

permit number PRT-817371 when submitting comments.

FOR FURTHER INFORMATION CONTACT:

Mary Orms at the above Austin Ecological Services Field Office.

SUPPLEMENTARY INFORMATION: Section 9 of the Act prohibits the "taking" of endangered species such as the golden-cheeked warbler. However, the Service, under limited circumstances, may issue or amend permits to take endangered wildlife species when such taking is incidental to, and not the purpose of, otherwise lawful activities. Regulations governing permits for endangered species are in 50 CFR 17.22.

Applicant

Bon Terre-B, Ltd. plans to develop 35.8 acres of the 128.2-acre tract in Lake Pointe IV. The proposed development will be located approximately 11.8 miles southwest of Austin, Travis County, Texas. This action will eliminate approximately 35.8 acres of habitat and three warbler territories. The applicant proposes to compensate for this incidental take of golden-cheeked warbler habitat by establishing 92.4 acres as a conservation area on site.

The conservation area will be added to the already established 145-acre Lake Pointe Preserve and will increase the protected acreage in the South Lake Austin macrosite. Alternatives to this action were rejected because selling or not developing the subject property with federally listed species present was not economically feasible.

Lynn B. Starnes,

Regional Director, Region 2, Albuquerque, New Mexico

Bureau of Land Management

[OR-050-2822-00-N355: GP7-0009]

Closure of Public Lands

AGENCY: Prineville District, Deschutes Resource Area, Bureau of Land Management.

ACTION: Notice is hereby given that effective immediately, the Skeleton Fire Area as legally described below is closed to all motorized vehicle use, except those defined as open roads. The purpose of this closure is to protect wildlife, vegetation, and watershed resources. Exemptions to this closure will apply to administrative personnel of the Bureau of Land Management. Other exemptions to this closure may be made on a case by case basis by the authorized officer. This closure will remain in effect until May 1, 1998.

LEGAL DESCRIPTION: This closure order applies to all public land within the area of Township 18S, Range 13E, Sections 14-36, Township 18S, Range 14E, Section 31, Township 19S, Range 13E, Sections 1, 2, 3, 4, 10, 11, 12, 13, 14, and 25, Township 19S, Range 14E, Sections 6, 7, 18, and 19, WM, Deschutes County, Oregon. Only two roads will remain open during the closure period;

—BLM Road 6516 from Old Highway 20 south to Forest Road 2015.

—Stokey Flat Road, from the intersection of Gosney Road and Arnold Market Road in a southeast direction to the intersection with BLM Road 6516.

FOR FURTHER INFORMATION CONTACT: Paul Schmidt, Wildlife Biologist, BLM Prineville District, P.O. Box 550, Prineville, Oregon 97754, telephone 541-416-6784.

SUPPLEMENTARY INFORMATION: The authority for this closure is 43 CFR 8341.2 and 43 CFR 8364.1 Violations of this closure order are punishable by a fine not to exceed \$1,000 and/or imprisonment not to exceed 12 months as provided in 43 CFR 8360.0-7.

Dated: October 23, 1996.

James Hancock,

District Manager.

[WY-920-07-1320-01]

Notice of Competitive Coal Lease Sale; Antelope Tract, WYW128322

October 24, 1996.

AGENCY: Bureau of Land Management, Interior, Wyoming.

SUMMARY: Notice is hereby given that certain coal resources in the Antelope Tract described below in Converse County, Wyoming, will be offered for competitive lease by sealed bid in accordance with the provisions of the Mineral Leasing Act of 1920, as amended (30 U.S.C. 181 *et seq.*).

DATES: The lease sale will be held at 2:00 p.m., on Wednesday, December 4, 1996. Sealed bids must be submitted on or before 4:00 p.m., on Tuesday, December 3, 1996.

ADDRESSES: The lease sale will be held in the First Floor Conference Room (Room 107) of the Wyoming State Office, 5353 Yellowstone Road, P.O. Box 1828, Cheyenne, Wyoming 82003. Sealed bids must be submitted to the Cashier, Wyoming State Office, at the address given above.

FOR FURTHER INFORMATION CONTACT: Mavis Love, Land Law Examiner, or

Eugene Jonart, Coal Coordinator, at (307) 775-6258 and (307) 775-6257, respectively.

SUPPLEMENTARY INFORMATION: This coal lease sale is being held in response to a lease by application filed by Antelope Coal Company of Gillette, Wyoming. The coal resources to be offered consist of all reserves recoverable by surface mining methods in the following-described lands located in Converse County approximately 55 miles north of Douglas, Wyoming and 60 miles south of Gillette, Wyoming:

T. 41 N., R. 70 W., 6th P.M., Wyoming
Sec. 30: Lots 15 thru 18;

T. 41 N., R. 71 W., 6th P.M. Wyoming
Sec. 25: Lots 5 thru 8, 13, 14;
Sec. 26: Lots 9 thru 11, 14, 15.

Containing 617.20 acres

Of the total acreage, approximately 155 acres are unsuitable for mining due to the presence of County Road 37 and the Burlington Northern/Chicago and Northwestern railroad right-of-way along the north side of the eastern half of the tract.

The tract is adjacent to the Antelope Mine and contains surface minable coal reserves in both the Anderson and the Canyon seams currently being mined in the existing mine. The Anderson seam averages about 40 feet thick and outcrops in the eastern half of the tract. The deeper Canyon seam averages about 33.5 feet thick.

The overburden above the Anderson seam averages about 94 feet thick while the overburden above the Canyon seam east of the Anderson outcrop averages about 130 feet thick. The interburden between the two seams averages about 31 feet thick. The total in-place stripping ratio (BCY/ton) of the two seams varies from about .5:1 to about 4:1, but is generally between 1:1 and 2:1 over most of the tract.

The tract contains an estimated 60,364,000 tons of minable coal with 31,929,000 tons coming from the Anderson seam and 28,435,000 tons coming from the Canyon seam. This estimate of minable reserves does not include any tonnage from the 155 acres unsuitable for mining, nor does it include tonnage from localized seams or splits containing less than 5 feet of coal. The coal in both seams is ranked as subbituminous C. The overall average quality of the two seams averages 8779 Btu/lb., 4.22 percent ash, 25.7 percent moisture, 1.21 percent sodium, and .23 percent sulfur. These quality averages place these coal reserves near the top end of coal quality currently being mined in the southern Powder River Basin.

The tract will be leased to the qualified bidder of the highest cash amount provided that the high bid equals the fair market value of the tract. The minimum bid for the tract is \$100 per acre or fraction thereof. No bid that is less than \$100 per acre, or fraction thereof, will be considered. The bids should be sent by certified mail, return receipt requested, or be hand delivered. The Cashier will issue a receipt for each hand-delivered bid. Bids received after 4:00 p.m., on Tuesday, December 3, 1996, will not be considered. The minimum bid is not intended to represent fair market value. The fair market value of the tract will be determined by the Authorized Officer after the sale.

If identical high bids are received, the tying high bidders will be requested to submit follow-up sealed bids until a high bid is received. All tie-breaking sealed bids must be submitted within 15 minutes following the Sale Official's announcement at the sale that identical high bids have been received.

The lease issued as a result of this offering will provide for payment of an annual rental of \$3.00 per acre, or fraction thereof, and of a royalty payment to the United States of 12.5 percent of the value of coal produced by strip or augur mining methods and 8 percent of the value of the coal produced by underground mining methods. The value of the coal will be determined in accordance with 30 CFR 206.250.

Bidding instructions for the tract offered and the terms and conditions of the proposed coal lease are available from the Wyoming State Office at the addresses above. Case file documents, WYW128322, are available for inspection at the Wyoming State Office. Michael J. Madrid,

Acting Deputy State Director, Minerals and Lands.

Notice of Meeting

AGENCY: Bureau of Land Management (BLM), Montana, Miles City District, Interior.

ACTION: Notice of meeting.

SUMMARY: The Miles City District Resource Advisory Council will have a meeting Wednesday, December 4, 1996 at 10:00 a.m. in the 6th floor Conference Room at the Montana State Office of BLM, 222 North 32nd Street, Billings, Montana.

The meeting is called primarily to discuss a proposal for off-highway vehicle plan amendments, the 1996 fire season, and other miscellaneous topics. The meeting is expected to last until 3:30 p.m.

The meeting is open to the public and the public comment period is set for 2:30 p.m. The public may make oral statements before the Council or file written statements for the Council to consider. Depending on the number of persons wishing to make an oral statement, a per person time limit may be established. Summary minutes of the meeting will be available for public inspection and copying during regular business hours.

FOR FURTHER INFORMATION CONTACT:

Marilyn Krause, Public Affairs Specialist, Miles City District, 111 Garryowen Road, Miles City, Montana 59301, telephone (406) 232-4331.

SUPPLEMENTARY INFORMATION: The purpose of the Council is to advise the Secretary of the Interior, through the BLM, on a variety of planning and management issues associated with public land management. The 15 member Council includes individuals who have expertise, education, training or practical experience in the planning and management of public lands and their resources and who have a knowledge of the geographical jurisdiction of the Council.

Dated: October 22, 1996.

Glenn A. Carpenter,

District Manager.

BILLING CODE 4310-DN-P

Minerals Management Service

Agency Information Collection

Activities: Submission for Office of Management and Budget Review; Comment Request

AGENCY: Minerals Management Service (MMS), Interior.

ACTION: Notice to reinstate a previously approved collection.

SUMMARY: The Department of the Interior has submitted to the Office of Management and Budget (OMB) for approval under the provisions of the Paperwork Reduction Act of 1995 (Act) a request for emergency processing to reinstate the collection of information discussed below. The Act requires that OMB provide interested Federal agencies and the public an opportunity to comment on information collection requests. The Act also provides that an agency may not conduct or sponsor, and

a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

DATES: Submit written comments by December 5, 1996.

ADDRESSES: Submit comments and suggestions directly to the Office of Information and Regulatory Affairs, OMB, Attention: Desk Officer for the Department of the Interior (1010-0053), Washington, D.C. 20503.

Send a copy of your comments to the Chief, Engineering and Standards Branch, Mail Stop 4700, Minerals Management Service, 381 Elden Street, Herndon, Virginia 20170-4817.

FOR FURTHER INFORMATION CONTACT:

Alexis London, Engineering and Standards Branch, Minerals Management Service, telephone (703) 787-1600. You may obtain copies of the proposed collection of information and related forms by contacting MMS's Information Collection Clearance Officer at (703) 787-1242.

SUPPLEMENTARY INFORMATION:

Title: 30 CFR Part 250, Subpart D, Oil and Gas Drilling Operations.

OMB Number: 1010-0053.

Abstract: Respondents provide information and maintain records on the conditions of a drilling site in the Outer Continental Shelf (OCS). MMS needs the information to determine if lessees are properly providing for the safety of operations and protection of human life or health and the environment. MMS uses the information to avoid and eliminate hazards inherent in drilling operations. Responses to this collection of information are mandatory.

Description of Respondents: Federal OCS oil and gas lessees.

Estimated Number of Respondents: 130.

Frequency: The reporting and record-keeping requirements and number of respondents vary for each section and are on occasion.

Estimated Annual Burden on Respondents: Reporting burden of 2,740 hours; recordkeeping burden of 38,243 hours; for a total of 40,983 burden hours.

Type of Request: Reinstatement without change of a previously approved collection.

Form Number: N/A.

Comments: The OMB is required to make a decision on a request for emergency processing within the time period requested by the agency submitting the collection of information. We requested approval within 7 days after OMB receives our request. OMB may approve an emergency request for
