Decision List No. 990

Week of September 16 Through
September 20, 1996

Appeals

FOIA Group Inc., 9/18/96, VFA-0208

FOIA Group, Inc. (Appellant) filed an Appeal of a Determination issued to it by the Department of Energy (DOE) in response to a request under the Freedom

of Information Act. In the Determination, DOE's Schenectady Naval Reactors Office stated it could not locate any documents responsive to the Appellant's request. Upon investigation, and clarification of the Appellant's inaccurate description of the requested documents, the OHA located the requested documents as being under the jurisdiction of Richland Operations Office (DOE/RL). Accordingly, the DOE granted the Appeal and directed the matter to DOE/RL for further action.

James D. Hunsberger, 9/20/96, VFA-0206

James D. Hunsberger filed an Appeal from a determination issued to him by the Office of Human Experiments of the Department of Energy (DOE) in response to a Request for Information submitted under the Freedom of Information Act (FOIA). Mr. Hunsberger had filed a lengthy FOIA request seeking information in DOE files concerning human radiation experiments in general and on any experiments which may have been performed on him in particular. He also sought information on intra- and inter-governmental sharing of human experiment data and on other related matters. In considering the Appeal, the DOE determined that the Office of Human Experiments had performed an adequate search. The DOE also found, however, that other parts of the Department might contain responsive records. The DOE also determined that parts of the request were so vague or broad that they could not form the basis of a reasonable search. Accordingly, the Appeal was denied in part, granted in part, and remanded to the Freedom of Information and Privacy Group of the DOE Executive Secretariat to determine which parts of Mr. Hunsberger's request could form the basis for a reasonable search, whether the agency might have

responsive documents, and the appropriate place(s) to search for documents.

Malcolm Parvey, 9/17/96, VFA-0205

The DOE's Office of Hearings and Appeals (OHA) issued a determination denying a Freedom of Information Act (FOIA) Appeal filed by Malcolm Parvey (Parvey). Parvey appealed the Western Area Power Administration's (WAPA) assessment of fees. OHA found that the fees were properly assessed.

Refund Application

Navy Resale and Services Support Office, 9/16/95, RF272-31780

The DOE issued a Decision and Order concerning an Application for Refund filed in the crude oil special refund proceeding. The Navy Resale and Services Support Office (NAVRESSO) applied for a refund based upon its purchases of motor gasoline which it then resold to military personnel and their dependents. In support of its application, NAVRESSO asserted that all profits from its operations were funneled into a morale, welfare and recreation fund (MWR Fund) which supports programs for members of the military and their dependents. Thus, NAVRESSO argued that it was economically inseparable from its customers and it should therefore be considered an end-user. NAVRESSO also argued that it should be granted a refund because it would funnel any refund it receives back to its customers through the MWR Fund. The DOE found that NAVRESSO was a retailer and that there was not such an identity of interest between NAVRESSO, the MWR Fund and the purchasers of NAVRESSO's gasoline to justify treating NAVRESSO as an end-user. Further, the DOE found that giving NAVRESSO a refund and having it distribute the refund through the MWR Fund would
