SUPPLEMENTARY INFORMATION:

I. Background

The Medicare Supplementary Medical Insurance (SMI) program is the voluntary Medicare part B program that pays all or part of the costs for physicians' services, outpatient hospital services, home health services, services furnished by rural health clinics, ambulatory surgical centers, comprehensive outpatient rehabilitation facilities, and certain other medical and health services not covered by hospital insurance (Medicare Part A). The SMI program is available to individuals who are entitled to hospital insurance and to U.S. residents who have attained age 65 and are citizens, or aliens who were lawfully admitted for permanent residence and have resided in the United States for 5 consecutive years. This program requires enrollment and payment of monthly premiums, as provided in 42 CFR part 407, subpart B, and part 408, respectively. The difference between the premiums paid by all enrollees and total incurred costs is met from the general revenues of the Federal government.

The Secretary of Health and Human Services is required by section 1839 of the Social Security Act (the Act) to issue

two annual notices relating to the SMI program.

One notice announces two amounts that, according to actuarial estimates, will equal respectively, one-half the expected average monthly cost of SMI for each aged enrollee (age 65 or over) and one-half the expected average monthly cost of SMI for each disabled enrollee (under age 65) during the year beginning the following January. These amounts are called "monthly actuarial rates."

The second notice announces the monthly SMI premium rate to be paid by aged and disabled enrollees for the year beginning the following January. (Although the costs to the program per disabled enrollee are different than for the aged, the law provides that they pay the same premium amount.) Beginning with the passage of section 203 of the Social Security Amendments of 1972 (Public Law 92-603), enacted on October 30, 1972, the premium rate, which was determined on a fiscal year basis, was limited to the lesser of the actuarial rate for aged enrollees, or the current monthly premium rate increased by the same percentage as the most recent general increase in monthly title II social security benefits.

However, the passage of section 124 of the Tax Equity and Fiscal Responsibility Act of 1982 (TEFRA) (Public Law 97-248), enacted on September 3, 1982, suspended this premium determination process. Section 124 of TEFRA changed the premium basis to 50 percent of the monthly actuarial rate for aged enrollees (that is, 25 percent of program costs for aged enrollees). Section 606 of the Social Security Amendments of 1983 (Public Law 98-21), enacted on April 20, 1983; section 2302 of the Deficit Reduction Act of 1984 (DRA) (Public Law 98-369), enacted on July 18, 1984; section 9313 of the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA 1985) (Public Law 99-272), enacted on April 7, 1986; section 4080 of the Omnibus Budget Reconciliation Act of 1987 (OBRA 1987) (Public Law 100-203), enacted on December 22, 1987; and section 6301 of the Omnibus Budget Reconciliation Act of 1989 (OBRA 1989) (Public Law 101-239), enacted on December 19, 1989, extended the provision that the premium be based on 50 percent of the monthly actuarial rate for aged enrollees (that is, 25 percent of program costs for aged enrollees). This extension expired at the end of 1990.

The premium rate for 1991 through 1995 was legislated by section 1839(e)(1)(B) of the Act, as added by section 4301 of the Omnibus Budget
