

in ChromaTrim advertisements reflect the typical or ordinary experience of users and (2) that nine out of ten people suffer decreased ability to burn fat, preserve muscle, and control hunger and cravings because of a chromium deficiency.

The proposed consent order contains provisions designed to remedy the violations charged and to prevent the respondents from engaging in similar acts and practices in the future.

Part I of the order requires substantiation for claims that ChromaTrim (1) significantly reduces body fat, (2) causes significant weight loss, (3) significantly reduces body fat or causes weight loss without dieting or exercise, (4) increases lean body mass or builds muscle, and (5) controls appetite or craving for sugar. Similarly, Part I prohibits the claim that nine out of ten people do not consume enough chromium to support normal insulin function, resulting in decreased ability to burn fat, preserve muscle, and control hunger and cravings, unless, such claim is substantiated by competent and reliable scientific evidence at the time it is made.

Part II of the proposed order requires substantiation for any health benefits, performance, efficacy or safety claim for any food, dietary supplement, or drug. Part III prohibits the misrepresentation of any test, study, or research. Part IV prohibits proposed respondents from representing that any testimonial is the typical or ordinary experience of users unless such claim is substantiated or respondents disclose, clearly and prominently, what the generally expected results would be or that consumers should not expect similar results. Parts V and VI allow representations permitted for drugs by the Food and Drug Administration or for foods under the Nutrition Labeling and Education Act. Part VII requires proposed respondents to maintain certain records for five years, and Part VIII requires proposed respondents to distribute a copy of the order to certain persons who have responsibilities subject to the order. Part IX requires the corporate respondent to notify the Commission of any changes in the corporation that may affect compliance with the order and Part X requires that Steven Oscherowitz notify the Commission of changes in employment or of his affiliation with any new employment. This provision is effective for five years. Part XI requires that the proposed respondents file a compliance report and Part XII sunsets the proposed order at twenty years under certain circumstances.

The purpose of this analysis is to facilitate public comment on the proposed order, and it is not intended to constitute an official interpretation of the agreement and proposed order or to modify in any way their terms.

Donald S. Clark,

Secretary.

BILLING CODE 6820-34-M

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Office of Public Health and Science; Administration of National Awards Programs

AGENCY: The President's Council on Physical Fitness and Sports, OPHS, DHHS.

ACTION: Notice of opportunity to administer awards program.

SUMMARY: The President's Council on Physical Fitness and Sports ("PCPFS") seeks an organization capable of administering a series of financially self-sustaining PCPFS activities involving awards and recognitions.

DATES: To receive consideration, all proposals must be received by 4:00

p.m., December 9, 1996, by Christine Spain, Director of Research, Planning, and Special Projects, PCPFS at the address set out below. Proposals will meet the deadline if they are either (1) received on or before the deadline date; or (2) postmarked on or before the deadline date. Private metered postmarks will not be acceptable as proof of timely mailing. Hand delivered requests must be received by 4:00 p.m., December 9, 1996. Proposals that are received after the deadline date will be returned to the sender.

FOR FURTHER INFORMATION CONTACT:

Christine Spain, Director of Research, Planning, and Special Projects, President's Council on Physical Fitness and Sports, Suite 250, 701 Pennsylvania Avenue, NW., Washington, DC 20004 (202) 272-3425.

SUPPLEMENTARY INFORMATION: The PCPFS seeks an organization capable of administering a series of financially self-sustaining PCPFS awards which presently include the "President's Challenge Physical Fitness Awards Program", the "State Champion Award" and the "National Physical Fitness Demonstration Center Award."

1. The President's Challenge Physical Fitness Awards Program

This program recognizes students' physical fitness achievement, ages 6-17, on five fitness test items.

(a) Students scoring at the 85th percentile or above (based on national norms) on all test items are eligible for the Presidential Physical Fitness Award and receive a Presidential certificate and emblem.

(b) The National Physical Fitness Award is available for boys and girls who score at the 50th percentile or above on the five test items and consists of an emblem and/or a certificate of recognition.

(c) The Participant Physical Fitness Award recognizes boys and girls who attempt all five test items on the "President's Challenge" but whose scores fall below the 50th percentile on one or more of them. Students earn an embroidered Participant emblem and/or a certificate of recognition for their accomplishments.

(d) The Health Fitness Award can be earned by youngsters whose test scores meet or exceed the specified health criteria on each of the five items comprising the President's Challenge Health Fitness Test. Award standards are based upon health-related criteria. Students earn an embroidered emblem and/or a certificate of recognition.

2. The State Champion Award

This award is granted to three schools in each state which qualify the highest percentage of eligible students for the Presidential Physical Fitness Award. Schools receive a certificate of recognition, and each student in the school who received the Presidential Physical Fitness Award receives a State Champion emblem.

3. The National Physical Fitness Demonstration Centers

This award focuses attention on individual schools, recognized by State Departments of Education, which have outstanding programs of physical education that contribute to students' physical fitness. Each Demonstration Center receives a certificate and a pennant distributed by the State Director. Organizations (schools, youth and community groups, etc.) which participate in the PCPFS awards programs purchase the award and recognition materials directly from the administering organization.

The organization selected shall furnish the necessary personnel, materials, services and facilities to administer this PCPFS program (awards, recognitions and activities), including the purchase and/or production of all award materials; distribution of award materials; promotion; statistical evaluations of programs; quarterly and annual budget and demographic reports; and other administrative duties. These duties will be determined in a Memorandum of Agreement and an annual plan. The organization will be expected to provide input regarding new activities or initiatives to support the program, and recommend methods to improve program usage and promotion. The organization also will work with the PCPFS to consider other recognitions/programs bearing the President's Council on Physical Fitness and Sports and/or Presidential insignias.

An organization interested in administering the programs should submit pertinent information regarding its qualifications for evaluation purposes on each of the following areas: (1) Experience in administering national awards programs; (2) Discussion of specific work previously performed or currently being performed, with particular emphasis on those national projects dealing with physical fitness, sports or other physical activities of a similar nature, with schools and organizations; (3) Personnel: name, professional qualifications and specific experience of key personnel who would be available to work on these projects;

(4) Facilities: availability and description of facilities required to administer the program as well as computer based telecommunication resources; (5) Financial Management: discussion of experience in developing an annual budget and collecting and managing monies from organizations or individuals; (6) Proposed plan for managing the President's Council on Physical Fitness and Sports awards programs, including such financial aspects as cost of award materials, promotion, distribution and program management. The organization will be selected by the PCPFS based on its qualifications and capability to administer a program of this nature.

Dated: November 12, 1996.

Sandra Perlmutter,

Executive Director, President's Council on Physical Fitness and Sports.

BILLING CODE 4160-18-P

Food and Drug Administration

[Docket No. 96P-0212]

Determination That Ibuprofen 200-Milligram Capsule Was Not Withdrawn From Sale for Reasons of Safety or Effectiveness

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice.

SUMMARY: The Food and Drug Administration (FDA) has determined that ibuprofen (Midol®) 200-milligram (mg) capsule was not withdrawn from sale for reasons of safety or effectiveness. This determination will allow FDA to approve abbreviated new drug applications (ANDA's) for ibuprofen 200-mg capsule.

FOR FURTHER INFORMATION CONTACT: Andrea C. Masciale, Center for Drug Evaluation and Research (HFD-7), Food and Drug Administration, 7500 Standish Pl., Rockville, MD 20855, 301-594-2041.

SUPPLEMENTARY INFORMATION: In 1984, Congress passed into law the Drug Price Competition and Patent Term Restoration Act of 1984 (Pub. L. 98-417) (the 1984 amendments), which authorized the approval of duplicate versions of drug products approved under an ANDA procedure. ANDA sponsors must, with certain exceptions, show that the drug for which they are seeking approval contains the same active ingredient in the same strength and dosage form as "the listed drug," which is a version of the drug that was previously approved under a new drug application (NDA). Sponsors of ANDA's do not have to repeat the extensive clinical testing otherwise necessary to gain approval of an NDA. The only clinical data required in an ANDA are data to show that the drug that is the subject of the ANDA is bioequivalent to the listed drug.
