

Title: Application for Authority for an Institution of Higher Learning to Employ its Full-Time Students at Subminimum Wages Under Regulations Part 519.

OMB Number: 1215-0080.

Agency Number: WH-201 MIS.

Affected Public: Business or other for-profit; Individuals or households.

Total Respondents: 50.

Frequency: Annually.

Total Responses: 50.

Average Time Per Response for Reporting: 15 to 30 minutes.

Estimated Total Burden Hours: 15.

Total Burden Cost (capital/startup): 0.

Total Burden Cost (operating/maintenance): \$17.50.

Comments submitted in response to this notice will be summarized and/or included in the request for Office of Management and Budget approval of the information collection request; they will also become a matter of public record.

Dated: November 14, 1996.

Cecily A. Rayburn,

Director, Division of Financial Management, Office of Management, Administration and Planning, Employment Standards Administration.

BILLING CODE 4510-27-M

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

Records Schedules; Availability and Request for Comments

AGENCY: National Archives and Records Administration, Office of Records Administration.

ACTION: Notice of availability of proposed records schedules; request for comments.

SUMMARY: The National Archives and Records Administration (NARA) publishes notice at least once monthly of certain Federal agency requests for records disposition authority (records schedules). Records schedules identify records of sufficient value to warrant preservation in the National Archives of the United States. Schedules also authorize agencies after a specified period to dispose of records lacking administrative, legal, research, or other value. Notice is published for records schedules that (1) propose the destruction of records not previously authorized for disposal, or (2) reduce the retention period for records already authorized for disposal. NARA invites public comments on such schedules, as required by 44 U.S.C. 3303a(a).

DATES: Request for copies must be received in writing on or before January

3, 1997. Once the appraisal of the records is completed, NARA will send a copy of the schedule. The requester will be given 30 days to submit comments.

ADDRESSES: Address requests for single copies of schedules identified in this notice to the Records Appraisal and Disposition Division (NIR), National Archives and Records Administration, College Park, MD 20740. Requesters must cite the control number assigned to each schedule when requesting a copy. The control number appears in the parentheses immediately after the name of the requesting agency.

SUPPLEMENTARY INFORMATION: Each year U.S. Government agencies create billions of records on paper, film, magnetic tape, and other media. In order to control this accumulation, agency records managers prepare records schedules specifying when the agency no longer needs the records and what happens to the records after this period. Some schedules are comprehensive and cover all the records of an agency or one of its major subdivisions. These comprehensive schedules provide for the eventual transfer to the National Archives of historically valuable records and authorize the disposal of all other records. Most schedules, however, cover records of only one office or program or a few series of records, and many are updates of previously approved schedules. Such schedules also may include records that are designated for permanent retention.

Destruction of records requires the approval of the Archivist of the United States. This approval is granted after a thorough study of the records that takes into account their administrative use by the agency of origin, the rights of the Government and of private persons directly affected by the Government's activities, and historical or other value.

This public notice identifies the Federal agencies and their subdivisions requesting disposition authority, includes the control number assigned to each schedule, and briefly describes the records proposed for disposal. The records schedule contains additional information about the records and their disposition. Further information about the disposition process will be furnished to each requester.

Schedules Pending:

1. Department of the Air Force (N1-AFU-96-18). Medical Expenses and Performance Reporting System (MERS) records at medical treatment facilities. Temporary records proposed for shorter retention periods.

2. Department of the Air Force (N1-AFU-97-3). Infant delivery room logs (nursing services records).

3. Department of State, Bureau of Consular Affairs (N1-59-96-5). Routine and facilitative records relating to the issuance of passports. Passport applications are not covered.

4. Department of State, Bureau of Consular Affairs (N1-59-96-30). Overseas Citizen Services Automated Retrieval (OSCAR).

5. Department of the Treasury, Internal Revenue Service (N1-58-96-4). Records Control Schedule 101, Office of the Commissioner.

6. Defense Intelligence Agency (N1-373-96-3). Audits on routine and administrative matters.

7. Delaware River Basin Commission (N1-220-96-12). Subject files and budget files of the U.S. Commissioner (substantive records relating to the Commission's activities are being preserved).

8. The Federal Emergency Management Agency (N1-311-95-1). U.S. Fire Administration grant files (exclusive of final reports, designated for preservation).

9. Presidential Advisory Committee on Gulf War Veterans' Illnesses (N1-220-97-1). Duplicate copies and reference materials. (Meeting minutes, briefing books, correspondence and publications all proposed as permanent.)

Dated: November 12, 1996.

James W. Moore,

Assistant Archivist for Records Administration.

NATIONAL TRANSPORTATION SAFETY BOARD

Administrator v. Willette, et al.; Reschedule of Oral Argument

FEDERAL REGISTER CITATION OF PREVIOUS ANNOUNCEMENT: Vol. 61, No. 200/ Tuesday, October 15, 1996/Notices.

PREVIOUSLY ANNOUNCED TIME AND DATE: 3:00 p.m. October 28, 1996.

SUMMARY: The National Transportation Safety Board gives notice that the oral argument in a consolidated case pending before the Board has been rescheduled. The Cases, SE-13961-3, Administrator v. Willette, et al., involve the applicability of the Federal Aviation's Advisory Circular 120-56, "Air Carrier Voluntary Disclosure Reporting Procedures," to individual airmen and crew.

DATE: Oral argument will be held at 3:00 P.M., November 25, 1996, at the NTSB headquarters, 490 L'Enfant Plaza East, S.W., Washington, D.C. 20594.

FOR FURTHER INFORMATION CONTACT: Althea Walker, (202) 314-6080.

SUPPLEMENTARY INFORMATION: The public is invited to attend and observe the oral argument. Audience participation will not be permitted, however.

FOR MORE INFORMATION, CONTACT: Bea Hardesty, (202) 314-6065.

Dated: November 13, 1996.

Bea Hardesty,

Federal Register Liaison Officer.

BILLING CODE 7533-01-P

NUCLEAR REGULATORY COMMISSION

[Docket No. 50-461]

Illinois Power Company, Soyland Power Cooperative; Environmental Assessment and Finding of No Significant Impact

The U.S. Nuclear Regulatory Commission (the Commission) is considering approval of the transfer of Facility Operating License No. NPF-62, to the extent held by Soyland Power Cooperative, for the Clinton Power Station, Unit 1 (CPS), located in DeWitt County, Illinois, and issuance of conforming amendments.

Environmental Assessment

Identification of the Proposed Action

The proposed action would consent to the transfer of the 13.21% minority ownership of the facilities for the Clinton Power Station, Unit No. 1 (CPS) from Soyland Power Cooperative (Soyland) to Illinova Power Marketing, Inc. (IPMI), the unregulated power marketing affiliate of Illinois Power Company (Illinois Power), and a wholly owned subsidiary of Illinova Corporation (Illinova) and approve the issuance of conforming amendments to the licensee.

The proposed action is in accordance with Illinois Power's request for approval dated October 17, 1996.

The Need for the Proposed Action

The proposed action is required to obtain the necessary consent to the transfer of the license and approval of amendments discussed above. Soyland is a minority owner of CPS with an ownership share of 13.21%. Due to severe financial difficulties arising in large part because of its CPS-related

debt, Soyland has been forced to seek significant refinancing of its outstanding obligations. As a condition precedent to said refinancing, the U.S. Department of Agriculture, acting through the Administrator of the Rural Utilities Services, required Soyland to completely divest itself of any ownership of, or responsibility for, CPS. As a result, Soyland and Illinova entered into an agreement wherein Illinova assumed full financial responsibility for Soyland's CPS obligations as of September 1, 1996, and Soyland agreed to transfer its entire ownership interest in CPS to Illinova, subject to receipt of all necessary regulatory approvals.

Environmental Impacts of the Proposed Action

The Commission has reviewed the proposed action and concludes that there will be no changes to the facility or its operation as a result of the proposed action. Accordingly, the NRC staff concludes that there are no significant radiological environmental impacts associated with the proposed action.

With regard to potential nonradiological impacts, the proposed action does not affect nonradiological plant effluents and has no other environmental impact. Accordingly, the NRC staff concludes that there are no significant nonradiological environmental impacts associated with the proposed action.

Alternatives to the Proposed Action

As an alternative to the proposed action, the staff considered denial of the proposed action. Denial of the application would result in no change in current environmental impacts. The environmental impacts of the proposed action and the alternative action are similar.

Alternative Use of Resources

This action does not involve the use of any resources not previously considered in the Final Environmental Statement for the Clinton Power Station, Unit 1, documented in NUREG-0854.

Agencies and Persons Consulted

In accordance with its stated policy, on October 30, 1996, the staff consulted with the Illinois state official of the Illinois Department of Nuclear Safety, regarding the environmental impact of the proposed action. The state official had no comments.

Finding of No Significant Impact

Based upon the environmental assessment, the Commission concludes

that the proposed action will not have a significant effect on the quality of the human environment. Accordingly, the Commission has determined not to prepare an environmental impact statement for the proposed action.

For further details with respect to the proposed action, see the Illinois Power submittal dated October 17, 1996, which is available for public inspection at the Commission's Public Document Room, the Gelman Building, 2120 L Street, NW., Washington, DC and at the local public document room located at the Vespasian Warner Public Library, 120 West Johnson Street, Clinton, Illinois.

Dated at Rockville, Maryland this 13th day of November 1996.

For the Nuclear Regulatory Commission.

Jon B. Hopkins,

Acting Director, Project Directorate III-3, Division of Reactor Projects—III/IV, Office of Nuclear Reactor Regulation.

[FR Doc. 96-29585 Filed 11-18-96; 8:45 am]

BILLING CODE 7590-01-P

[Docket Nos. 50-445 and 50-446]

Texas Utilities Electric Company; Comanche Peak Steam Electric Station, Units 1 and 2, Environmental Assessment and Finding of No Significant Impact

The U.S. Nuclear Regulatory Commission (the Commission) under 10 CFR 50.80, is considering approval of an application regarding the corporate restructuring of the holding company for Texas Utilities Electric Company (TUE, the licensee), holder of Facility Operating License Nos. NPF-87 and NPF-89, for the Comanche Peak Steam Electric Station (CPSES), Units 1 and 2, located in Somervell County, Texas.

Environmental Assessment

Identification of the Proposed Action

The proposed action would consent, by issuance of an order, to the corporate restructuring of Texas Utilities Company (TUC) to facilitate the acquisition of ENSERCH Corporation (ENSERCH), which is a company engaged in natural gas and oil exploration and production, natural gas pipeline gathering, processing and marketing, and natural gas distribution and power generation. TUC's acquisition of ENSERCH will be accomplished through the following merger transactions: (1) The formation of a new Texas Corporation, TUC Holding Company, and two new subsidiaries of TUC Holding Company (i.e., TUC Merger Corporation and Enserch Merger Corporation); (2) the merger of TUC Merger Corporation with
