ENVIRONMENTAL PROTECTION AGENCY

[FRL-5641-4]

Interim Guidance for Implementation of the Drinking Water State Revolving Loan Fund; Notice of Availability and Request for Comment

ACTION: Notice of availability for comment.

SUMMARY: The Environmental Protection Agency (EPA) is seeking public comment on interim guidance for implementation of the Drinking Water State Revolving Fund (DWSRF).

The DWSRF program was established by the reauthorized Safe Drinking Water Act (SDWA), signed by President Clinton on August 6, 1996. The SDWA authorizes \$9.6 billion for the DWSRF program from fiscal year 1994 through fiscal year 2003. For fiscal year 1997, EPA's budget includes \$1.275 billion for the DWSRF program. On a national level, the Office of Water is responsible for implementing the SDWA requirements, including the DWSRF program.

The DWSRF is authorized as a State loan program, to be capitalized in large part by Federal contributions. Loans from State capitalization grants must be made to protect public health and to achieve or maintain SDWA compliance.

States have flexibility to tailor DWSRF programs to address local needs as long as the programs meet the minimum Federal requirements in the law. States are required to develop a priority list of projects, subject to public review. States must describe how their programs will prioritize use of DWSRF project funds.

The SDWA amendments establish a strong emphasis on preventing contamination through source water protection and enhanced water system management. The amendments also emphasize the needs of small water systems. States may use portions of their DWSRF capitalization grants to work toward attaining some of these goals and are required to reserve portions of their grants for small water systems.

The interim guidance for implementation of the DWSRF has been issued so that capitalization grants can be awarded to States as soon as possible. EPA is seeking comment on all aspects of the guidance. To collect further comment, EPA will hold a public meeting on November 12, 1996, at the EPA Auditorium in Washington, DC.

DATES: EPA will accept public comment on this guidance until November 27, 1996.

ADDRESSES: Copies of the Interim Guidance for Implementation of the DWSRF are available from the Safe Drinking Water Act Hotline, telephone (800) 426-4791. Copies are also available from the Office of Water Resource Center (RC4100), U.S. EPA, 401 M Street, SW, Washington, DC 20460. A single copy of this document can be picked up at the Resource Center I 2615 Mall at the address above. The Center is open from 8:30 a.m. until 5 p.m. Monday through Friday. The DWSRF Guidance may also be obtained from the EPA Web Site at the URL address "<http://www.epa.gov/OW/OGWDW>". For further information on the public meeting to be held November 12, 1996, contact the Safe Drinking Water Act Hotline.

Send written comments on the DWSRF guidance to Comment Clerk; Water Docket MC-4101; Environmental Protection Agency; 401 M Street, SW; Washington, DC 20460. Commentators are requested to submit any reference cited in their comments. Commentators are also requested to submit an original and 3 copies of their written comments and enclosures. Commentators who want receipt of their comments acknowledged should include a self-addressed, stamped envelope. All comments must be postmarked or delivered by hand by November 27, 1996. No facsimiles (faxes) will be accepted.

FOR FURTHER INFORMATION CONTACT: The Safe Drinking Water Act Hotline, telephone (800) 426-4791. For technical inquiries, contact Jamie Bourne, Drinking Water Implementation and Assistance Division, Office of Ground Water and Drinking Water, (4606), U.S. EPA, 401 M Street, SW, Washington, DC 20460, telephone (202) 260-5557.

Dated: October 18, 1996.

Cynthia C. Dougherty,

Director, Office of Groundwater and Drinking Water.
