Research and Special Programs, Administration, U.S. Department of Transportation, Washington, DC 20590.

Comments should refer to the application number and be submitted in triplicate. If confirmation of receipt of comments is desired, include a self-addressed stamped postcard showing the exemption application number.

**FOR FURTHER INFORMATION:** Copies of the applications are available for inspection in the Dockets Unit, Room 8426, Nassif Building, 400 7th Street, SW., Washington, DC.

This notice of receipt of applications for new exemptions is published in accordance with Part 107 of the Hazardous Materials Transportation Act (49 U.S.C. 1806; 49 CFR 1.53(e)).

Issued in Washington, DC, on October 11, 1996.

J. Suzanne Hedgepeth,  
*Director, Office of Hazardous Materials, Exemptions and Approvals.*
