

EPA identifies sites that appear to present a significant risk to public health, welfare, or the environment and it maintains the NPL as the list of those sites. In accordance with NCP § 300.425(e)(3), any site deleted from the NPL remains eligible for Fund-financed remedial actions in the unlikely event that conditions at the site warrant such action in the future. Deletion of a site from the NPL does not affect responsible party liability or impede agency efforts to recover costs associated with response efforts.

RIN 3090–AF98

Federal Travel Regulation; Maximum Per Diem Rates

AGENCY: Office of Governmentwide Policy, GSA.

ACTION: Final rule.

SUMMARY: An analysis of lodging and meal cost survey data reveals that the listing of maximum per diem rates for locations within the continental United States (CONUS) should be undated to provide for the reimbursement of Federal employees' expenses covered by per diem. This final rule increases the standard CONUS maximum per diem rate from \$66 to \$80, which represents a \$10 increase in the maximum lodging amount, and a \$4 increase in the meals and incidental expenses (M&IE) rate. This rule also increases/decreases the maximum lodging and M&IE amounts in certain existing per diem localities; removes the \$26 M&IE rate. This rule also adds one additional M&IE rate of \$42 for certain per diem localities; and adds new per diem localities, deletes a number of previously designated per diem localities because of the increased lodging amount in the standard CONUS rate, and changes the table in § 301–7.12(a)(2)(i) to reflect the additional M&IE rate of \$42 for use when making deductions from meals furnished an employee without charge or at a nominal cost by the Federal Government.

DATES: This final rule is effective on January 1, 1997, and applies for travel performed on or after January 1, 1997.

FOR FURTHER INFORMATION CONTACT: Joddy P. Garner, Travel and Transportation Management Policy Division (MTT), Washington, DC 20405, telephone 202–501–1538.

SUPPLEMENTARY INFORMATION: The General Services Administration has determined that this rule is not a significant regulatory action for the purposes of Executive Order 12866 of September 30, 1993. This final rule is not required to be published in the Federal Register for notice and comment. Therefore, the Regulatory Flexibility Act does not apply. This rule also is exempt from congressional review prescribed under 5 U.S.C. 801 since it relates solely to agency management and personnel.

The M&IE rate shown in column (b) is a fixed amount allowed for meals and incidental expenses covered by per diem. Seasonal rates apply during the periods indicated.

* Denotes independent cities.

¹ Unless otherwise specified, the per diem locality is defined as "all locations within, or entirely surrounded by, the corporate limits of the key city, including independent entities located within those boundaries."

² Per diem localities with county definitions shall include "all locations within, or entirely surrounded by, the corporate limits of the key city as well as the boundaries of the listed counties, including independent entities located within the boundaries of the key city and the listed counties."

³ Military installations or Government-related facilities (whether or not specifically named) that are located partially within the city or county boundary shall include "all locations that are geographically part of the military installation or Government-related facility, even though part(s) of such activities may be located outside the defined per diem locality."

⁴Federal agencies may submit a request to GSA for review of the costs covered by per diem in a particular city or area where the standard CONUS rate applies when travel to that location is repetitive or on a continuing basis and travelers' experiences indicate that the prescribed rate is inadequate. Other per diem localities listed in this appendix will be reviewed on an annual basis by GSA to determine whether rates are adequate. Requests for per diem rate adjustments shall be submitted by the agency headquarters office to the General Services Administration, Office of Governmentwide Policy, Attn: Travel and Transportation Management Policy Division (MTT), Washington, DC 20405. Agencies should designate an individual responsible for reviewing, coordinating, and submitting to GSA any requests from bureaus or subagencies. Requests for rate adjustments shall include a city designation, a description of the surrounding location involved (county or other defined area), and a recommended rate supported by a statement explaining the circumstances that cause the existing rate to be inadequate. The request also must contain an estimate of the annual number of trips to the location, the average duration of such trips, and the primary purpose of travel to the locations. Agencies should submit their requests to GSA no later than May 1 in order for a city to be included in the annual review.

AGENCY: Health Care Financing Administration (HCFA), HHS.

ACTION: Correcting amendment.

SUMMARY: This document makes a technical amendment to a Medicaid regulation under 42 CFR 440.40(c) to restore an inadvertent omission of a paragraph designation related to family planning services and supplies for individuals of child-bearing age.

EFFECTIVE DATE: November 10, 1994.

FOR FURTHER INFORMATION CONTACT: Linda Tavener, (410) 786-3838.

SUPPLEMENTARY INFORMATION: On November 10, 1994, we published a final rule in the Federal Register (59 FR 56116) related to Survey, Certification and Enforcement of Skilled Nursing Facilities and Nursing Facilities. In that rule, we inadvertently omitted a heading and reserved designation of § 440.40(c). This paragraph designation must be included to show that family planning services and supplies for individuals of child-bearing age are covered Medicaid services under § 440.40. At the present time, there are no Federal regulations regarding these services but we are reserving this paragraph for future use. The States can define these services as they see appropriate.

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 43

[CC Docket No. 90-337, FCC 96-160]

Regulation of International Accounting Rates

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: On April 9, 1996, the Federal Communications Commission adopted a *Third Report and Order and Order on Reconsideration* ("Order") that establishes standards for reporting when a carrier interconnects an international private line to the U.S. Public Switched

Network (PSN). With this Order we require that any carrier that interconnects an international private line to the PSN at the central office report on an annual basis its arrangements for such interconnection. However, we require these carriers to fulfill their § 43.15 notification requirements by filing only information on the country of origin, and number and type of private lines interconnected for each customer during the reporting period. This decision reaffirms our longstanding policy of allowing end users to interconnect their international private lines to the public switched network for their own use, while enabling us to better monitor the effects of our resale rules.

In taking this action, the Commission's objective is to enhance its ability to monitor and assess the impact of end user interconnections on our international settlements policy, and to enhance the ability of the Commission and interested parties to monitor for unauthorized private line resale, while being sensitive to end users' reluctance to disclose commercially sensitive or proprietary information.

EFFECTIVE DATE: This rule is effective December 23, 1996, except § 43.51(d) which contains new information collections which will not become effective until approval by Office of Management and Budget (OMB). The Commission will publish a document in the Federal Register at a later date establishing the effective date.
