

*Alternative 5: Stephens' Kangaroo Rat Habitat Conservation Plan Fee Area Alternative.* This alternative involves development of the Potrero Creek and Beaumont Gateway sites according to approved land uses in the respective Specific Plans. In contrast to preparing and implementing a separate Multiple Species Habitat Conservation Plan as proposed, the Potrero Creek and Beaumont Gateway projects would use existing provisions in the "Habitat Conservation Plan for the Stephens' Kangaroo Rat in Western Riverside County" for the authorization of incidental take. Under this alternative Lockheed would be responsible for acquiring a 1:1 ratio of occupied Stephens' kangaroo rat habitat within the plan area boundary of the "Habitat Conservation Plan for the Stephens' Kangaroo Rat in Western Riverside County."

*Alternative 6: Reduced Stephens' Kangaroo Rat Mitigation Fee Alternative.* This alternative involves development of the Potrero Creek and Beaumont Gateway sites according to approved land uses in the respective Specific Plans, in concert with implementation of the Multiple Species Habitat Conservation Plan. Under this alternative the Multiple Species Habitat Conservation Plan would propose the contribution of a \$500 per acre fee, for a total of \$1,775,150, to the Riverside County Habitat Conservation Agency instead of the currently proposed \$1950 per acre contribution.

*Alternative 7: No Project.* Under this alternative, no incidental take permit would be issued.

Environmental review of the Multiple Species Habitat Conservation Plan will be conducted in accordance with the requirements of the 1969 National Environmental Policy Act, as amended (42 U.S.C. 4321 et seq.), National Environmental Policy Act regulations (40 CFR parts 1500-1508), other appropriate regulations, and Service procedures for compliance with those regulations. This notice is being furnished in accordance with section 1501.7 of the National Environmental Policy Act to obtain suggestions and information from other agencies and the public on the scope of issues to be addressed in the Environmental Impact Statement.
