In addition to this program, the Office of University Partnerships administers HUD's ongoing grant programs to institutions of higher education as well as creates initiatives

through which colleges and universities can bring their traditional missions of teaching, research, service, and outreach to bear on the pressing local problems in their communities.

The Community Outreach Partnership Centers Program provides funds for: research activities which have practical application for solving specific problems in designated communities and neighborhoods; outreach, technical assistance and information exchange activities which are designed to address specific problems in designated communities and neighborhoods. The specific problems that the local program must focus on are problems associated with housing, economic development, neighborhood revitalization, infrastructure, health care, job training, education, crime prevention, planning, and community organizing. The Department reviewed, evaluated and scored the applications received based on the criteria in the NOFA. As a result, HUD has funded the fifteen applicants for New Grants and twelve applicants for Institutionalization Grants. These grants, with their grant amounts are identified below.
