**Niagara Mohawk Power Corporation;
Notice of Availability of Draft
Environmental Assessment**

November 20, 1996.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission's) regulations, 18 CFR Part 380 (Order No. 486, 52 FR 47897), the Office of Hydropower Licensing has reviewed the application for a new license for the School Street Project located in Albany and Saratoga counties, New York, and has prepared a Draft Environmental Assessment (DEA) for the project. In the DEA, the Commission's staff has analyzed the potential environmental impacts of the existing project and has concluded that approval of the project, with appropriate environmental

protection or enhancement measures, would not constitute a major federal action significantly affecting the equality of the human environment.

Copies of the DEA are available for review in the Public Reference and Files Maintenance Branch, Room 2A of the Commission's offices at 888 First Street, N.E., Washington, D.C. 20426.

Any comments should be filed within 45 days from the date of this notice and should be addressed to Lois D.
