

**DEPARTMENT OF THE INTERIOR****Fish and Wildlife Service****Proposed Information Collection for Public Comment**

**AGENCY:** Fish and Wildlife Service, Interior.

**ACTION:** Notice.

**SUMMARY:** The proposed collection of information described below will be submitted to the Office of Management and Budget (OMB) for approval under the provisions of the Paperwork Reduction Act of 1995. Copies of the information collection requirement and related forms and explanatory material may be obtained by contacting the Service's Information Collection Clearance Officer at the phone number listed below. The Service is soliciting comments and suggestions on the requirement as described below.

**DATES:** Comments must be submitted on or before December 30, 1996.

**ADDRESSES:** Information Collection Clearance Officer, U.S. Fish and Wildlife Service, Mail Stop 224—Arlington Square, 1849 C Street, NW., Washington, DC 20240.

**FOR FURTHER INFORMATION CONTACT:** Phyllis H. Cook, Service Information Collection Clearance Officer, 703/358-1943; 703/358-2269 (fax).

**SUPPLEMENTARY INFORMATION:** The Service specifically requests comments on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

*Title:* Clean Vessel Act Pumpout Grant Program Accomplishment Survey.

*OMB Approval Number:* N/A. This is a new requirement.

*Description:* In order to evaluate the effectiveness and track the accomplishments of the Clean Vessel Act Pumpout Grant Program, the Service will query boaters about their knowledge of the program. The best way to reach the greatest number of boaters would be via a readership survey to be carried in one of this country's premiere recreational boating magazines, "Soundings." The magazine has offered to let the Service place a readership

survey postcard into a future issue. The magazine's circulation consists of 85,000 East Coast and Great Lakes boaters and anglers. Since the East Coast and the Great Lakes harbor the majority of installed pumpout facilities, this provides the Service an excellent and efficient method of carrying out its Congressional obligation.

The readership survey card would contain no more than seven questions concerning the availability and ease of the use of pumpouts. Most of the questions are to be multiple choice so that the reader would only have to check the appropriate box on most. The card will be a business reply card to which no postage would need to be affixed and is to have a special four digit ZIP Code addition.

*Frequency:* One time only.

*Description of Respondents:* Individuals or households.

*Estimated Completion Time:* The reporting burden is estimated to average 1 minute per response.

*Annual Responses:* 51,000.

*Annual Burden Hours:* 850.

Dated: October 21, 1996.
