

and a Taxpayer Identification Number. The Internet address will provide the FCC with another media of contacting the applicant with questions about their application and the Taxpayer Identification Number is required to comply with the Debt Collection Improvement Act of 1996. The anti-drug statement has been added to the items the applicant certifies to when signing the application. The Certificate of Renewal at the bottom of the application has been removed because the Certificate of Renewal is computer generated on laser printer and is no longer needed. In the near future, the Commission will implement electronic filing for this type of renewal as part of a "generic renewal", FCC Form 900. The burden will be adjusted accordingly once this new form has been implemented and frequency of use has been determined.

As a result of Part 101 becoming effective August 1, 1996, Part 74 licensees (television auxiliary and aural studio link) are no longer required to use this form to renew their licenses. The number of respondents in this category was extremely low and since the estimate of number of respondents can vary in the remaining services, the number of respondents is not being revised.

OMB Approval Number: 3060-0093.

Title: Application for Renewal of Radio Station License in Specified Services.

Form No.: FCC 405.

Type of Review: Revision to an existing collection.

Respondents: Businesses or other for-profit.

Number of Respondents: 540.

Estimated Time Per Response: 2.25 hours.

Total Annual Burden: 1,215 hours.

Needs and Uses: FCC 405 is used by all common carriers and Multipoint Distribution Service non-common carriers to apply for renewal of radio station licenses. Section 307(c) of the Communications Act limits the term of common carrier radio license to ten years and requires that written applications be submitted for renewal. FCC Form 405 is required by CFR Parts 5, 21, 22, 23, 25 and 101 (effective August 1, 1996).

We intend to revise the form to include a place for the applicant to provide an Internet address and a Taxpayer Identification Number. The Internet address will provide the FCC with another media to contact the applicant with questions about the application and the Taxpayer Identification Number is required to comply with the Debt Collection

Improvement Act of 1996. The questions relating to NEPA and Anti-Drug Certification will be deleted and certification to these items will be included in the Certification text, eliminating the "yes" and "no" responses.

In the near future, the Commission plans to implement electronic filing for this type of renewal as part of the "generic renewal" FCC Form 900. The burden for FCC Form 405 will be adjusted accordingly once this new electronic renewal form has been implemented and frequency of use can be determined.

OMB Approval Number: 3060-0127.

Title: Assignment of Authorization.

Form No.: FCC 1046.

Type of Review: Revision of a currently approved collection.

Respondents: Individuals; Business or other for-profit; State or local governments; Non-profit.

Number of Respondents: 6,000.

Estimated Time Per Response: 5 minutes (.083).

Total Annual Burden: 498 hours.

Needs and Uses: This form is required by the Communications Act, International Treaties and FCC Rules 47 CFR Parts 1.922, 1.924, 80.19, 87.21, 90.119 and Part 101. To assign authorization of radio station to another entity, the assignor must, in writing, assign all right, title and interest of the authorization to the other entity.

The Commission uses the data to determine if assignment of authorization submitted with the application will meet the rule requirements for issuance of a station authorization. The form is being revised to change the reference to Microwave Radio Services form from FCC 402 to FCC 415. This change does not affect the number of respondents or burden.

OMB Approval Number: 3060-0728.

Title: Supplemental Information Required for Taxpayer Identifying Number for Debt Collection.

Form No.: N/A.

Type of Review: Extension of an existing collection.

Respondents: Individuals; business or other for-profit; State or local governments; non-profit.

Number of Respondents: 10,469,716.

Estimated Time Per Response: .017 hours.

Total Annual Burden: 177,985 hours.

Needs and Uses: The information will be used by the Commission to comply with Public Law 104-134, Omnibus Consolidated Rescissions and Appropriations Act of 1996. Chapter 10 requires each Federal agency to obtain from each person doing business with it their Taxpayer Identification Number

(TIN). In cases of individuals the number is the person's social security number; in the case of a business, it is the employer identification number (ein) as assigned by the Internal Revenue Service, U.S. Department of the Treasury.
